TREKBIKES.COM

Part No. 418565

We believe in a better world.

The world's evolving. No longer do people stand by and watch idly as they impact themselves, others, and the world around them. At Trek, we believe that complex problems can be solved by simple solutions. **Go by bike.**

CHANGE THE WORLD

1 WORLD 2 WHEELS
A TREK COMMITMENT

Help make the world a more bike-friendly place, visit oneworldtwowheels.org

TREK TRAVEL LLC

Cycling Vacations of a Lifetime. Trek Travel is the ultimate way to experience the world's great destinations on the world's best bikes. Explore as much as you like, at your pace. Our highly experienced guides make sure you don't miss a thing. Whether you prefer long rides or a leisurely pace, luxury, or laid-back, there's a Trek Travel trip to fit your taste.

To learn more about your trip options, or to reserve your spot on the vacation of a lifetime, call **866 464 8735** or visit **www.trektravel.com**.

Trek's Wisconsin facilities use 100% renewable energy powered by these WE Energies wind turbines, Eden, WI

Design for the people.

The 2010 Lifestyle Collection is built to redefine quality and performance. There's a bike designed for how you live. Find it here or at **www.trekbikes.com.**

4 ECO DESIGN

Eco-friendly is more than just a buzzword. How did we push it to the next step? Simply: A considered birth, life, and afterlife. Check out the new Belleville and Atwood now.

30 FITNESS / FX

Fit for life – the FX family is dedicated to that mantra. Yet these versatile bikes focus as much on ride quality as they do performance. Ride longer, be fitter.

54 PURE

True style and substance. Designed for exceptional control – you can put your feet on the ground from the saddle. Pures are meant to be seen and ridden comfortably.

86 ACCESSORIES

88 SPECIFICATIONS & GEOMETRIES

96 LIFETIME WARRANTY

12 ELECTRIC / RIDE+

Your power, plus. With "Pedal Assist," these bikes add the enhanced kick of electric power. Now more than ever, it's possible to do it by bicycle.

20 URBAN

Go by bike – this family of bikes is agile, exceptionally lightweight, and designed to get you spinning to school, work, the market...everywhere.

40 HYBRID

The perfect blend – an upright ride meets suspension for extra control and smooth gliding. Exceptionally responsive and light, Hybrids get you out riding more.

48 COMFORT

Comfort above all else – Navigators feature Ergo Grips, plush seats, and a natural, upright riding position for easier, more relaxed rides.

62 CRUISER & TANDEM

Redefine cruise control with stylish low-maintenance Cruisers. Built for laid-back comfort, the bikes feature an upright ride and sweet graphics.

74 KIDS

Designed to grow with them – Trek's Dialed Fit Specific frames. Trek Kids bikes are ultra stable, long lasting and, of course, kid tough.

WSD

Women's Specific Design

WSD bikes are designed to fit women better from the start. You'll find Women's Specific Design bikes, gear, and accessories throughout all of our categories. We believe in the value of difference. And because you're designed differently than a man, your bike should be, too.

Everything in this catalog and more

- Every detail about every 2010 Trek bike
- In-depth stories about each family of bikes
- Our latest technology breakthroughs and innovations
- More about what we stand for – a better world!

The Urban Ecology Center, a neighborhood-based, environmental education, nonprofit community center, east bank of Milwaukee River

Birth, life, after.
Considered.

Bikes in this section

Belleville™
Belleville WSD™
Atwood™
Atwood WSD™

Eco Design – if you want to build bikes better, then treat them as living things.

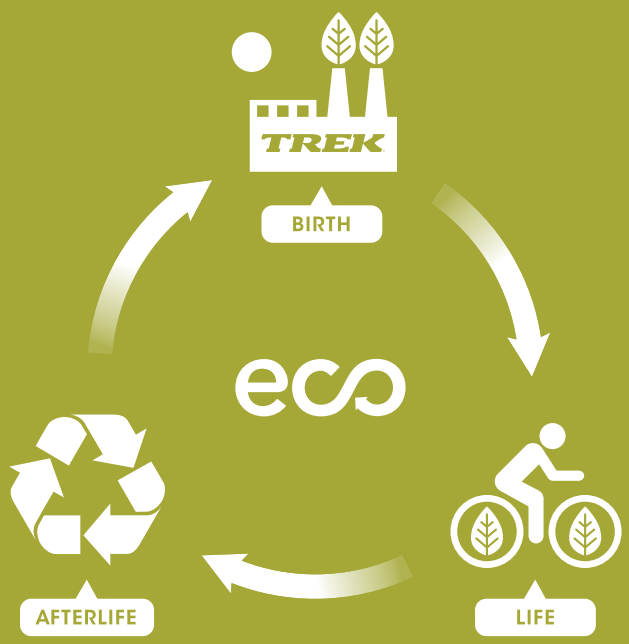

To build bikes better, we adopted the basic principles of Eco Design, which uses the proven OKALA method to score an item's impact on the environment from its origin to usage and eventual end of life. In other words, if we think about a product in terms of its lifecycle – with its own birth, life, and its eventual end – we then begin to understand how it impacts the world around us.

Introducing Belleville and Atwood, Trek's new line of Eco Design bikes. Or as we like to think about it – two better built bikes.

---

1. Urban Ecology Center, Milwaukee, WI
2. Eden, WI
3. Downer Ave., Milwaukee, WI

Everything considered.

Birth – better choices, better bikes

Materials. Steel, our primary frame material, is less toxic and requires fewer steps to manufacture than other metal processes. Its natural vibration damping qualities provide a smooth ride, and it remains one of toughest materials around.

Sourcing. Since the majority of the components are from Asia, we chose distributors near to the point of manufacture. This "close sourcing" helps keep our transportation emissions low. So, while we are still the largest producer of bicycles in the USA, making eco-friendly bikes in China is completely possible.

Finish. By powder coating our frames, we minimize overspray and eliminate waste. No solvents or paint washes are used, and it's therefore much less toxic than traditional processes. Plus, we chose bolts protected by an alternative to chrome plating, ensuring no toxins are ever released into the earth.

Life – a useful life is a friendlier life

Our Eco Design bikes optimize utility and maintain a timeless aesthetic. They're made from long-lasting, recyclable materials, and loaded with utilitarian features.

Racks and fenders increase their overall useful life, and each bike's functional design approach provides years of incredibly fun, useful rides. They're an ideal substitute for your car for typical errands around town.

Afterlife – designed for disassembly

Nothing lasts forever, so we make our Eco Design bikes with disassembly in mind. The saddle comes apart with ease and then can be recycled. The hard plastic grips can be moved to future bikes – or thrown right into your recycling bin. Plus, the frame can accommodate different gearing configurations, and with a little love can last a lifetime.

2.

3.

A better bicycle.

Inspired by the French Porteurs of the 1920s, Belleville is the completely utilitarian, absolutely eco-smart bike...and it's designed to ride like a dream.

1. **Extremely comfortable,** heads-up riding geometry.

2. **Oversized front and rear rack** enhance utility and are perfect for heavier loads.

3. **Natural rubber** Bontrager H2 ECO tires are sourced from ISO 14001 producers and the rubber is certified sustainable harvest.

4. **Generator lights** eliminate the need for wasteful batteries.

5. **Recyclable steel frame** reduces vibrations for a smoother ride. Plus the pedals, fenders, chainguard, racks, and one-piece stem and handlebar are steel, too.

6. **Chainguard** and full-coverage fenders allow for easy plain-clothes riding.

7. **Weather-resistant** internal 3-speed hub with dropouts for derailleur or single-speed drivetrains.

8. **Eco Designed** grips and saddle are designed for disassembly, and come apart with ease to be recycled.

9. **Designed** front to back to lessen manufacturing impact.

Go farther than ever – Introducing electric-assist Ride+ bikes.

Bikes in this section

FX+™
Valencia+™
7200+™
7200+ WSD™

Ride+ expands what's possible by bicycle.

Rideable range just got longer.

With gas prices higher than ever globally, more people are looking at the bicycle as serious transportation. If you think you can't commute daily by bike, Trek Ride+ electric assist changes the game. Suddenly, pulling a trailer or carrying heavier loads becomes doable; a sweat-free bike commute is a reality; and going up hills is as fun as going down them.

With Trek Ride+ it's your power, plus – pedal as much as you want. And when you're ready, just flip on the motor, select the level of assist, and go.

