CANE CREEK

BASE TUNES

If your DBcoil or DBair came with your bike, you will have a Base Tune sticker as a part of your Owner's Pack. You can also get your Base Tune at canecreek.com. This is your starting point.

If you purchased your shock separately, the DBcoil and DBair are preset from the factory with the following neutral settings. Use the Tuning Field Guide provided to establish your Base Tune.

Factory Neutral Base Tune

CURRENT SET UP FOR YOUR SHOCK [SET FROM FULLY OPEN]

RECOMMENDED SAG 28-33%

HSC [HIGH SPEED COMPRESSION]

LSC [LOW SPEED COMPRESSION]

HSR [HIGH SPEED REBOUND]

LSR [LOW SPEED REBOUND]
