world's finest child trailers

BURLEY HAS BEEN BUILDING THE HIGHEST QUALITY family cycling products in the world for nearly 30 years. Our testing and safety standards are the most rigorous in the industry, and our designs provide the highest level of child comfort in an aerodynamic and lightweight trailer.

Often imitated, but never duplicated, Burley is unequaled because of the specific safety, design, and comfort features of each trailer in the Burley family.

All Burley Trailers exceed the American Society for Testing and Materials Safety Requirements. In fact, Burley helped create these safety standards. Burley's in-house testing protocols are the toughest in the industry, purely for the safety of the children riding in our trailers.

Our trailers are all made from lightweight aluminum tubing and covered with a stain, and mildew resistant, water repelling polyester. The geometry of each trailer is specifically tuned to reduce the weight on the connecting hitch, while at the same time providing an even balance point over the trailer wheels. This minimizes the load on the bicycle to maximize handling and ensure an extremely stable and secure ride.

THE STYLISH DESIGNS are also functional with large windows, a comfortable suspended hammock-style seat that minimizes the bumps in the road, and a generous storage compartment to enable you to do it all — enjoy time with family, exercise, and run errands all at the same time.

Burley trailers also store easily with a quick fold feature and easy-to-remove wheels. You can store it in a garage, hang it indoors, or put it easily into the trunk of a car. With easy-to-use jogger or stroller accessories, Burley trailers can convert for a run, a stroll in the park, or a cycling adventure.

AS THE MOST trusted name in child trailers the world-over, we are confident that while your children are enjoying the fun and comfort of a Burley trailer, you'll appreciate the peace of mind that comes from knowing they're riding in the safest, most reliable, and best performing bicycle trailer in the market.

the
safest

and strongest trailers on the road

WHEN IT COMES to your child's safety, there are no compromises. At Burley, safety and innovative design are our highest priorities. Burley trailers meet and exceed the toughest standards in the world. No other trailers match them.

- **Generous headroom for comfort and safety**
- **Roll cage**
- **All metal frame construction**
- **Aluminum hinges (no plastic)**
- **Rear storage area also protects against a rear impact**
- **Your precious cargo sits in the center of the trailer**
- **d'Lite™ and Lady Bug include aluminum side batons for extra strength and safety**

Burley's testing includes 500,000 cycles on a push-pull test, over 69,000 bumps on a high-rpm drum thrasher, a 100 pound drop impact test, and a 300 pound crush test. Our trailers pass these tests with flying colors.

world acclaim

In 2005, the German automobile club, ADAC, announced that of the bicycle trailers they tested (including trailers from Denmark, the Netherlands, the U.S., Canada, and Germany) the Burley Cub™ was the only trailer that earned the ADAC status of "highly recommended."
(Testing chief, Dr. Martin Rempfer www.adac.de/tests 4/1/05)

At Burley we don't just design products for children – we design them for OUR children.

Second to safety comes comfort.

Large windows

Comfy suspended seats

Large interior space

Balance point over wheel

Reduces the weight on the bike and provides a smoother ride for the passenger.

Hitch positioned for superior tracking

d'lite™

THE HIGHEST QUALITY TRAILER ON THE ROAD, the **d'Lite**™ features the ultimate in comfort and safety for your children. A soft, pliable seat with removable cushion and passive suspension protect against even the biggest bumps in the road. A roomy interior space and large windows give plenty of capacity for growing children. The large rear storage compartment makes it possible to run car-free errands. The d'Lite™ easily attaches to the optional Stroller or Jogger Kit for use wherever you and your family want to go.

solo™

ALL THE SAME FEATURES AS THE d'LITE™ in a more compact, single-child design. This narrower, lighter trailer is perfect for single-child families with an active lifestyle. With optional accessories, you can walk it, jog it, or tow it behind your bike.

