NO BULL STEERING

Dialed . . . that's how steering's gotta be, and Syncros delivers . . . no bull.

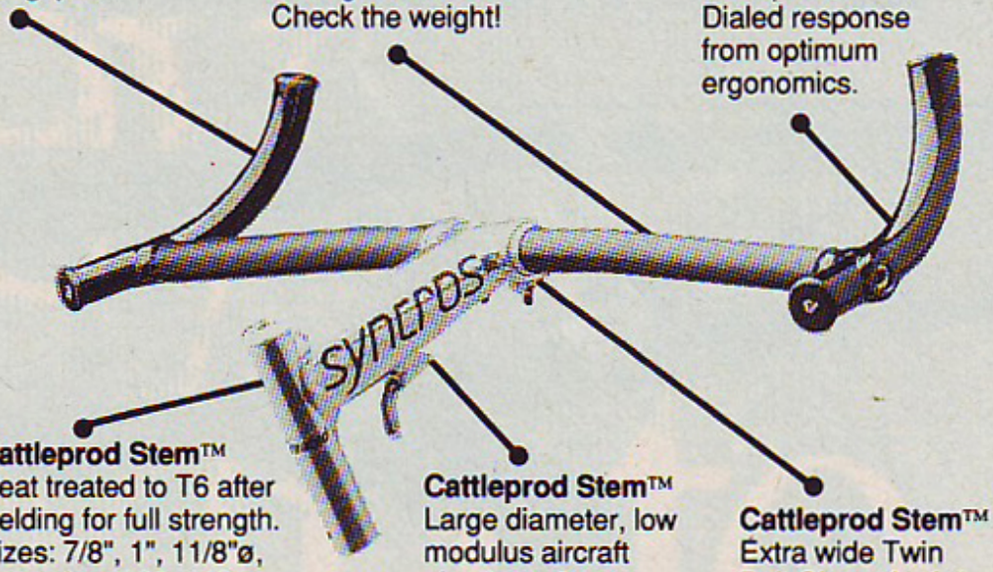

Each Syncros steering component is engineered to give you unparalleled ground feel and fingertip response. The perfect blend of materials and design to lighten your bike and improve performance.

At Syncros we give you the meat not the bone.

Steerhorns ™
The original retro-fit steering grip. Lightweight aluminum, 180g/ pair.

Flatbars™ (5.5°)
Shotgun Bars™ (0°),
195 g. Ultra high strength, low modulus heat treated 7075 T6 aero-space alloy. Strength like steel. Check the weight!

Steerhorns ™
5 hand positions for any terrain. Increased power for climbing and sprints. Dialed response from optimum ergonomics.

Cattleprod Stem™
Heat treated to T6 after welding for full strength. Sizes: 7/8", 1", 11/8"ø, Extension: 120, 140, 150, 160, 170mm Low and High rise. Weight: 250 g.

Cattleprod Stem™
Large diameter, low modulus aircraft aluminum for maximum stiffness and vibration dampening.

Cattleprod Stem™
Extra wide Twin Bolt Clamp for full clamping power and reduced handlebar stress.
