SUNTOUR 3-SPEED HUB

FREE WHEELS

5-SPEED PROCOMPE TYPE FREEWHEEL

Boss type. Golden colour finish
size: 1/2" x 3/32" x 14 to 34 Teeth
Available in any combination same as Perfect type Freewheel.
But "G" mark should be added to model Nos.

TOP 2ND. 3RD. 4TH. LOW.

MULTIPLE FREEWHEEL

All our freewheels are specially designed for quick, and easy change.
All sprockets, removable from outside, can be changed without removing the freewheel from the hub.
On large flange hubs, spokes can be renewed without removing the entire freewheel.
The two-notch thick-walled, heat-treated core facilitates freewheel removal.

No.1104-Z 14, 18, 22, 28, 34 teeth (Z gear model)
No.1106-Z 14, 18, 22, 27, 32 teeth (Z gear model)

REAR DERAILLEURS

MAEDA ENGINEERED FRONT AND REAR DERAILLEURS INTEGRAL WITH SLANT PANTOGRAPH MECHANISM

Ensure a smoother change in all ranges of speeds. Maeda's unique slant pantograph mechanism enables the pulleys to shift diagonally in parallel with the sprockets during gear change. The uniform clearance thus retained between the pulleys and the sprockets assures more stable driving and easier shifting, making Sun Tour derailleurs unbeatable by any competing model.
This epoch-making mechanism is patented in Japan, U.S.A. and European countries.

SUNTOUR VGT-LUXE
No.4902
For Ordinary use (Light alloy)
Gear Capacity: 36T.
Rear 14T–34T = 20T
Front 36T–52T = 16T
Stroke: 31mm
Top normal
Weight: With Bracket 335g
Without Bracket 300g
