Ride for a reason.

LIVESTRONG: MAKING A DIFFERENCE
LIVESTRONG serves people affected by cancer and empowers them to take action against the world's leading cause of death. Created as the Lance Armstrong Foundation in 1997 by cancer survivor and champion cyclist Lance Armstrong, the organization is now known publicly by its powerful brand, LIVESTRONG, and is a leader in the global movement on behalf of 28 million people around the world living with cancer today.

Known for its iconic yellow wristband, LIVESTRONG has become a symbol of hope and inspiration to people affected by cancer around the world. Since its inception, the organization has raised more than $400 million for the fight against cancer.

SUPPORT LIVESTRONG
Introducing Trek's LIVESTRONG collection: three of our most popular models decked out in LIVESTRONG yellow component and paint details. $50 from the sale of every Trek LIVESTRONG bike goes to the Lance Armstrong Foundation to help improve the lives of people living with cancer.

/ FITNESS

The most versatile bikes on the planet.

This is our most popular bike category, with good reason. Fitness bikes are the ultimate multi-talented ride. Workout machine, capable commuter, suburban warrior—they do it all well. They're the surest answer to the question, "What kind of bike should I get?"

Glossary of features

ERGO GRIPS Grips take the rider's hand shape into account for more comfort and greater control.

ISOZONE HANDLEBAR AND GRIPS Vibration-damping material absorbs road bumps and buzz for an incredibly comfortable ride. An FX exclusive.

FLEX FORM SADDLE Flex Form rubber elastomer allows the saddle to subtly rotate side to side to accommodate the body's natural movement while pedaling.

ISOZONE MONOSTAY Vibration-damping material absorbs road bumps and buzz for an incredibly comfortable ride. An FX exclusive.

HARD-CASE TIRES Bontrager's top-of-the-line triple flat protection—the best in the business.

SPEEDTRAP COMPATIBLE SpeedTrap seamlessly integrates the computer sensor into the fork to measure speed and distance with no added aerodynamic drag.

PUNCTURE-RESISTANT TIRES Tough tires help keep flats from slowing you down.

RACK & FENDER READY Built-in mounts make it easy to add racks and fenders for added versatility.

WSD Women's Specific Design, sized and spec'd to fit women right from the start.

HYDROFORMED FRAME Sophisticated tube shapes make a frame that's light, strong, and perfectly suited to the task at hand.

STAGGER FRAME Easy-on, easy-off stepthrough frame is perfect for anybody not interested in slinging a leg over the top tube.

DISC BRAKES Reliable stopping power in all conditions, including wet and muddy.

LIVESTRONG DONATION $50 from the sale of every Trek LIVE**STRONG** bike goes to LIVE**STRONG** to help improve the lives of people affected by cancer.

CRANK: COMPACT Two front chainrings with shorter gearing, for the best combination of climbing ability and flat-terrain speed.

E2 HEAD TUBE AND FORK Tapers from a 1.5" lower to a 1-1/8" upper, placing more material where it matters most for the stiffness of a full 1.5" system without the added weight.

/ FX
The fastest way to fit.

WHY FX
What's not to love? FX is lightweight, agile, and fun to ride. Exceptionally versatile, but sporty enough to make your bike workout the best part of the day.

PROFILE
We call it a fitness bike, but this is Trek's most popular bike for a reason. Roadies, commuters, fitness freaks, errand runners, Sunday riders—everyone loves the FX.

❶ HIGH-END ROAD BIKE TECH
NEW FOR 2012: The top-end FX models borrow popular road bike technology to make a faster, sportier ride. E2 tapered head tube and fork. A 2x10 compact road drivetrain.

❷ RIDE LONGER FEATURES
Saddles that flex in all the right ways, vibration-smoothing IsoZone technology, super-comfortable bars and grips—all so you can ride as long as you want.

❸ ROAD-INSPIRED FRAME
NEW FOR 2012: We've combined our wildly popular FX geometry with tube shapes inspired by Trek's road heritage for an even lighter, faster chassis.

❹ VERSATILITY
Get fit, ride to work, pull the kids, haul groceries, cruise the neighborhood—all on FX.

Glossary of features

21, 24, OR 27 SPEEDS A wide gear range is perfect for the widest variety of terrain.

