Cane Creek
Drop-V Road Brake Lever Instructions

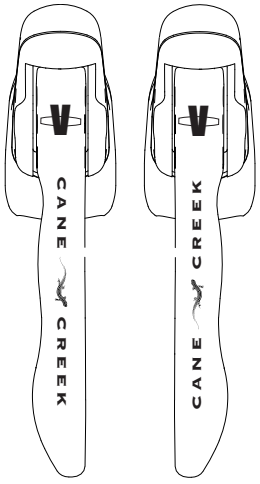

Fig. 1 - Install the brake lever onto the handlebar and depress the lever arm to access the internal mounting bolt.

Tighten the mounting bolt to 6-8 Nm (52-69 in-lbs).

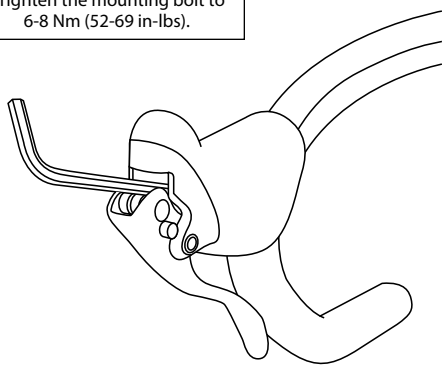

Fig. 2a

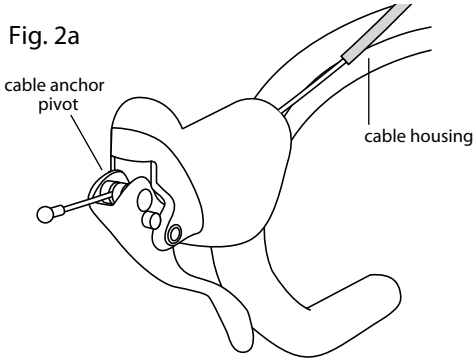

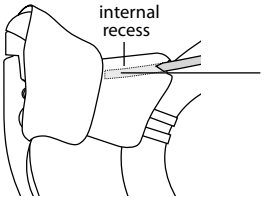

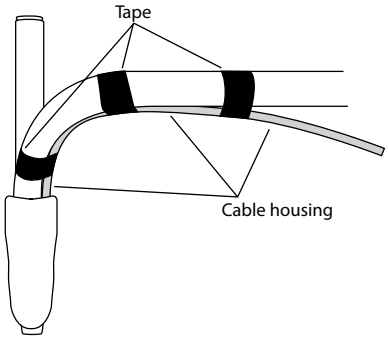

Fig. 2b - Cable Housing Installation

Verify that the cable housing has been fully inserted and properly seated against the internal recess.

Fig. 3 - Secure the cable housing to the handlebar with electrical tape or a similar material.

3a - Wrap the handlebars with grip tape and install/adjust the brake caliper per the manufacturer's instructions.

Fig. 4a - For normal riding, press the cable QR pin fully towards the handlebar stem.

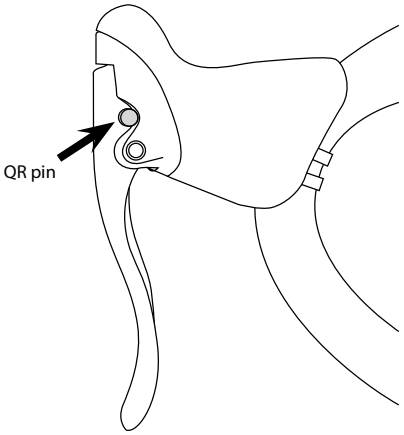

Fig. 4b - To reduce cable tension on the brake caliper for wheel removal, etc., press the cable QR pin fully AWAY from the handlebar stem.

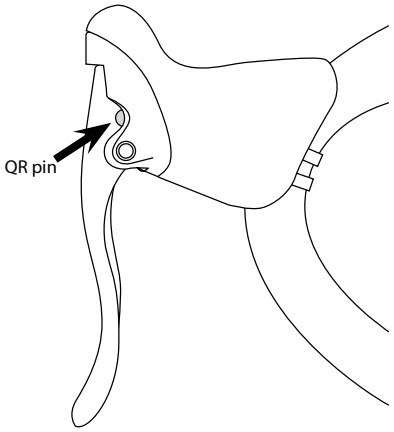

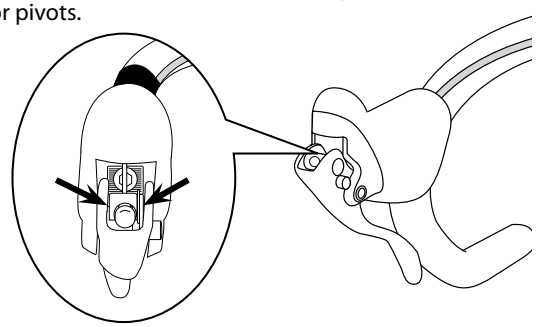

Fig. 5 - To maintain the smooth operation and reduce noise during brake lever operation, periodically lubricate the cable anchor pivots.

IMPORTANT: Cane Creek's Drop-V road brake levers are not designed to work with side-pull, center-pull, or cantilever brake calipers. Only linear-pull brake calipers designed for mountain, touring, or cyclocross riding can be used with this product.

WARNING: Modern bicycle brakes have considerable stopping power. Practice using your Drop-V brake levers on level terrain at slow speeds before normal use. It is your responsibility to learn and understand proper braking techniques!

NOTICE: Consult your local Cane Creek dealer if you are unsure about the installation or adjustment of your Drop-V brake levers. Cane Creek Cycling Components is not liable for damage or injury as a result of improper installation or use.

WARRANTY: Cane Creek Cycling Components warrants its bicycle products for a period of 2 years from the original date of purchase. Any product that is found to be defective in materials or workmanship will be repaired or replaced at the discretion of Cane Creek. This warranty applies to the original owner only. This warranty does not cover damage or failure resulting from misuse, abuse, alteration, neglect, wear and tear, crash or impact, lack of maintenance or other conditions judged by Cane Creek to be abnormal, excessive, or improper. It is mandatory that a Return Authorization Number (RA#) be obtained by calling Cane Creek before any product is returned. Additionally, a dated Proof of Purchase must accompany the product when returned.