d'Lite™ with Jogger Kit **Solo™ with Stroller Kit**

lady bug

Lady Bug with Jogger Kit

YOUR CHILDREN WILL BEG to ride in this adorable trailer. The **Lady Bug** is not only attractive and unique, it is loaded with all of the safety and comfort features found in a d'Lite™. Fully compatible with Burley Stroller and Jogger Kits, you and your children can enjoy an unlimited variety of healthy and fun activities.

euro d'lite

BUILT TO MEET the most rigorous European standards, the **Euro d'Lite** offers the highest level of comfort for your child in a lightweight trailer that not only withstands a 300-pound crushing force, but also has added headroom and roll-over clearance. Designed for the ultimate in safety on the road, this trailer is also compatible with Stroller and Jogger accessories.

Euro d'Lite folded

encore™

A TRAILER FOR PARENTS who are concerned about safety and durability, but are also cost-conscious. The **Encore**™ has all of the safety features and is made from the same durable fabric as the d'Lite™.

cub™

THE BURLEY CUB has the largest interior of all of our trailers, and is the choice of commercial tour and rental companies and families with active kids. A durable plastic bottom shell coupled with a suspension system creates a smooth, quiet ride in a trailer that is virtually indestructible. Like all Burley trailers, the **Cub**™ folds easily for storage or transport in a car.

bee™

WITH A FULL ROLL CAGE, five-point harnesses and enough storage for two full grocery bags, the **Bee**™ is the right choice for families on a budget. With Burley, you know that you won't be sacrificing safety, and with the Bee's front mesh screen and comfy suspended seats, you and your children will always enjoy the ride.

nomad™

shown with optional cargo rack

THE PERFECT TRAILER FOR TOURING or running errands around town. The lightweight, sturdy aluminum frame attaches quickly and easily to your bike. The two-wheel design ensures upright stability, and the large carrying capacity allows you to easily transport camping gear or groceries.

flatbed™

BRING THE COOLER and leave your SUV at home! The Burley **Flatbed**™ enables you to haul just about anything — from artwork to recycled computer monitors, we've seen it all!

jogger

DESIGNED FOR COMFORT and ergonomics, the Burley **Jogger** has an easily adjustable handlebar, plenty of accessible storage, and an adjustable sunscreen with a large top window for visibility. Your child will always remain comfortable with a breathable and padded reclining seat and rear suspension system. The large reflective side panels increase visibility at night.

tail wagon™

DESIGNED SPECIFICALLY FOR PETS, the Burley **Tail Wagon**™ is the perfect way to transport your animal companions. Lightweight and built for durability, the trailer has vented sides. Recommended for pets under 50 pounds.

whatever
your adventure

PHOTOS THIS PAGE COURTESY **THE FAMILY ADVENTURE PROJECT**

You can find Burley trailers around the world. Known for unparalleled durability, cyclists have taken Burleys on adventures through almost every country and every climate imaginable. Whether it's a trip to day care, or 20,000 miles through Europe and Asia, Burley is ready for the adventure.

trailer accessories

jogger kit

Great fun for families on the run. The Burley Jogger Kit comes with a 16-inch wheel and handbrake which quickly converts most Burley trailers into an easily maneuverable jogger.

stroller kit

The Burley Stroller Kit easily converts most Burley trailers into a stable, sturdy stroller with the simple turn of a knob. Once installed, the Stroller is always with you when you're biking, and you're always ready to walk or roll!

nomad cargo rack

Trailer already full? Take it all by adding the Nomad Cargo Rack, a sturdy aluminum rack that fits on top of the Nomad trailer.

nomad carry bag

This custom designed carry bag fits your folded Nomad and your gear. Perfect for the traveler or commuter. Wheel bag included.

alternative hitch

For bikes with unique rear drop outs, we offer the Alternative Hitch. Specially engineered for performance, strength, ease of use and versatility, the Alternative Hitch is available in both the standard design for quick-release rear wheels, or in a configuration for nutted axles.

classic hitch

Burley's patented pivoting hitch designed for easy attachment to most traditional bikes.

storage cover

Keep your trailer nice and neat when not in use. Fits all Burley child trailers.