ALPHA ALUMINUM FRAME Trek's performance-engineered Alpha Aluminum is shaped and tuned for ultimate steering performance and ride comfort.

HYDRAULIC DISC BRAKES Hydraulic disc brakes provide ultimate control and stopping power.

MECHANICAL DISC BRAKES Mechanical disc brakes provide excellent stopping power.

LINEAR-PULL BRAKES Caliper rim brakes are the classic, lightweight standard for solid stopping power.

RACK & FENDER READY Built-in mounts make it easy to add racks and fenders for added versatility.

SUSPENSION FORK Shock-absorbing fork allows the front wheel to travel up and down over bumps while the handlebars stay steady, for a comfortable, controlled ride.

SUSPENSION LOCKOUT Allows you to lock out the suspension fork for efficient riding on smooth terrain.

GARY FISHER COLLECTION Innovative bikes imagined by Gary Fisher, built by Trek.

REMOTE LOCKOUT Handlebar-mounted controls for on-the-fly suspension lockout as you switch terrains.

WSD RIDER RIGHT SUSPENSION Our proprietary Rider Right spring rate is specially tuned to suit women riders for unbeatable handling, control, and comfort.

WOMEN'S DISC BRAKES Gain ultimate control with women-specific levers for a comfortable fit and dual pistons for reliable stopping power.

/ DS SERIES
One bike does it all.

WHY DUAL SPORT
Dual Sport is a true off-road/on-road machine—road bike fast, mountain bike tough.

PROFILE
If you're looking for that one perfect go-anywhere bike, Dual Sport is it—equally adept on road or off.

❶ ALPHA GOLD ALUMINUM
Alpha Gold Aluminum frame is based on the 29er hardtail frame. Great for rugged terrain, yet still quick on the pavement.

❷ ROAD BIKE FAST
Lightweight frame, 700c wheels, and dual-tread pattern tires roll efficiently on pavement. Keep up with your friends, or pass them by.

❸ MOUNTAIN BIKE TOUGH
Modeled after the Fisher Collection 29er hardtails, these bikes are ready for light-duty mountain biking.

❹ SUSPENSION LOCKOUT
8.5, 8.4, and 8.3 DS feature suspension lockout for efficient, fast riding on smooth surfaces.

8.5 DS

/ NEKO

Versatile. Practical. FUN.

WHY NEKO

Neko is road bike fast, trail bike capable and urban-ready. Fun, versatile, and practical for the diverse demands of your daily life.

PROFILE

If you're looking for that one perfect go-anywhere bike, Neko is it—equally adept on road or off.

❶ LIGHTWEIGHT FRAME THAT FITS

Neko offers a balanced, confidence-inspiring ride with the lowest standover in its class. Lightweight and durable, no need to compromise.

❷ TRAIL BIKE CAPABLE

Ready for dirt and gravel trails, Neko gives you the versatility to explore more. Go ahead, take the shortcut.

❸ ROAD BIKE FAST

Lightweight frame, 700c wheels, and dual-tread pattern tires roll efficiently on pavement. Keep up with your friends, or pass them by.

❹ WOMEN'S SPECIFIC DESIGN

WSD considers your bike as a complete system, from frame geometry to gearing to the many touchpoints that determine the fit and feel of your ride.

/ URBAN UTILITY
Glossary of features

INTERNAL GEAR HUB Fully encased and derailleur-less for easy and consistent shifting in any condition.

RACK & FENDER READY Built-in mounts make it easy to add racks and fenders for added versatility.

DISC BRAKES Reliable stopping power in all conditions, including wet and muddy.

BELT DRIVE Durable carbon belt drive system is lighter, cleaner, quieter, and lower-maintenance than a chain.

FENDERS The secret to a clean, dry ride in less-than-perfect conditions.

RACKS Racks make commuting and hauling a practical reality, so it's easier to go by bike.

LIGHTS See and be seen. Extend your riding hours with high-visibility headlights and taillights.

PUNCTURE-RESISTANT TIRES Tough tires help keep flats from slowing you down.

WSD Women's Specific Design, sized and spec'd to fit women right from the start.

GARY FISHER COLLECTION Innovative bikes imagined by Gary Fisher, built by Trek.