---

1. Fifth Ward, Milwaukee, WI
2. Alterra Coffee Foundry, Milwaukee, WI

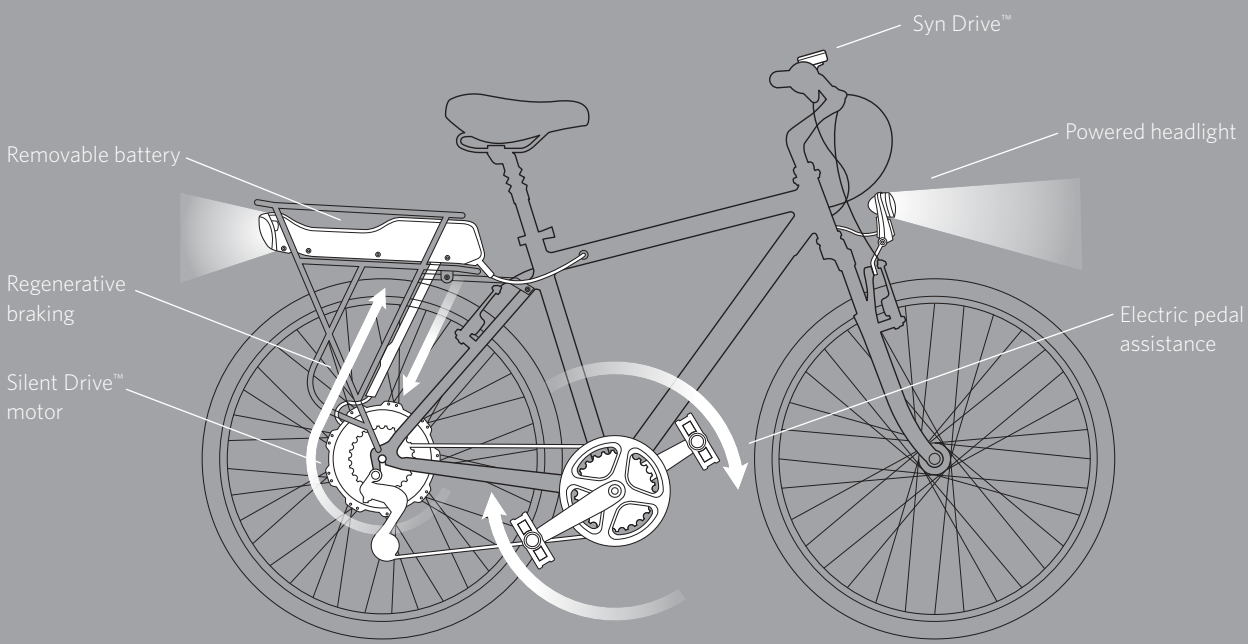

2.

Your Power, Plus!

Ride+ is a bicycle with a motor and battery that, once engaged, enables the rider to pedal farther, faster, and with less effort. Unlike mopeds or scooters, there is no throttle – just engage the Trek Syn Drive,™ determine the desired level of assistance, and go.

Syn Drive™ Trek's state-of-the-art electronic motor management system constantly adjusts timing and power flow based on pedaling force, resistance, and speed. Controlled by a handlebar-mounted computer, it tracks battery life, assistance level, time, speed, and distance. Battery is removable for easy charging.

Silent Drive™ is a high-performance direct-drive, brushless hub motor designed to eliminate friction on internal parts. Its smooth, quiet ride maximizes the lithium ion battery's energy and provides 350 watts of high torque at a wide range of speeds, including riding up hills or pedaling into headwinds.

Regenerative braking – think hybrid car. While going downhill, regenerative braking keeps the bike at a consistent speed, while also charging the battery – maximizing battery life. On an average ride, this increases battery capacity by up to 10 percent.

Take it with you and go anywhere, easier!

If you're pulling a trailer of kids, hauling groceries, or just never want to worry about another hill, the 7200+ makes your life easier.

