PINARELLO

THE ONE TO RIDE

Whether you are training for the Olympics or a week-end rider, Pinarello is the bike to ride. The new Pinarello line has a bike for everyone.

The **PROLOGO** (pictured on the cover) is made with Columbus Matrix tubing and equipped with Shimano 105 S.I.S. Its 26 inch front wheel and TTT aero bars make it perfect for time trialing and triathlons.

The **TRE CIME**, another new model, features the Cadore frame. Constructed of Columbus Matrix tubing, the Cadore has full braze/ons including two water bottle mounts, a pump peg and chain hanger. The Tre Cime comes in two exciting new colors, fuchsia and pearl green. Its componentry includes the new Campagnolo Victory group with Syncro® shifters, TTT bars and stem, Nisi rims and Vittoria Tires.

Next in line is the **ASOLO**, also using the Cadore frame, its equipped with Shimano 600 S.I.S. with supporting components by: TTT, Nisi and Vittoria. The Asolo is available in jade or Italian ice.

The **PISTA AMATORE** is Pinarello's amateur track racing bicycle. It's constructed of Columbus Aelle tubing and outfitted with an Ofmega group. The Pista Amatore is designed to meet the demands of beginning and intermediate track riders.

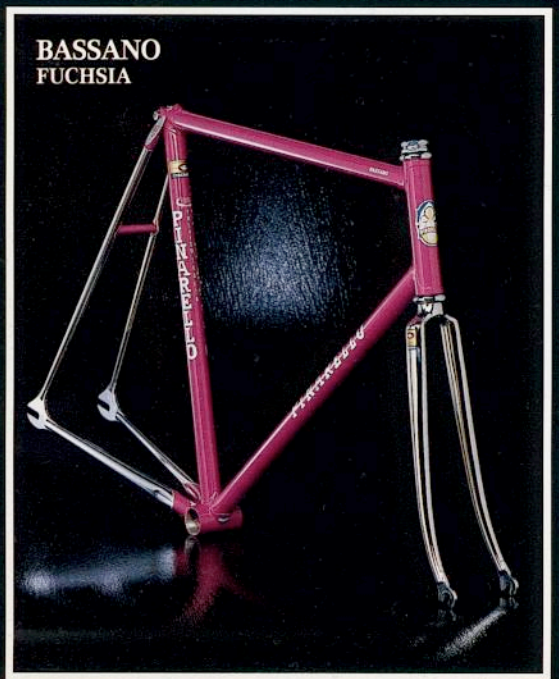

FRAMES

The **MONTELLO** frame remains the hallmark of the Pinarello line. Built with Columbus SLX tubing and all investment cast conjunctions, the Montello's comfort and high performance put it in a class by itself. Like all Pinarello frames, it's also available as a complete bike kit. All Pinarello bike kits feature components by Campagnolo such as the new Record-C group. the Montello comes in a wide range of color schemes.

The **TREVISO** is a professional racing frame without the professional price. It is a no nonsense racing machine built of Columbus S.L. tubing with investment cast fork crown and bottom bracket shell. The colors for the Treviso are record blue, bordeaux, fuchsia/steel blue and pearl green/pearl peach.

The **CADORE** frame is the workhorse of Pinarello's line. It sees triple duty as the heart and soul of the Tre Cime, Asolo and the Dolomite. The Cadore uses the same geometry as the top of the line Montello and comes in record blue, ferrari red, italian ice and pearl blue.

The **BASSANO** is the top track frame in the Pinarello line. It's constructed of Columbus S.L. tubing with investment cast fork crown and bottom bracket shell and comes in fuchsia.

The VENETO is Pinarello's new sport model. The Columbus Aelle Frame features an Ofmega group with Shimano 105 S.I.S. derailleur system. The Veneto is available in record blue or team red.

The Pinarello line does offer a bike to suit anyones need and budget. Test ride one today and see why Pinarello is: THE ONE TO RIDE.
