

HAND CRAFTED CYCLES MANUFACTURED IN STRATFORD-UPON-AVON ENGLAND

Pashley

From the moment William 'Rath' Pashley founded the company over 80 years ago, Pashley has embraced the needs and aspirations of its customers and translated these into what has become a unique range of cycles.

CLASSIC COLLECTION

CONTEMPORARY RANGE

SPECIFICATIONS & ACCESSORIES

Today, our designers continue to create cycles that have a style and function unlike any others. New designs are placed in the capable hands of our time-served manufacturing team, who painstakingly hand build all Pashley cycles here in Stratford-upon-Avon.

It is this commitment, attention to detail and hand built quality that has earned Pashley its enviable position as Britain's most exclusive cycle manufacturer, with sales to discerning customers in over 50 countries.

So whatever your need ... be it fun or performance, modern or traditional style, Pashley cycles offer an originality and individuality that sets them apart from all others. Cycles designed to suit your way of life, to perform beyond expectation ... and simply to give pleasure.

At Pashley we say our cycles are 'different by design ... distinctive by nature'. We hope you agree and enjoy the experience.

PRINCESS SOVEREIGN

The quintessential English town and country bicycle with timeless traditional looks and impeccable build quality. Combine these features with reliable modern componentry and you have an unrivalled two wheeled experience that will stand the test of time.

The Princess Sovereign features a traditionally lugged and brazed hand built frame, 5 speed Sturmey Archer hub gears and fully enclosed hub brakes.

FEATURES

The fully fitted rear skirt guard integrates with the enamelled mudguards to provide all season practicality and comfort. The fitted rear lock secures the bike with the push of a lever giving security and peace of mind without the need to carry a separate bike lock.

The front wicker basket sits on its own headset mounted carrier and offers both versitile load carrying capability and traditional style. The fully fitted lighting set offers added safety with a dynamo operated headlamp and a high visibility rear LED lamp.

PRINCESS CLASSIC

A design that has stood the test of time and continues to impress with its classic virtues of traditional quality and style.

Whether shopping or simply taking in the air, the handbuilt quality and reliable componentry enhances the pleasure of riding and owning this cycle.

The Princess Classic features a traditionally lugged and brazed hand built frame, 3 speed Sturmey Archer hub gears and fully enclosed hub brakes.

FEATURES

The Princess Classic features a fully enclosed chaincase to protect you and your bike from unwanted grease and grime. This helps reduce wear and tear on the chain and decreases the amount of maintenance that your bike will require.

A bike of such quality can only be fitted with a Brooks saddle. Made in England from the finest materials the Brooks saddle continues to be the Rolls-Royce of saddles. The leather upper allows the saddle to breathe and over time forms to your shape giving a supremely comfortable ride.

SONNET PURE

The Sonnet ladies cycles have the same striking features as the much loved and admired Pashley Princess but come with a splash of colour to brighten up your day.

Both models shine with their Ivory coloured frames and Claret or Midnight Blue highlights.

The Sonnet Pure features a traditionally lugged and brazed hand built frame, 3 speed Sturmey Archer hub gears and fully enclosed hub brakes.

FEATURES

The added class of the Sonnet comes from its beautifully painted components. It features gold-lined mudguards and a lightweight metal chainguard, protecting you from the chain while keeping a clean appearance.

All Princess and Sonnet models are equipped with a large natural wicker basket and support frame.

SONNET BLISS

All the colourful beauty of the Sonnet Pure combined with the added luxury of five gears, dynamo lighting and additional accessories produces an elegant cycle that has no issue handling those longer journeys.

Ideal for brightening up your ride in the country.

The Sonnet Pure features a traditionally lugged and brazed hand built frame, 5 speed Sturmey Archer hub gears and fully enclosed hub brakes.

FEATURES

Fitted with a sturdy rear carrier, the Sonnet Bliss is ready for those longer journeys or trips to the shop. Add a childseat, bag or basket in an instant - see accessories page.