1. Lighter, electric powered electric-assist kit featuring Trek Syn Drive™ technology and Silent Drive™ motor.

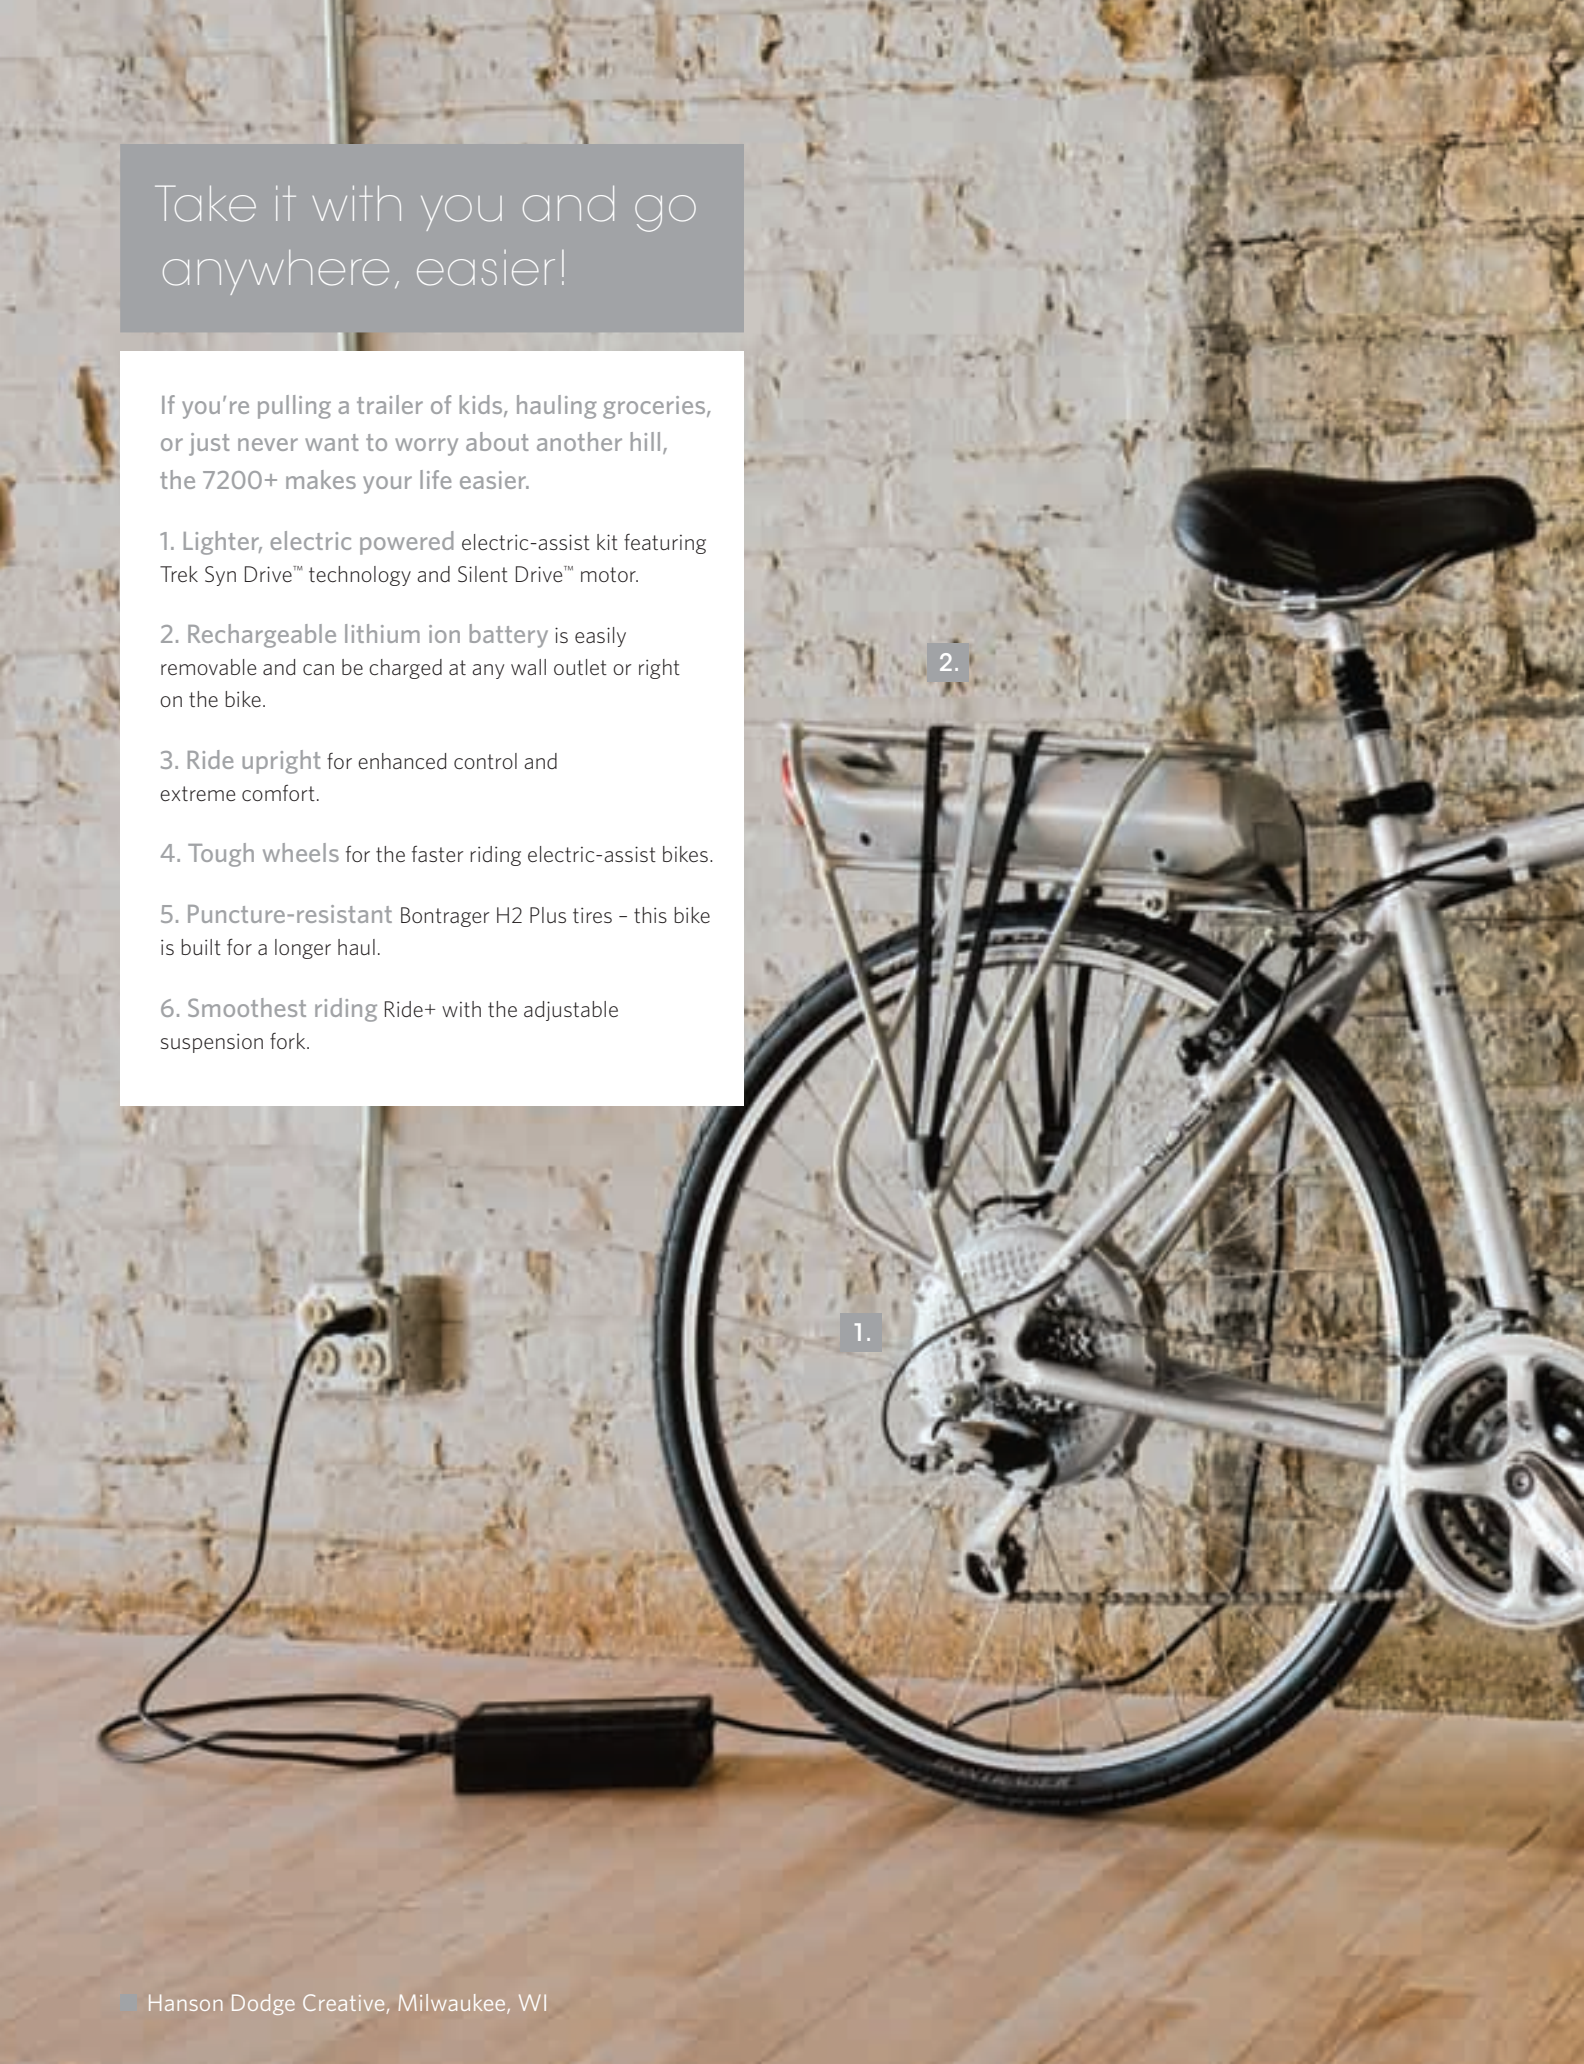

2. Rechargeable lithium ion battery is easily removable and can be charged at any wall outlet or right on the bike.

3. Ride upright for enhanced control and extreme comfort.

4. Tough wheels for the faster riding electric-assist bikes.

5. Puncture-resistant Bontrager H2 Plus tires – this bike is built for a longer haul.

6. Smoothest riding Ride+ with the adjustable suspension fork.

The city is back, and it's better than ever.

Live. Work. Play. Ride. The city, think about it: You wake up a bit later because work or school is just a ride away. Breakfast, lunch, dinner, and coffee are all right there. The grocery store, the library, post office, the bank – just steps away. In cities, spaces and places are built at the human scale – two feet and two wheels accessible.

Created with utility, efficiency, and style, the Trek Urban family of bikes is the perfect complement – specifically designed to maximize the new urban lifestyle.

4.

"A bicycle becomes a valuable way to explore the neighborhood to its fullest. It just extends the walk-able range."

Steven Filmanowicz, Communications Director, Congress of New Urbanism

One of the many things the Congress on New Urbanism seeks to improve is the creation and implementation of sustainable transportation networks. This, of course, includes urban planning with an emphasis on transportation by bike. The CNU works together with organizations like BFC (Bicycle Friendly Communities) and Bikes Belong (bikesbelong.org) to help lobby for Complete Streets initiatives. Trek is proud to support the efforts of these bicycling organizations.

The slicker city bike – Soho.

A commuter's dream bike, the Soho's dedicated to daily trips around the concrete jungle – to and from work, school, or wherever you've got to be.

1. **Lightweight** Alpha Black Aluminum frame.

2. **Weather-resistant** full-coverage, painted-to-match steel fenders.

3. **Speedy** Bontrager Satellite Nebula tires with reflective sidewall piping.

4. **Cool urban essentials** like rubber top tube bumper and insulated coffee mug are standard.

5. **Rustproof and greaseless** Gates Carbon Drive carbon composite belt-drive is lighter, cleaner, and more quiet than a chain. No grease, no hassle, no worry.

6. **Ultra low-maintenance** Shimano Nexus 8-speed internal gearing.

7. **Built-in mounts** for front and rear racking options.

Includes Soho Mug. Bontrager Back Rack sold separately.

The secret to looking fit isn't buying bigger pants.

Get fit – for life. There's never been an easier way to get into shape than by bicycle. The perfect low-impact workout, ride to work or the store and you've made your workout work on your time. Treadmills are ok, but how many times can you really stand looking at the same scene? Go somewhere. Get fit by bike.

The perfect anytime cross-trainers – Trek FX. With Ride Longer features like H2 Flex Form™ saddles and the IsoZone™ vibration damping system.

3.

Ride longer.

Bontrager H2 Flex Form™ Saddles

Suspended on a rubber elastomer, the saddle pivots back and forth, subtly moving with the rider's natural pedal stroke to lessen fatigue and deliver a noticeably smoother ride. Only available on the 7.5-7.9 FX.

IsoZone™ Vibration Damping System

IsoZone™ technology (on 7.6 FX and up) enhances control, while practically eliminating road vibration. It isolates the most pivotal point on the frame with a revolutionary damping system, killing vibration in the range a rider feels most (between 40-50 Hz), a rate of twice that of any other system on the market.

Versatile: embracing a variety of subjects.

From serious fitness training to speedy commutes and everything in between, Trek's FX Series is designed for the way you live.

