how do you ride?

The 2009 Lifestyle Collection—bikes designed for how you like to ride. From flip-flop friendly to fast or fitness, from commuters to cruisers to kid tough, this year's bikes are all built with the dedication to quality, performance and technology that you've come to expect from Trek Bikes. Find the right bike here, then visit your local Trek Dealer to take your next bike for a spin.

Urban 4

A family of bikes that is streetwise, agile and exceptionally lightweight. Designed to get you spinning around town—to school, to work, to the market...anywhere!

Fitness / FX 12

Fast fitness bikes that focus as much on ride quality as they do performance. Ride longer then ever with two new technologies and Ergo Grips. FX = Versatile.

Hybrid 24

All day and any terrain—hybrids are exceptionally quick, responsive and light. These versatile bikes feature the comfort and ease of an upright riding position.

Lime 34

Get on and go! Designed for everyone—Limes shift automatically with Shimano Coasting and feature a comfortable, upright riding position. In customizable colors.

Comfort 42

Like the name implies, bikes that focus on comfort. Ergo Grips and plush seats are just a few reasons why. Features a natural, head-up riding position for a relaxed ride.

Pure 50

True comfort meets style! Pures are designed for exceptional control, an easy ride and to be seen. They feature a natural, head-up riding position.

Cruiser / Tandem 60

Put life in cruise with stylish, low maintenance rides that maximize your comfort. Features a laid-back, upright riding position...and killer graphics.

Kids 74

Featuring Trek's Dialed Fit Specific frame and parts that are designed to grow along with your child. These bikes are ultra stable, long lasting and of course kid tough.

WSD Women's Specific Design

Bikes engineered for women, with a more natural riding position that redistributes weight evenly between hips and hands for optimal comfort, control and power.

Your new morning commute.
Twenty minutes of traffic or 10 minutes by bike? Not even a question. Hop on and pass one beautiful building after another, leaving a parking lot of cars, taxis and buses in the dust. You're exhilarated by your ride and your ride—the new Allant. All of a sudden, you are there, and before everyone else. Go ahead...smile.
3 Bontrager Boulevard makes for comfortable commutes—keeps you in it for the long haul.
2 Rack comes standard to help you carry all your essentials.
1 36-spoke wheels are tough enough to tackle the roughest city streets.

Ride longer.

Flex Form New for 2009! Flex Form™ Saddles pivot back and forth subtly with the motion of the pelvis in the act of pedaling. Suspended on a rubber elastomer, the saddle is able to flex with the rider's natural pedal stroke to deliver a noticeably smoother ride. Flex Form technology is only available with the Bontrager Nebula saddles on the 7.5 FX and up.

IsoZone Trek engineers have spent more than a year designing this new feature that enhances rider control and creates an unmatched comfort-first ride. New IsoZone™ technology (available on 7.6 FX and up) isolates the most pivotal point on the FX frame with a revolutionary damping system that kills vibration in the range a rider feels most—at twice the rate of any other system currently on the market.

Laid-back, like it ought to be.
Life in cruise is as cool as a sea breeze and sweet as a Charleston sunset. Retro style and a laid-back look along with quality construction from front to back give Trek Cruisers that easy ride and authentic look without the upkeep. These bikes take you back...as well as take you there. It's life in cruise, and it's perfect.
3 Over-padded, gel saddle comfort.
2 Flip-flop friendly pedals.
1 Retro protection.
8 Rustproof, no-worry chain.
7 Kickstand—of course.

Remember your first bike?
Your trusty steed, your wheels, your getaway cycle. Well, it's their turn to go where the day takes 'em and to ride off into the sunset. From training wheels to two wheels and leaving moms and dads in the dust, it's their bike—dialed to their size and built to grow along with them.
2 Dialed® Fit Specific frame and parts grow with them.

Trek Limited Lifetime Warranty

Trek Bicycle Corporation provides each original retail purchaser of the bicycle a lifetime warranty against defects in materials and workmanship in the bicycle frame and rigid fork, except the fork and Session model, when purchased from an authorized Trek dealer. Rigid forks and all Bontrager components and accessories, except consumables such as tires and inner tubes, are warranted for 5 years. Trek Bicycle Corporation likewise warrants all other original parts on the bicycle, excluding Shimano parts, suspension forks and rear shock absorbers, for a period of one year from the date of purchase. Suspension forks and rear shock absorbers shall be covered by the stated warranty of their original manufacturers. Paint and decals are warranted for one year. This warranty is expressly limited to the repair or replacement of a defective frame, fork, or defective part and is the sole remedy of the warranty. This warranty applies only to the original owner and is not transferable. Claims under this warranty must be made through an authorized Trek dealer. Proof of purchase is required. A warranty registration card must be completed and received by the Trek Bicycle Corporation before a warranty claim may be processed. This warranty covers bicycles and components outside the United States only if purchased through an authorized international Trek distributor or Trek dealer within the country of purchase. The warranty does not cover normal wear and tear, improper assembly or follow-up maintenance, installation of parts or accessories not originally intended or compatible with the bicycle as sold, damage or failure due to accident, misuse or neglect, or modification of the frame, fork or components.

Trek Bicycle Corporation shall not be responsible for incidental or consequential damages. Some states do not allow the exclusion of incidental or consequential damages, so the above exclusion may not apply to you. This warranty gives the consumer specific legal rights, and those rights may vary from place to place. This warranty does not affect the statutory rights of the consumer.

All photos, illustrations, colors, weights, and specifications contained in this catalog are based on the latest production information at the time of publication. Trek reserves the right to make changes at any time, without notice, in colors, materials, equipment, specifications and models. Any variations in colors shown may be due to the reproductive variations of the printing process. Photos may include non-U.S. equipment. Some models may be shown with optional equipment. Off road bike weights based on medium or 18 inch frame size. Road bike weights based on 56cm frame size.

All Trek bikes are sold exclusively through our network of Authorized Dealers who we entrust with professional assembly and service of your bicycle. Trek extends a Lifetime Warranty on every frame.