The integrated rear wheel lock means that you can secure your cycle in seconds at the push of a lever.

Like the Princess Sovereign, the Sonnet Bliss is equipped Schwalbe SmartGuard puncture resistant tyres and a genuine ESGE propstand for ease of parking.

ROADSTER

The 'King of the Road', this imposing bicycle provides an unsurpassed ride due to its large 28 inch wheels and regal riding position.

This beautiful machine transports the rider to a more relaxed age using the finest handbuilt quality and materials.

The Roadster Classic features a traditionally lugged and brazed hand built frame, 28 inch wheels with 3 speed Sturmey Archer hub gears and fully enclosed hub brakes. Roadster Sovereign model available with 5 speed hub gears, please see specification for details.

FEATURES

The Roadster features an integrated stand that quickly folds down to provide a sturdy base for such a fine machine.
A fully enclosed chaincase is also fitted to provide clean ease of use and reduce wear and tear on the chain and gears.

The Roadster also comes in a double top tube version for the taller gent. With a frame size of 24·5 inches this superbly crafted machine will suit an inside leg of 35 inches upwards and give the rider the stability and control only a double top tube can provide.

Packton

GUV'NOR

The style and elegance of the 1930s Pashley Path Racer has returned with the Guv'nor. True to its heritage, the Guv'nor is built with relaxed geometry using the legendary Reynolds '531' butted cycle tubing. Guv'nor rules the classic bicycle renaissance.

FEATURES

The Guv'nor features the finest components carefully selected to achieve perfect authenticity. From its gold-lined Westwood rims and cream tires to its Brooks B17 'Champion Special' leather saddle, it retains its distinctive 1930s style in every detail.

The pedals are classic alloy track type pedals with enough grip for use with or without toe-clips and straps.

It wouldn't be a Path Racer without the North Road drop style handlebars. We've fitted these beautiful swept bars with Pashley's own handmade leather grips for both style and comfort.

The Guv'nor features a traditionally lugged and brazed Reynolds 531 frame, single speed gear, 28 inch wheels and Sturmey Archer drum brakes.
Sturmey Archer 'AW' 3 speed models are also available, see specification for details.

PHANTOM ROADSTER

Pashley celebrate eighty years of bicycle manufacture in England with a limited edition of eighty classic Phantom Roadsters.

This traditional framed cycle has been hand polished and fully chromed to produce the ultimate luxury machine with a unique eye-catching style. Get used to being noticed.

The Phantom features a fully chromed traditionally lugged and brazed frame, 3 speed hub gears and fully enclosed hub brakes.
Please note production of the Phantom Roadster is strictly limited to 80 bicycles.

FEATURES

The large, traditional-shaped headlamp looks superb while giving you the security of modern technology to light your way. To ensure you don't go unnoticed on the road, we've also included an LED tail light and a chrome ding-dong bell to announce your grand arrival.

There's no question you're riding in luxury with the Phantom's Brooks B33 saddle. The stranded rear coils and large front loop combined with a natural leather saddle ensure that your ride will be smooth as silk.

PARAMOUNT

Take our timeless double loop frame built to the finest quality, add modern componentry and you have the last word in practicality and style.

Equally at home on the open road as on city streets, this modern classic provides a refreshing alternative to the ubiquitous mountain bike.

The Paramount features a multi-tubed design frame, 5 speed hub gears and fully enclosed hub brakes.

FEATURES

Paramount and Provence models feature unique twin tube frames, giving a comfortable ride and unmistakable style. The design harks back to the paratroop cycles used by the British Army in 1944.

Sturmey Archer alloy drum brakes provide excellent stopping power whatever the weather. In normal use, the brake shoes never need replacing, and the rims and tyres stay clean and free of brake dust.

PROVENCE

This elegant open frame version of the popular Paramount provides the perfect excuse to experience the open road on a supremely comfortable and practical machine.

Revel in its handbuilt charm and you will quickly wonder how you ever lived without such a fine machine.

The Provence features a multi-tubed design frame, 5 speed hub gears and fully enclosed hub brakes.