1. Flex Form™ saddles that move with you and enhance comfort and ride.

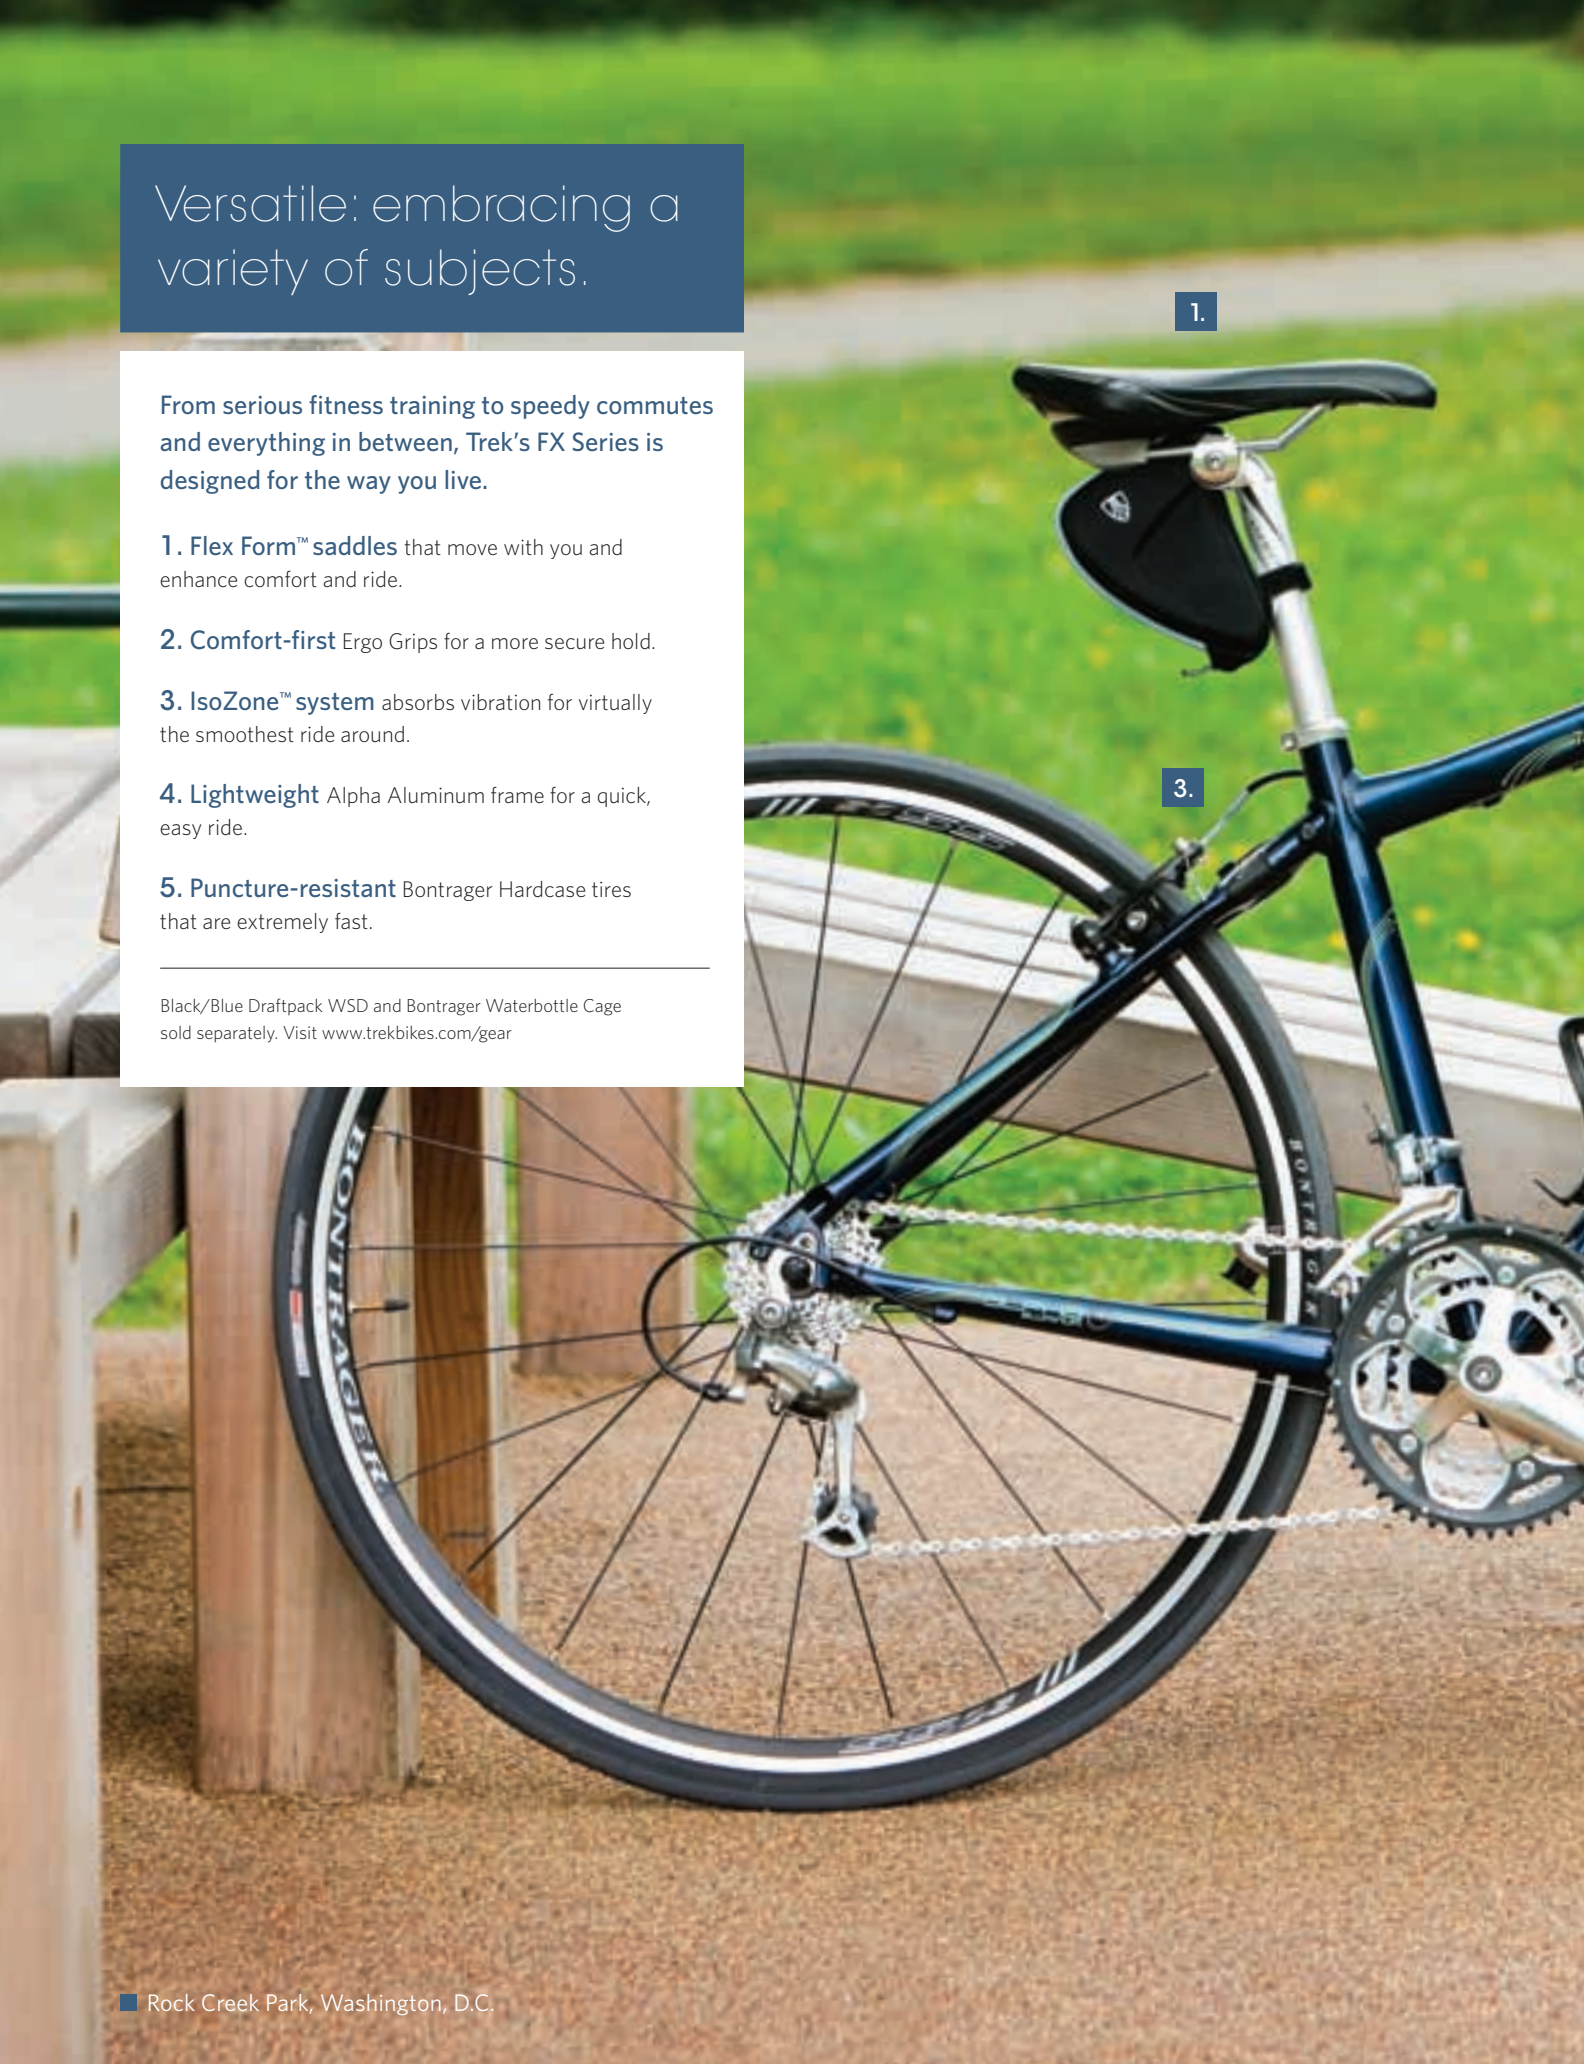

2. Comfort-first Ergo Grips for a more secure hold.

3. IsoZone™ system absorbs vibration for virtually the smoothest ride around.

4. Lightweight Alpha Aluminum frame for a quick, easy ride.

5. Puncture-resistant Bontrager Hardcase tires that are extremely fast.

Hybrids – the perfect blend.

