COMPATIBILITY WITH FREEWHEEL HUBS FOR SUNTOUR PowerFlo & AP

SUNTOUR

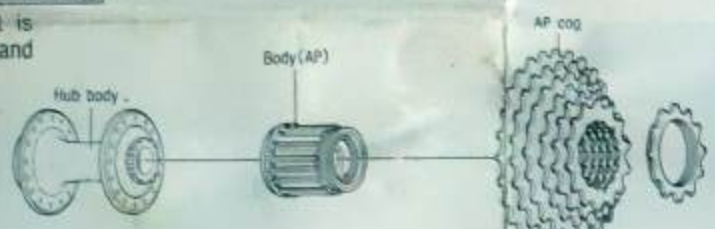

Caution:

- AP cogs are installed with the stamped side toward the low gear. However, PowerFlo should be installed with the stamped side facing toward the top gear.
- Do not use AP and PowerFlo in combination.
- When installing the cog onto a Microlite hub(body), be sure first to extract the press-fitted pin.
- Use the following chains when PowerFlo is in use.
  CH-AP01, CH-AP11, CH-AP15, CH-AP21
  When other chains are used, this would resnlt in chain brakage.

Compatibility with Freewheel Hubs

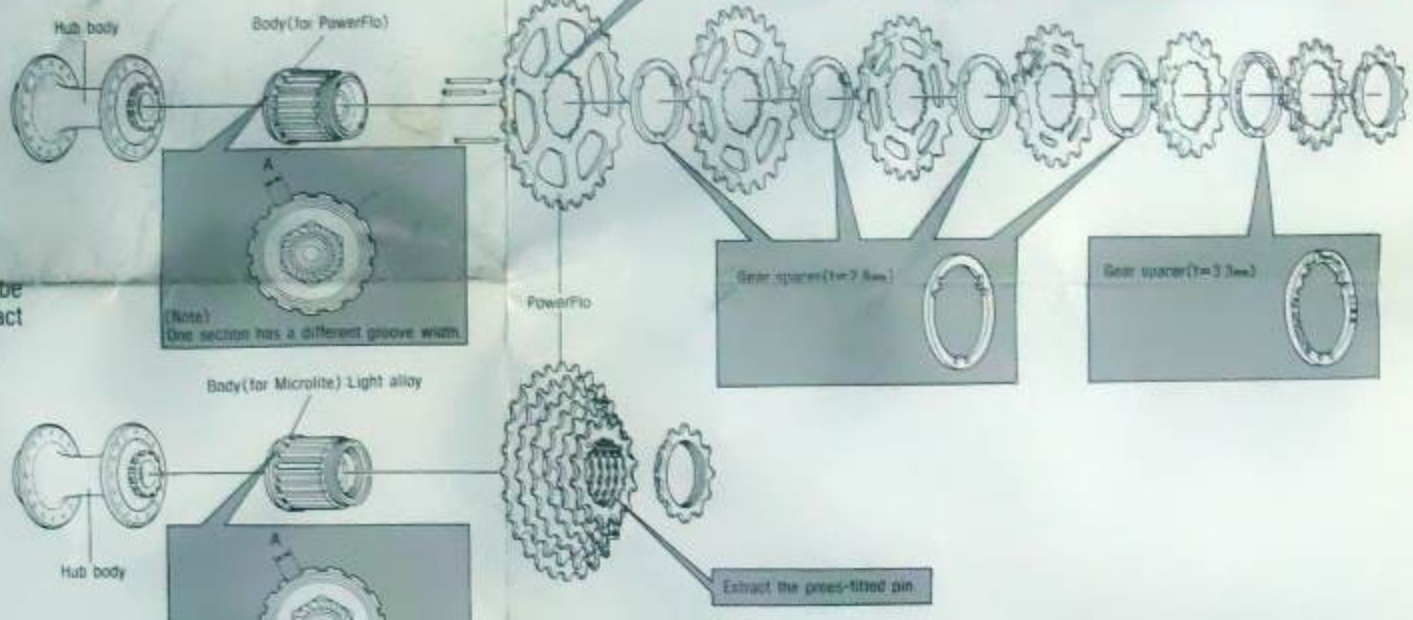

'91 Model Freewheel Hubs

Please note that even though it is possible to use both AP cogs and PowerFlo cogs, in case of PowerFlo cogs it may not be aligned due to the different spline width.

'92 Model Freewheel Hubs

Both AP cogs and PowerFlo can be used. However, for smoother gear changes, PowerFlo are recommended.

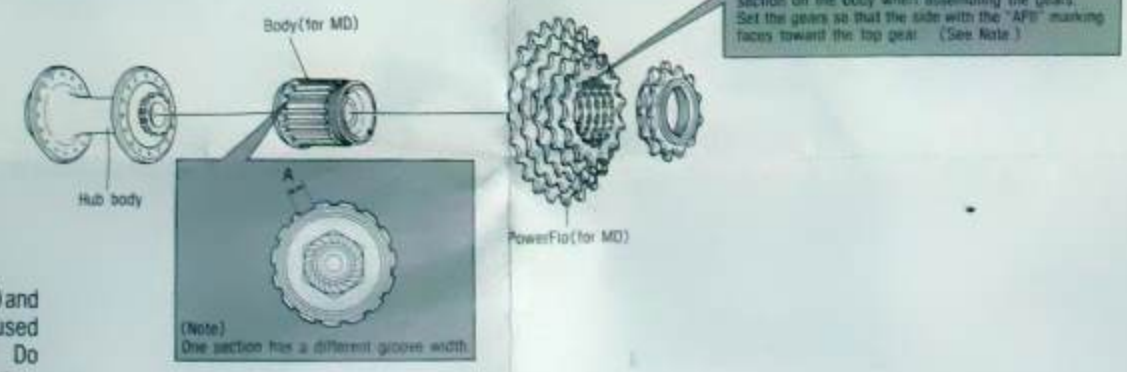

【Microlite】

Both AP cogs and PowerFlocan be used. However, be sure to extract the press-fitted pin before use.

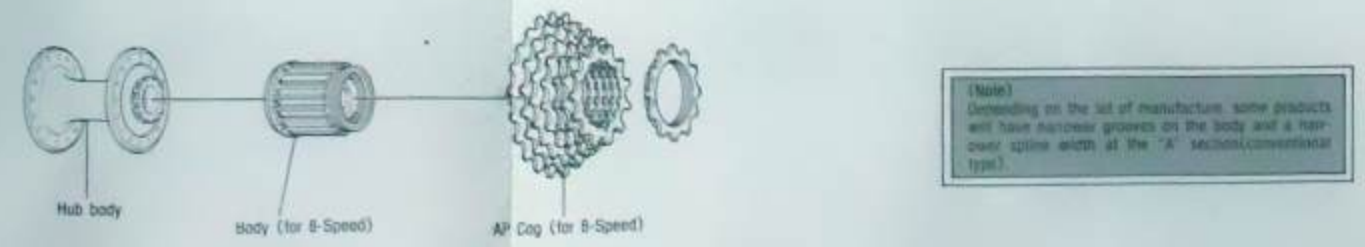

【MD】

The MD freewheel hub(body)and cog are a set and should only be used together,as originally supplied. Do not attemptto use them separately.

【8-Speed】

The 8-Speed freewheel hub(body)and cogare a set and should only be used together,as originally supplied. Do not attempt touse them separately.