SINGLESPEED Beautifully simple. One gear, no shifting, but you can still coast just as you would on a multi-speed bike.

RIDE+ OPTION Ride+ is a bicycle with a motor and battery. It's your power, plus.

ALPHA GOLD ALUMINUM Trek's premium alloy, formed into sophisticated tube shapes for maximum strength and minimum weight.

ALPHA SILVER ALUMINUM Trek's durable, straight-gauge performance aluminum.

STEEL FRAME The classic frame material: bombproof, smooth riding, and eco friendly.

BOTTLE OPENER Opens bottles.

LIVESTRONG DONATION $50 from the sale of every Trek LIVE**STRONG** bike goes to LIVE**STRONG** to help improve the lives of people affected by cancer.

OVER-CENTER DROPOUT Over-center dropout keeps your rear wheel in place even without a skewer, for hassle-free singlespeed wheel fixes.

CENTERTRACK BELT DRIVE CenterTrack keeps the carbon belt perfectly aligned and free of debris for a smooth, silent drivetrain.

ECCENTRIC BOTTOM BRACKET Eccentric BB allows for a geared or singlespeed drivetrain.

FLIP-FLOP DROPOUTS Can morph from a vertical to horizontal dropout to allow gears, singlespeed, or internal gear hub for ultimate versatility.

DOUBLE-LEGGED KICKSTAND Wide-stance double stand keeps bike stable and level for easy cargo loading.

BONTRAGER TRANSPORT CARGO BAG Extra-large-capacity bag can hold 2 full bags of groceries.

OVERSIZED RACKS Oversized front and rear racks are perfect for heavier loads.

/ SOHO

The bike solution to the car problem.

WHY SOHO

It's a dedicated, low-maintenance, tricked-out commuter bike. Every detail makes getting from point A to B as simple and reliable as possible.

PROFILE

Soho riders view their bike the way freeway junkies view their car: as an absolute necessity.

❶ INTERNAL GEAR HUB

Say goodbye to derailleurs, drivetrain maintenance, and chain hop.

❷ STOPPING POWER

Weatherproof brakes (disc on Soho DLX, roller on Soho) provide confident stopping in all conditions.

❸ COMMUTE READY

Your commute begins now. Comes with color-matched fenders, right out of the box.

❹ URBAN ARMOR

Flat-resistant, weather-worthy tires keep you going, day in and day out.

/ DISTRICT

Fashion gets functional.

WHY DISTRICT

The District's style is more refined to reflect the trends. It also gets more practical with a stylish 1x9 drivetrain option.

PROFILE

District riders crave fast urban transport with a refined sense of style. Look sharp, ride fast.

❶ BELT DRIVE

Stronger, lighter, and cleaner than any chain. Belt Drive is low-maintenance urban simplicity at its best.

❷ MORE GEARING CHOICES

The 9th District brings a good looking and practical 1x9 drivetrain to help get you up and over steeper hills.

❸ FREE OR FIXED, YOU CHOOSE

The District features a flip-flop hub so you can transition from free-wheel to fixed gear in a snap.

❹ VERSATILE STYLE

Ample tire and fender clearance and room for racks add urban versatility to District's killer styling.

- WSD: sized and spec'd to fit women

/ EARL

Tasty bike. Honest price.

WHY EARL

It's a durable, simple, affordable getaround bike.

PROFILE

Earl is the quintessential campus ride. Take it to class, then tear it up on the polo field, then head to the afterparty.

❶ IT'S JUST EARL

This bike fills a void in the Trek lineup—an Earl-shaped void.

❷ SINGLESPEED

One gear is all you need.

❸ SIMPLE STYLE

Look good, with enough scratch left over to cover the electric bill.

❹ WELL EQUIPPED

Yeah, it has a bottle opener. Why wouldn't it?