From the solitude of backwoods paths to the convenience of pavement – go anywhere. With Alpha Aluminum frames, wider gearing options, and suspension forks to smooth your route, Hybrids are designed for leisure – the perfect cross between mountain and road.

1. **Responsive lightweight** hydroformed Alpha Aluminum frames.

2. **Tunable handlebar** adjusts for riding comfort.

3. **Rapid-Fire Shifters** for quick gear changes on the fly.

4. **Bontrager SPA** (Suspension Performance Advantage) fork absorbs bumps for a safer, smoother, more efficient ride.

5. **Bontrager Hardcase tires** designed with rugged, triple flat-protection to last even longer.

True grace on two wheels.

Designed for comfortable, easy riding, these bikes let you put both feet on the ground without leaving the saddle. A pure balance of comfort and style.

1. Super-padded oversized seats provide exceptional comfort.

2. Centered geometry provides exceptional control, and keeps your ride laid back and completely stable.

3. Higher handlebars improve balance and stability.

4. Worry-free, anti-corrosive Alpha Aluminum frames have the Pure signature sculptural curve for better balance.

5. Low maintenance 3-speed internal rear hub.

6. Chain guards keep your clothes out of harm's way.

7. Keep your feet on the ground. With Pure you can virtually stand while sitting – feet can remain flat on the ground from the saddle.

Bontrager City Shopper Pannier, Trek Time and Bontrager Back Rack sold separately. Visit www.trekbikes.com/gear

The vintage advantage.

Colors, designs, and retro touches take these throwbacks to right now. Every Cruiser delivers easy, laid-back rides – so, relish in the sights.

