SARACEN

SARACEN

A NEW ERA

Whether you ride for sport or leisure, you'll never ride a tougher mountain bike than a Saracen. Just look at our standard features:

- Shimano 18 speed S.I.S. index shifting gear systems
- Sealed hubs, bottom bracket and headsets
- Shimano Bio-plaxx computer designed elliptical chainset (SR Ovaltech on the Tuff Trax model)
- Hand-butt wheels with 14 gauge stainless steel spokes
- Over-sized nylon-lined brake and gear cables
- Durable epoxy powder coat finish
- Handlebar stem colour matched to frame
- New designer graphics
- Alloy powder-coated bottle cage with bottle
- Extra long micro-adjustable seat pillars
- 2 year frame guarantee against manufacturing defect

Saracen bikes have been tested in more demanding conditions than any other mountain bike, and survived without any mechanical failure. In 1985 Richard and Nick Crane rode Saracen Mountain bikes on their record breaking ascent of Mount Kilimanjaro, setting a world altitude cycling record of 5,895m (19,340').

In 1986 a four man expedition rode across the Andes mountains, including the ascent of the El Misti volcano (5,846m), in the most extreme temperatures in the world.

Now the same reliability is available to you, with a Saracen model to suit everyone.

CONQUEST

The bike that broke the world record... and lovingly handmade in Frame and forks Reynolds 531 ATB Tubing. All components chosen from Shimano Deore XT range, the finest available worldwide. Satin black finish with colour co-ordinated wheel rims, chain rings and handlebars. New shorter wheel-base for more responsive handling. Top of the range - the ultimate mountain bike.

COVER PHOTOGRAPH

Richard and Nick Crane descending Mount Kilimanjaro in 1985 on their Saracen Mountain Bikes.

KILI Elyer

Finest of a fresh generation of Mountain bikes.
Frame handmade in Reynolds 531 ATB Tubing.
Handmade reinforced Uni-Crown forks. Electric Blue Epoxy Powder Coat finish. Components featuring full Shimano Deore group set with S.I.S. indexed gears and Bio Pace elliptical chainset.

Computer designed Elliptical Bio-Pace chainset to improve pedalling efficiency.
Shimano Deore 'U' brake, as fitted to Tuff-Trax and Trekker models.
Shimano Uni-Glide Chain as fitted to all models.

Note new flat bar system in thick wall aluminium tube. Colour-coded swan neck alloy stem.
Deore adjustable reach lever and S.I.S. indexed thumb shifters.

TREKKER

New for 1987.
Frame and re-inforced uni crown forks hand-finished in range cromoly double-butted tubing.
Braking system features Shimano Deore U brake front and rear for ultimate stopping power. Full Shimano Deore group set with S.I.S. indexed gears and Bio Pace chainset. Choice of two Epoxy powder coat finishes - Guards Red or Marie Yellow.
"The best mountain bike for under £400" THE INDEPENDENT newspaper - Sept 1987.

TUFF TRAX

New for 1987.
Saracens quality at an affordable price, with all the key features that have made Saracen the most famous name in this field.
Braking system features Shimano Cantilever front brakes coupled with Shimano Deore 'U' brakes at rear.
Shimano light action S.I.S. indexed gear system with S.I.S.R. Ovoid-tech computer designed elliptical chain set. Choice of two epoxy powder coat finishes Guard Red or Marie Yellow. "Unbeatable value for money."
