e > Like a rider who cuts through the wind, sprints with the best and climbs like a goat, the LeMond Performance Aluminum Series excels in all regards. Using the latest advancements in forming technology, the multi-shaped tubeset reduces aerodynamic drag yet increases front end stiffness and bottom bracket pedaling efficiency. With double butted tubing throughout, the frame is feather light and provides a supple road feel.

d > Wie ein Fahrer, der die Luft durchschneidet, unter den besten Sprintern ist und wie eine Gemse klettert – die Räder der LeMond Performance Aluminium-Reihe sind perfekte Allround-Könner. Unter Verwendung der neuesten Innovationen in der Formgebungstechnik wird durch die mehrfach geformten Rohre der Luftwiderstand reduziert, während die Stabilität der Vorderseite erhöht und die Effizienz der Pedalkraft am Tretlager gesteigert werden. Mit den durchgängig doppelt gepressten Rohren ist der Rahmen federleicht und vermittelt ein geschmeidiges Fahrgefühl.

LeMond Racing Cycles for **Women.**

We have designed women-specific versions of our most popular frames and outfitted them with equipment designed for women riders. We've added a woman-specific saddle, reach-adjustable brake levers for smaller hands, shorter crank arms, shorter stems, and a smaller, shorter-reach version of our famous LeMond geometry. It features the same balanced position. Same comfortable, stable ride. Women can ride any LeMond, but our women's models make the fit quicker and more comfortable from the start.

In den letzten Jahren haben einige der schnellsten Frauen der Welt ihre Rennen auf LeMond-Rennrädern bestritten. Unter diesem Eindruck haben wir Versionen unserer beliebtesten Rahmen speziell für Frauen konstruiert und sie mit Zubehör für Fahrerinnen ausgestattet. Unserer berühmten LeMond-Geometrie haben wir einen frauenspezifischen Sattel, justierbare Bremshebel für kleinere Hände, kürzere Tretkurbelarme, einen kürzeren Vorbau und eine Version für bessere Erreichbarkeit hinzugefügt. Diese Geometrie bietet die gleiche ausgewogene Sitzposition. Das gleiche komfortable und stabile Fahrgefühl. Frauen können mit alle LeMond-Modellen fahren, doch mit den speziellen Rädern für Frauen erfolgt die notwendige Anpassung leichter und bequemer.

Classic Steel.

For the purists of the peloton: A double-butted steel masterpiece handcrafted in the USA. Our LeMond Classic steel frames feature air-hardened True Temper OX3 Platinum tubing that actually becomes stronger when welded, allowing the use of a lighter gauge of tubing without sacrificing strength or stiffness. The resulting ride quality is unsurpassed - expect to be impressed.

Für die Puristen des Pelotons: Ein zweifach konifiziert Meisterstück aus Stahl, handgefertigt in den USA. Unsere LeMond Classic-Stahlrahmen sind mit luftgehärteten True Temper OX3-Platinrohren ausgestattet, die beim Schweißen sogar noch härter werden. Dies ermöglicht den Einsatz einer dünneren Wandung ohne Verlust an Härte oder Stabilität. Die Fahrqualität ist unübertroffen – Sie werden beeindruckt sein.