1. Over-padded saddles for extreme comfort.

2. Graphics, colors, and other vintage touches.

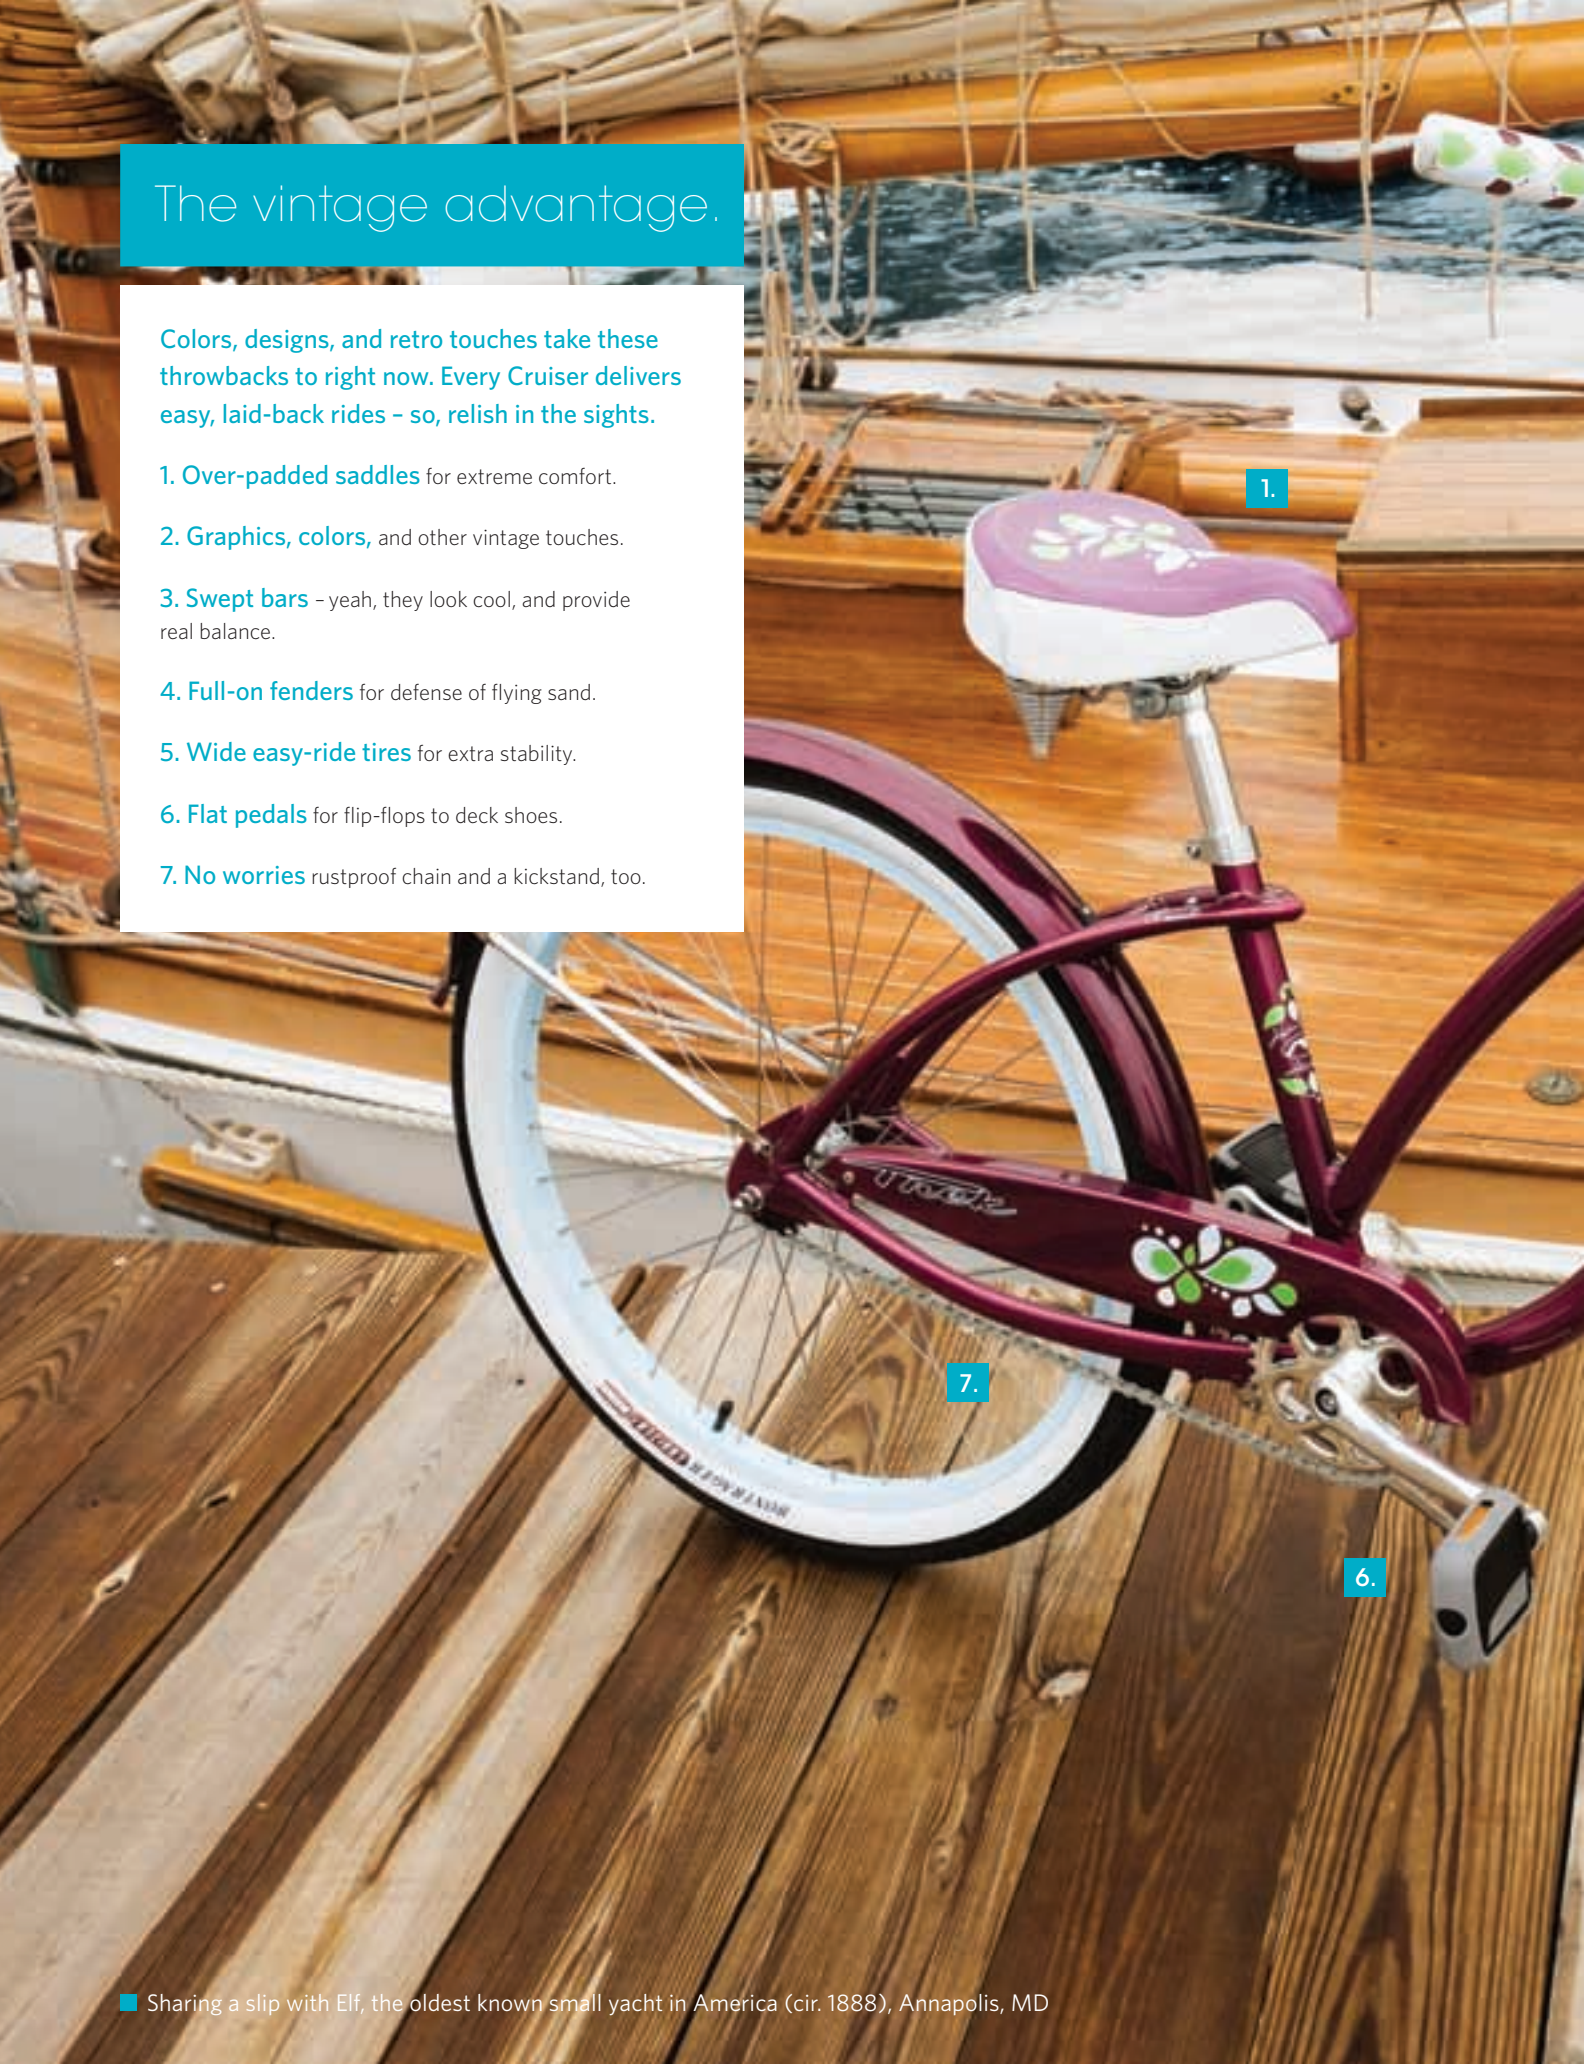

3. Swept bars – yeah, they look cool, and provide real balance.

4. Full-on fenders for defense of flying sand.

5. Wide easy-ride tires for extra stability.

6. Flat pedals for flip-flops to deck shoes.

7. No worries rustproof chain and a kickstand, too.

It's like recess before school.

Hey Mom and Dad, it's a fact: children who ride to school are more active, energized, and engaged. The sad news is that in just one generation, the percentage of kids who walk or bike to school has dropped 75%, while childhood obesity has tripled. Now, some good news: In 2005 the U.S. Congress authorized $612 million for the first national Safe Routes to School program, an initiative that continues to grow and flourish today.*

Trek Kids bikes are designed to ride to school and beyond. Each with Dialed Fit Specific Design™ that grows along with the boys and girls who ride them.

DIALED
fit specific design

Sure, a bike's supposed to be fun. But would you choose to buy one from the same place you buy your toothpaste?

Trek Kids bikes are seriously fun – and they're seriously built to be a lasting investment. Our engineers and design team measured hundreds of kids, refining Dialed Fit Specific Design™ from the frame out. Dialed Fit Specific components mean our bikes fit your kids better. Plus, they grow with them. The result is safer kids bikes that last longer, and are as fun to ride as ever.

Remember your first bike? It's their turn.

It's a rite of passage – what being a kid is all about. From that first triumphant ride to the many miles ahead, our bikes are designed to make the excitement last.