FEATURES

Modern hub gears provide the perfect match for a classic bikes like the Paramount and Provence. Light shifting and easy to use the five speed gears allow you to enjoy the terrain at your leisure.

To allow you to get a perfect fit, both Paramount and Provence are equipped with an easily adjusted alloy stem. Combined with the naturally curved alloy bar the controls fall perfectly to hand leaving you in full control and ready to enjoy the open road.

PICKLE

A childrens tricycle like no other, this hand made gem captures the spirit of childhood in a timeless and durable package.

What better way for children to enjoy their first wheeled adventures than on a machine that is reassuringly stable and great fun to ride. Made from the finest materials and components this classic tricycle will take everything in its stride giving you and your family many years of happy memories.

The Pickle features a traditionally lugged and brazed steel tricycle frame, single speed freewheel and front alloy caliper brake.

ACCESSORIES

Add extra play value to the Pickle with our special Pickle accessories.

The wicker basket fits easily to the handlebars or the rear frame of the Pickle, and is perfect for those items you just can't bear to leave behind for a moment.

The wicker seat fits to the handlebars and is ideal for that special doll or bear - they'll enjoy the ride too.

PICADOR

Enjoy the delights of cycling with the safety and stability that only a tricycle can provide.

Our unique adults tricycle provides all these things and more; whether shopping in town or enjoying the countryside the Picador provides unsurpassed ease of use and security.

Powerful brakes and easy to use hub gears complement the tricycles' easy manners and hand built quality.

The Picador features a hand made tubular steel tricycle frame, Sturmey Archer 3 speed hub gears and 20 inch alloy wheels.

FEATURES

The Picador features a double front braking system to provide both power and security. This system uses both an easily adjusted caliper side pull brake and a fully enclosed all weather hub brake which act together to give the power that a tricycle needs.

The three speed hub gear system provides both easy shifting low range gears and ease of maintenance. The gears can be changed whilst stationary which allows for the perfect getaway from junctions.