EARL

Gloss Black

Peel

SPECIFICATIONS

SIZES 49, 54, 57, 61cm
FRAME Chromoly steel, city design
FORK Steel
COLOR Gloss Black, Peel
CASSETTE 17T freewheel
CRANK Forged alloy 3 piece, 44T
PEDALS Nylon platform
WHEELS Alloy sealed bearing track hubs; Bontrager CR-65 32-hole rims
TIRES Bontrager H2, 700x28c
SADDLE Earl BMX type
SEATPOST Steel
HANDLEBAR Steel, 530mm width, 50mm rise
STEM Bontrager Approved, alloy
HEADSET Steel, sealed bearings
BRAKESET Tektro 800A caliper brakes

KEY FEATURES

- Chromoly steel frame and fork
- Flip-flop hub for fixed gear or singlespeed riding
- Long-reach caliper brakes for fender clearance
- Geometry is aggressive enough for speed but upright enough for a night on the town
- Twin top tube with an integrated bottle opener

/ BELLEVILLE

The better-built bike.

WHY BELLEVILLE

This gorgeous early 20th Century French porteur-inspired bike is eco-conscious from headlight to fender.

PROFILE

The Belleville rider thinks globally, acts locally, and bikes sustainably.

1 BUILT RIGHT

Responsibly manufactured from sustainably sourced, easily recycled materials like steel and natural rubber.

2 FULLY EQUIPPED

Steel front and rear racks can handle heavier loads for maximum utility. Bike more, drive less.

3 FLEXIBLE GEARING

3-speed internal hub is standard, but the Belleville frame can accept multi-speed-derailleur or singlespeed drivetrains.

4 LONG LIFE

This bike will last practically forever—and it's designed to be easily disassembled and recycled once its riding life is done.

BELLEVILLE

Dark Grey Powder

SPECIFICATIONS

SIZES 46, 51, 55, 59, 64cm
FRAME Chromoly steel, city design
FORK High tensile steel w/rack mounts
COLOR Dark Grey Powder
SHIFTERS Shimano Nexus, 3 speed
CASSETTE 19T cog
CRANK Alloy 3 piece, steel 44T chainring
PEDALS Steel city
WHEELS Shimano Nexus 3-speed rear hub, dynamo front hub; alloy 36-hole rims
TIRES Bontrager H2 Eco Design, 700x35c
SADDLE Bontrager Nebula Eco Design
SEATPOST Steel
HANDLEBAR Steel city design
STEM Steel integrated
HEADSET Semi-cartridge bearings, sealed
BRAKESET Tektro alloy caliper brakes
EXTRAS Matched fenders, chainguard, front and rear racks, dynamo powered lights

KEY FEATURES

- Saddle, grips, and tires manufactured through our Eco Design process
- Oversized front and rear racks are perfect for heavier loads
- Bontrager H2 Eco tires are made of natural, sustainably sourced rubber
- Front and rear generator lights are powered by pedaling—no batteries!
- Recyclable steel frame offers a smooth ride and accommodates multiple gearing options

ATWOOD

Twilight Blue Powder

SPECIFICATIONS

SIZES 15, 17.5, 20, 22.5, 25"
FRAME Steel, urban design
FORK High tensile steel w/lowrider mounts
COLOR Twilight Blue Powder
SHIFTERS Shimano EF51, 7-speed trigger
FRONT DERAILLEUR Shimano Altus
REAR DERAILLEUR Shimano Acera
CASSETTE SRAM PG-730 12-32, 7 speed
CRANK Shimano M131, 48/38/28 w/chainguard
PEDALS Steel city
WHEELS Alloy front hub, Shimano RM30 rear hub; 36-hole alloy rims
TIRES Bontrager H2 Eco Design, 700x35c
SADDLE Bontrager Nebula Eco Design
SEATPOST Steel
HANDLEBAR Trek Urban, alloy
STEM Steel quill, 25 degree rise
HEADSET Steel, semi-cartridge bearings
BRAKESET Tektro linear pull brakes w/Shimano EF51 levers

KEY FEATURES

- Full Eco Design bike
- Riding geometry mirrors our immensely popular FX line
- Bontrager H2 Eco tires are made of natural, sustainably sourced rubber
- Designed for easy disassembly and recycling—eco-conscious even beyond its lifespan

/ PDX
Jack of all trades.

WHY PDX
We're not saying that the PDX is the only bike you need to conquer the city, but we're not saying it's not, either.

PROFILE
If you demand a lot from your bike, and want a ride that can handle challenging conditions, PDX is for you.

❶ BOMBER BUILD ON A BUDGET
The PDX build is all about value and durability. Proven components and drivetrain will keep you riding for a long time.

