

BURLEY®

BURLEY®

At Burley, we're really just kids with bigger feet and more responsibilities. Like finding better ways to do what we love. Here, safe is the new cool. We think umbrellas are ridiculous; feeling the rain on our faces makes us feel alive. Curiosity takes us all kinds of crazy places – urban, suburban and beyond. But to us it's not about the destination. It's definitely about the ride.

BURLEY® D'Lite™

We don't do fancy; we do smart, with our top-of-the-line D'Lite trailer. This sleek product is ideal for the avid user or occasional cruiser with great taste. It features a suspension system, UV protected windows, and deluxe padded seating. The ride is seamless for twins, a bag of local produce, or your three-year-old and her favorite invisible friend.

Stroll Bike Ski Jog

BURLEY® Solo™

For the independent souls on the road, we've created the Solo – the one-seater, lighter version of the D'Lite. This trailer protects against all poking and pestering, because your passenger has both windows to himself. It's a guaranteed peaceful way to go from rolling hills to city streets.

Stroll Bike Ski Jog

Your child's **safety** is a heck of a lot more important than any bicycle bling or discount deal you might find elsewhere. That's why every Burley trailer far exceeds the ASTM safety standards we helped set – by more than three times. Our prices reflect our rigorous in-house testing protocols, which are the toughest in the industry.

We're big fans of **functionality**, which is why all of our products boast front-to-back folding. We find this makes us efficient trip packers – leaving us with more room for bicycles, teddy bears, and extra big coolers full of delicious, homemade grub.

BURLEY® Encore™

For unstoppable activity hounds who don't need all the bells and whistles of the D'Lite, this is the perfect fit. The Encore lets you bike, stroll, jog or ski as a family. Your little ones will have a riot in the rain, sun or snow – thanks to an all-weather, zippered cover and adjustable sunshade.

BURLEY® Cub™

The Cub is our extra-durable, European favorite. With its slightly heavier, plastic bucket base, this trailer is the definition of sturdy and is ideal for any terrain. So kick it, get it dirty, have a party inside; it's virtually indestructible. The Cub is even tantrum-proof should your passenger miss his daily nap.

BURLEY® Bee™

The Bee is our most basic trailer, which we love for its simplicity. It's made specifically for those looking to bike on a budget, without sacrificing safety. At only twenty pounds, it is especially forgiving on your calf muscles. The Bee comes with padded, mesh seating, wheel guards and a recessed helmet pocket – and also conveniently doubles as an ice-cream parlor, spaceship or extremely cool fort.

Bike

BURLEY® Honey Bee™

Bike or stroll with gusto in our classic Honey Bee trailer.* Giving you the freedom to see new sights at your own pace, this product provides affordable flexibility. So slip on a pair of sweet shades, and get your co-pilot strapped in. The only thing you'll have to watch out for is a case of wonderfully exhilarating over-stimulation.

*While supplies last.

Stroll Bike

We put our heart and soul into every product we make so you can be sure you're getting the absolute best. All of our child trailers feature **lightweight** aluminum frames, durable, water-repellent fabric, wheel guards, enclosed storage areas, tow bar mounts, reflectors and the highest safety standards.

We've never heard of buyer's remorse. This could be a result of our steadfast customer support and dedication to providing replacement parts in the rare instance they're required. Or maybe it's because Burleys are legendary for retaining their **value**. Regardless, we're proud to report 31 years of zealous riders.

BURLEY® Tail Wagon™

Your furry family members definitely deserve to get in on the Burley action too. Whether you have a go-lucky lab or a brazen little wiener dog, the Tail Wagon can be adjusted to comfortably carry your most loyal companion. Features include a flip-down tailgate for quick loading and a suspended, removable floor for easy cleaning of mud or snow-induced paw prints.

Stroll Bike Ski

BURLEY® Flatbed

Lug virtually anything around in the Burley Flatbed. Hit up estate sales, go on errands, or load up adult drinks for the game. Bulkiness isn't an issue, and adjustable straps promise a secure tote. You can even switch out wheels for skis when the snow falls.

Bike Ski

BURLEY® Nomad™

The Nomad encourages comfortable wanderlust with its large carrying capacity and weatherproof cover. Pack it full of camping gear, picnic supplies, or a kite on a windy day. In the winter, use our We! Ski Kit to tow extra jackets, firewood or accessories to build the perfect snowman.

Bike Ski

BURLEY® Accessories

Safety Flag
The safety flag is a Burley staple and comes standard on all trailers except the Flatbed. Extras available in 6ft heights.

Trailer Cover
Fits all Burley child and pet trailers.

Jogger Kit
Switch freely between towing and jogging.

Stroller Kit
Go from biking to strolling with the flip of a wheel.

Classic Hitch
Burley's patented pivoting hitch is designed for easy attachment to most traditional bikes. Works with breezer-style dropouts but not with disc brakes or full suspension.

Standard Forged Hitch
Included with all Burley trailers, the Standard Forged Hitch is made of forged aluminum and fits both QR and nutted axle bikes.

All Burley Child Trailers Include:

- **Designed and tested to exceed ASTM F1975-09 standards**
- **Anodized aluminum frame tubes and hinges**
- **Forged alloy hitch**
- **Wheel guards**
- **600D polyester cover and seat fabric**
- **Front-to-rear, fold-flat design**
- **Easy-glide, retractable tow bar for strolling** (except Bee)
- **Safety flag**
- **Interior pocket**(s)
- **Large, enclosed storage area**
- **Helmet pocket**

Handlebar Console
Store water bottles, snacks, keys and more in our Handlebar Console. Fits all stroller and jogger-compatible child trailers.

WE! SKI™ Kit
Convert your Burley bicycle trailer into a ski trailer with an adult harness system, whether you're wearing skis or snowshoes. Even compatible with the Nomad and Flatbed.

Baby Snuggler
Recommended for babies 3-12 months, the Baby Snuggler is made for strolling and jogging. It's machine washable, features a lumbar support pad for your infant's back, and has thick, side padding for comfort and support.