Picador shown with optional front wicker basket >

CONTEMPORARY RANGE

An eclectic mix of wonderful cycles

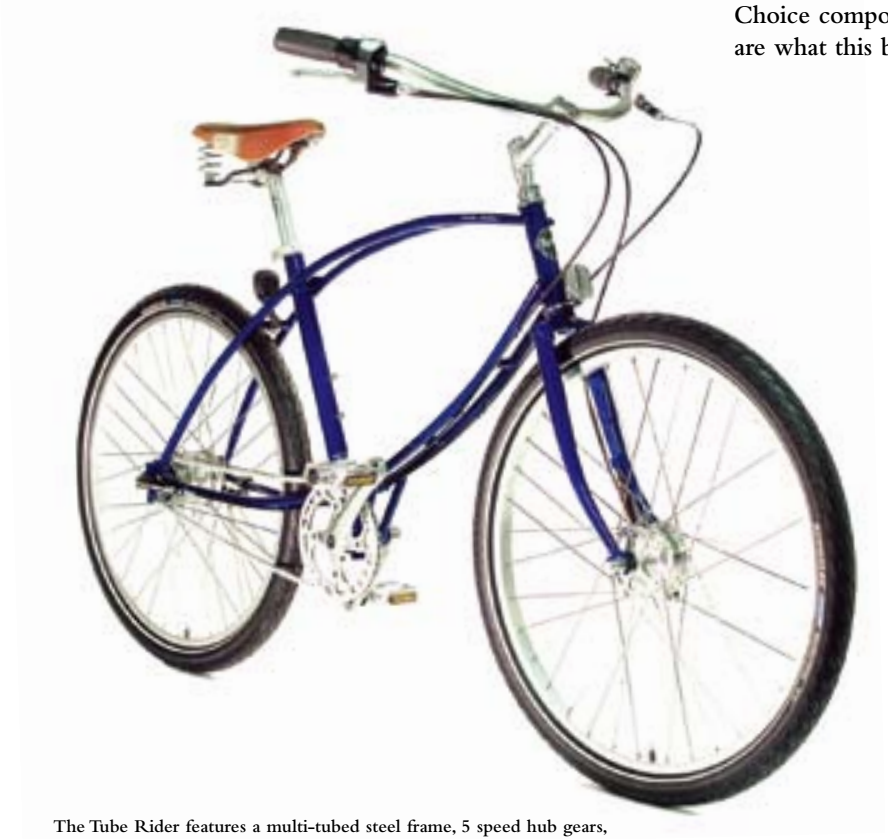

TUBE RIDER

Not a care in the world, not a raindrop in sight, hanging out, cruisin'.

The Tube Rider helps you kick back and go with the flow, life need not be a rush anymore.

Choice components, a relaxed style and the best in hand built quality are what this bicycle is all about ... drift along, ride the tube.

The Tube Rider features a multi-tubed steel frame, 5 speed hub gears, alloy hub brakes and 26 inch alloy wheels.

FEATURES

The Tube Rider features all alloy brake hubs to give you the stopping power you need come rain or shine.
Built on to high quality alloy rims with stainless spokes this wheel combination is built to last.

To get you in the right position for some relaxed cruising, the Tube Rider comes equiped with wide sweeping alloy bars and an all alloy riser stem. Twist grip gear controls and alloy brake levers add to your cycling comfort and enjoyment.

TUBE RIDER

The classic Tube Rider is now available with extra colour - five special edition models with mud-guards and chainguards in contrasting colours.

All the laid-back style of the Tube Rider - with added fun - and surprisingly practical too.

TRI-1

Combining the security of a tricycle with the fun and features of a modern machine this versatile adult tricycle opens up a world of adventure for you and your family.

Powerful brakes and slick shifting gears add to its versatility whilst a folding frame option means a restriction on space need not mean a restriction on your fun.

The Tri-1 features a hand brazed low step through frame, 7 speed derailleur gears and 20 inch alloy wheels.

FEATURES

An adult tricycle like the Tri-1 needs a powerful braking system that provides dependable stopping power time after time. That's why we fit a system that combines the all weather dependability of a hub brake with the bite and power of a V-type rim brake. We believe this is the perfect combination to keep you safe and secure.

The Tri-1 has the option of a folding frame that allows the bike to be quickly hinged to allow easy storage or transportation.

Your cycling need no longer be restricted to your solo steed with our innovative Add-1. Simply hitch the trailer bike to the tow hitch, lock it in place and off you go.

Whether adult or child everyone will enjoy the ride. Cycle together and double the fun.

The Add-1 hitches to the towing bike with a hitch that is secured with a locking device.
With this in place you can be assured that you and your companion can enjoy the ride without any fear of separation. The hitch also pivots to allow easy manoeuvering.
Want to hitch the Add-1 to more than one bike? Easy, we can supply spare tow hitches to make a useful addition to all your bicycles.

The Add-1 features a fully brazed steel frame, 7 speed gears and 20 inch alloy wheels.

The Robin is a chunky, robust tricycle suitable for riders between 4 - 9 years. Built to last and provide endless fun, the Robin comes complete with low fixed gear, full length chaincase, and pedals with toe clips and straps. Practical mag style wheels help protect small hands and are practical to maintain whilst the steering stop assists in control of this chirpy trike.

The Robin is adaptable for special needs users.
Please see our Special Needs leaflet for further information.

PASHLEY - MOULTON

TSR

DYNAMICALLY DIFFERENT

The superb ride performance of the Pashley-Moulton *TSR* takes cycling to a new level. Light and quick like a racing bicycle, strong and durable like a touring bicycle, the *TSR* has a versatility and capability that sets it apart from others. More comfortable, more manoeuverable, with superior ride and acceleration, the *TSR* is both dynamically different and a pleasure to ride. The ultra-stiff spaceframe construction and unique Moulton suspension system - extensively proven in touring, sport, racing, audax and leisure use - give you an unsurpassable experience.

For further details, please ask for our TSR brochure.