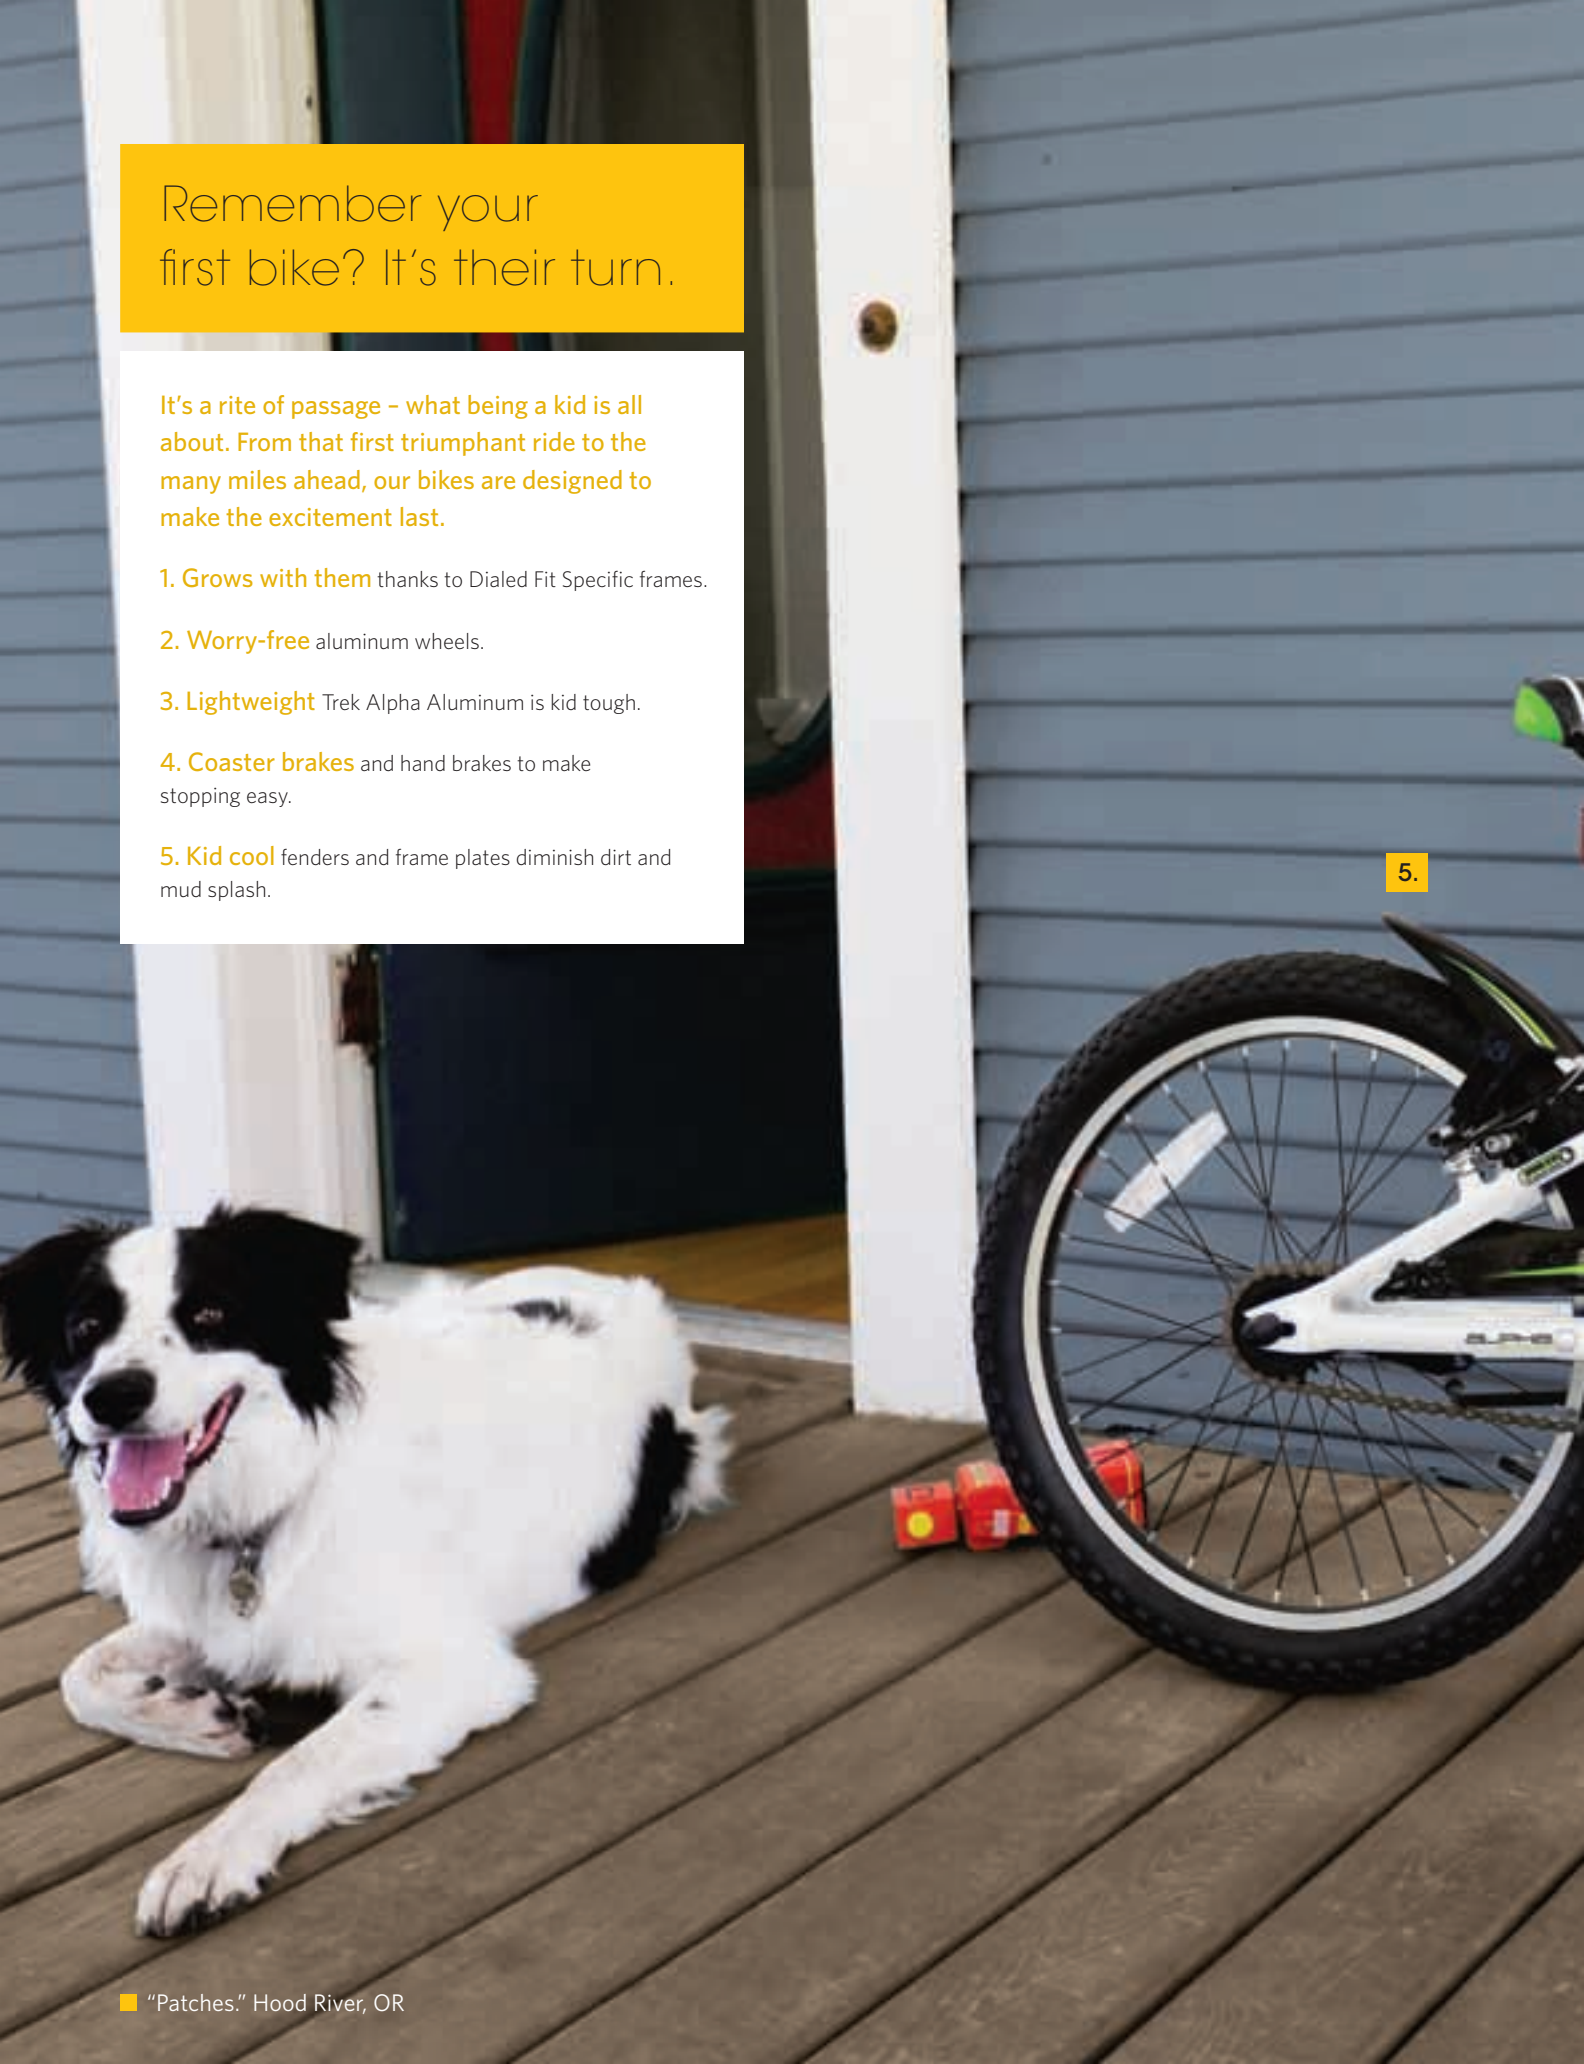

1. Grows with them thanks to Dialed Fit Specific frames.

2. Worry-free aluminum wheels.

3. Lightweight Trek Alpha Aluminum is kid tough.

4. Coaster brakes and hand brakes to make stopping easy.

5. Kid cool fenders and frame plates diminish dirt and mud splash.

Jet 20™

FRAME Alpha White Aluminum, 20" Dialed frame size

FORK High tensile steel

WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims

COMPONENTS Single speed; coaster brake

COLOR Black/Pearl White

Zara 26™

FRAME Alpha White Aluminum
FORK High tensile steel
WHEELS Alloy front hub, alloy rear hub; aluminum 32-hole 26" rims
COMPONENTS SRAM/Shimano 7-speed shifting
COLOR Coral Red/Pearl White

Kids FX Boy's™

FRAME Alpha White Aluminum
FORK High tensile steel
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 7-speed shifting
COLOR Candy Red

Kids FX Girl's™

FRAME Alpha White Aluminum
FORK High tensile steel
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 7-speed shifting
COLOR Satin Aegean Blue

Wasabi 24™

FRAME Alpha White Aluminum
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 24" rims
COMPONENTS Single speed; coaster brake
COLOR Metallic Aquamarine

Wasabi 20™

FRAME Alpha White Aluminum
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims
COMPONENTS Single speed; coaster brake
COLOR Metallic Aquamarine

Drift 20™

FRAME Alpha White Aluminum
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims
COMPONENTS Single speed; coaster brake
COLOR Matte Black

MT 220 Boy's™

FRAME Alpha White Aluminum
FRONT SUSPENSION Dialed SR Suntour, 50mm
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 21-speed shifting; front suspension
COLOR Trek Red/Pearl White

MT 220 Boy's™

FRAME Alpha White Aluminum
FRONT SUSPENSION Dialed SR Suntour, 50mm
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 21-speed shifting; front suspension
COLOR Metallic Black/Metallic Blue

MT 220 Girl's™

FRAME Alpha White Aluminum
FRONT SUSPENSION Dialed SR Suntour, 50mm
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 21-speed shifting; front suspension
COLOR Purple/Pearl White

MT 220 Girl's™

FRAME Alpha White Aluminum
FRONT SUSPENSION Dialed SR Suntour, 50mm
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 21-speed shifting; front suspension
COLOR Soft Blue/Velvet Blue

MT 200 Boy's™

FRAME High tensile steel
FORK High tensile steel
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 7-speed shifting
COLOR Blue/Pearl White

MT 200 Girl's™

FRAME High tensile steel
FORK High tensile steel
WHEELS Alloy front and rear hubs; aluminum 32-hole 24" rims
COMPONENTS SRAM 7-speed shifting
COLOR Metallic Pink/Pearl White

Jet 20™

FRAME Alpha White Aluminum, 20" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims
COMPONENTS Single speed; coaster brake
COLOR Black/Orange

MT 60 Boy's™

FRAME Alpha White Aluminum
FRONT SUSPENSION Dialed SR Suntour, 50mm
WHEELS Alloy front and rear hubs; aluminum 32-hole 20" rims
COMPONENTS SRAM 6-speed shifting; front suspension
COLOR Metallic Blue/Metallic Black

MT 60 Girl's™

FRAME Alpha White Aluminum
FRONT SUSPENSION Dialed SR Suntour, 50mm
WHEELS Alloy front and rear hubs; aluminum 32-hole 20" rims
COMPONENTS SRAM 6-speed shifting; front suspension
COLOR Aegean Blue/Light Metallic Blue

Mystic 20™

FRAME Alpha White Aluminum, 20" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims
COMPONENTS Single speed; coaster brake
COLOR Metallic Blue

Mystic 20™

FRAME Alpha White Aluminum, 20" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims
COMPONENTS Single speed; coaster brake
COLOR Hot Pink

Jet 20 S™

FRAME High tensile steel, 20" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims
COMPONENTS Single speed; coaster brake
COLOR Metallic Black/Metallic Blue

Mystic 20 S™

FRAME High tensile steel, 20" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; aluminum 36-hole 20" rims
COMPONENTS Single speed; coaster brake
COLOR Metallic Pink

Jet 16™

FRAME High tensile steel, 16" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 28-hole 16" rims
COMPONENTS Single speed; coaster brake
COLOR Pearl White/Metallic Blue

Jet 16™

FRAME High tensile steel, 16" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 28-hole 16" rims
COMPONENTS Single speed; coaster brake
COLOR Pearl White/Trek Red

Mystic 16™

FRAME High tensile steel, 16" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 28-hole 16" rims
COMPONENTS Single speed; coaster brake
COLOR Metallic Pink

Mystic 16™

FRAME High tensile steel, 16" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 28-hole 16" rims
COMPONENTS Single speed; coaster brake
COLOR Light Metallic Purple

Float Boy's™

FRAME High tensile steel, 16" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 28-hole 16" rims
COMPONENTS Single speed; coaster brake
COLOR Speed Blue/Metallic Silver

Float Girl's™

FRAME High tensile steel, 16" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 28-hole 16" rims
COMPONENTS Single speed; coaster brake
COLOR Light Metallic Pink/Pearl White

Jet 12™

FRAME High tensile steel, 12" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 20-hole 12" rims
COMPONENTS Single speed; coaster brake
COLOR Silver/Blue

Mystic 12™

FRAME High tensile steel, 12" Dialed frame size
FORK High tensile steel
WHEELS Steel front hub, coaster brake rear hub; steel 20-hole 12" rims
COMPONENTS Single speed; coaster brake
COLOR Metallic Pink

Trikester™

FRAME High tensile steel
FORK High tensile steel
WHEELS Steel wheels w/sealed bearings; 7" front, 3.5" rear
COMPONENTS One size fits most saddle
COLOR Pearl White/Candy Blue

Trikester™

FRAME High tensile steel
FORK High tensile steel
WHEELS Steel wheels w/sealed bearings; 7" front, 3.5" rear
COMPONENTS One size fits most saddle
COLOR Pearl White/Metallic Pink

Are you ready to go?

Cycling gear every rider needs.

For your bike:

1. Lights – See and be seen. Light up the night in a number of ways with Trek front and rear lights. *Shown: Trek Ion*

2. Locks – The fastest way to insure your investment. Secure bike protection from Trek comes in several theft-thwarting styles. *Shown: Trek Armored Lock*

3. Panniers & Bags – Carry it your way. Take it all with Bontrager Interchange panniers, trunk bags, and baskets. *Shown: Bontrager Urban Pannier and Interchange City Trunk*

4. Racks – Take it with you. The new Bontrager Back Rack fits better and provides the perfect platform to hold Bontrager bags full of your goods. *Shown: Bontrager Back Rack*

5. Pumps – Keep your ride running like new. Frame and floor pumps from Bontrager redefine easy and efficient. *Shown: Bontrager Turbocharger*

6. Computer – Track distance, time, and pace. Trek cycling computers let you upgrade and go wireless; or keep it simple with analog Trek Time. *Shown: Trek Time Watch*

For your body:

7. Helmets – The least expensive insurance policy. Choose from four great Trek options. *Shown: Trek Sonic*

8. Gloves – Keep your grip dry, secure, and protected. Choose from five different Bontrager models with different padding and protection. *Shown: Bontrager Satellite Fusion Glove*

9. Hydration – Fill 'er up. Stay cool on the workout or wake up on the way to work. We provide the bottles and mugs, you provide the beverage. *Shown: Soho Insulated Mug*

10. Shoes – The right shoe makes all the difference. Bontrager cycling shoes take your on-bike efficiency to a whole new level without sacrificing style. *Shown: Bontrager Street*

11. Shells – Weather defense. Look great and always stay dry whether you're on or off the bike with Bontrager jackets and gear. *Shown: Bontrager Sport Commuter Jacket*

All dimensions are in centimeters/inches unless otherwise stated.
Some models are not available in all sizes.

Trek Limited Lifetime Warranty

Trek Bicycle Corporation provides each original retail purchaser of the bicycle a lifetime warranty against defects in materials and workmanship in the bicycle frame, except the fork and the Session model, when purchased from an authorized Trek dealer. Rigid forks and all Bontrager components and accessories, except consumables such as tires and inner tubes, are warranted for 5 years. Trek Bicycle Corporation likewise warrants all other original parts on the bicycle, excluding Shimano parts, suspension forks and rear shock absorbers, for a period of one year from the date of purchase. Suspension forks and rear shock absorbers shall be covered by the stated warranty of their original manufacturers. Paint and decals are warranted for one year. This warranty is expressly limited to the repair or replacement of a defective frame, fork, or defective part and is the sole remedy of the warranty. This warranty applies only to the original owner and is not transferable. Claims under this warranty must be made through an authorized Trek dealer. Proof of purchase is required. A warranty registration card must be completed and received by the Trek Bicycle Corporation before a warranty claim may be processed. This warranty covers bicycles and components outside the United States only if purchased through an authorized international Trek distributor or Trek dealer within the country of purchase. The warranty does not cover normal wear and tear, improper assembly or follow-up maintenance, installation of parts or accessories not originally intended or compatible with the bicycle as sold, damage or failure due to accident, misuse or neglect, or modification of the frame, fork or components.

Trek Bicycle Corporation shall not be responsible for incidental or consequential damages. Some states do not allow the exclusion of incidental or consequential damages, so the above exclusion may not apply to you. This warranty gives the consumer specific legal rights, and those rights may vary from place to place. This warranty does not affect the statutory rights of the consumer.

All photos, illustrations, colors, weights, and specifications contained in this catalog are based on the latest production information at the time of publication. Trek reserves the right to make changes at any time, without notice, in colors, materials, equipment, specifications and models. Any variations in colors shown may be due to the reproductive variations of the printing process. Photos may include non-U.S. equipment. Some models may be shown with optional equipment. Off road bike weights based on medium or 18 inch frame size. Road bike weights based on 56cm frame size.

All Trek bikes are sold exclusively through our network of Authorized Dealers who we entrust with professional assembly and service of your bicycle. Trek extends a Lifetime Warranty on every frame, except the fork and the Session model.

WE PRINT OUR CATALOGS ON ONLY FOREST STEWARDSHIP COUNCIL (FSC) CERTIFIED PAPER

FSC certification ensures that the paper in our catalogs contain fiber from well-managed and responsibly-harvested forests. The goal is to shift the market to eliminate habitat destruction, water pollution, and displacement of indigenous peoples. This catalog meets FSC's strict environmental standards.