❷ URBAN COMPATIBILITY
Rack and fender compatibility make this bike ready for any and all urban adventures.

❸ NEW PDX FRAME
NEW FOR 2012: This frame is fast, with an urban edge and smart features like flip-flop dropouts that make it easy to go from geared to singlespeed.

❹ URBAN VERSATILITY
Fitness bike geometry with disc brakes, urban bars, rack and fender compatibility, and a bomber build give this bike a do-anything attitude.

PDX
Matte Black

SPECIFICATIONS

SIZES 15.5, 17.5, 19, 21, 22.5"
FRAME Alpha Gold Aluminum, flip-flop dropouts
FORK Straight blade disc w/lowrider mounts
COLOR Matte Black
SHIFTERS Shimano EF51, 8-speed trigger
FRONT DERAILLEUR Shimano Tourney
REAR DERAILLEUR Shimano Acera
CASSETTE Shimano HG31 11-32, 8 speed
CRANK Shimano M171, 48/38/28 w/chainguard
PEDALS Resin body w/alloy cage
WHEELS Alloy disc hubs; Bontrager 750 disc 32-hole alloy rims
TIRES Bontrager Race All-Weather Plus, 700x28c
SADDLE Bontrager SSR
SEATPOST Bontrager SSR
HANDLEBAR Trek Urban, alloy
STEM Bontrager Approved, alloy
HEADSET Threadless, sealed
BRAKESET Tektro Novela mechanical disc brakes w/Shimano EF51 adjustable-reach levers

KEY FEATURES

- Flip-flop dropout goes from vertical to horizontal to allow gears, singlespeed, or internal gear hub for ultimate versatility
- Rack and fender compatible
- 8-speed Shimano drivetrain
- Mechanical disc brakes

/ TRANSPORT
Take it all with you.

WHY TRANSPORT
This built-to-haul bike is the ultimate in two-wheeled cargo utility.

PROFILE
For those who have baggage—and are proud to take it with them. Transport expands what's possible by bike. Haul groceries, gear, books, life.

❶ CARGO BAG
Lockable cargo bag can fit two paper grocery bags side by side. Coated ballistic nylon with padded bottom, drain hole, external Velcro pocket, and zippered internal pocket.

❷ URBAN PRACTICALITY
Transport comes equipped ready to handle any situation. Folding load racks, fender, front rack, double-legged kickstand.

❸ LONGTAIL DESIGN
Extended wheelbase on the longtail frame can handle whatever you need to haul.

❹ URBAN STYLE
Distinctive longtail frame looks great, and declares that you mean business.

TRANSPORT
Matte Metallic Bronze

SPECIFICATIONS

SIZES 17, 20"
FRAME Trek Aluminum cargo design w/folding load racks

Glossary of features

ALPHA ALUMINUM FRAME Trek's performance-engineered Alpha Aluminum is shaped and tuned for ultimate steering performance and ride comfort.

HYDROFORMED FRAME Sophisticated tube shapes make a frame that's light, strong, and perfectly suited to the task at hand.

HIGH-TENSILE STEEL FRAME Strong, plain and simple.

FEET FIRST GEOMETRY Plant your feet firmly on the ground without ever leaving the saddle for ultimate confidence and stability.

STEPTHROUGH GEOMETRY Easy-on, easy-off stepthrough frame is perfect for anybody not interested in slinging a leg over the top tube.

SUSPENSION FORK Shock-absorbing fork allows the front wheel to travel up and down over bumps while the handlebars stay steady, for a comfortable, controlled ride.

SUSPENSION SEATPOST Cushions the tush for ride-long comfort.

PUNCTURE-RESISTANT TIRES Tough tires help keep flats from slowing you down.

3-SPEED INTERNAL HUB 3 speeds are better than 1 speed. Internal hub is protected from the elements and virtually maintenance free.

21, 24, OR 27 SPEEDS A wide gear range is perfect for the widest variety of terrain.

7 SPEEDS 7 speeds provide a simple gear range that handles hills with ease.

TANDEM A bicycle built for two.

ADJUSTABLE STEM Set handlebar height to your ideal position with an easy-to-use adjustable stem.

WSD Women's Specific Design, sized and spec'd to fit women right from the start.

WHY HYBRID
Pavement or path, Hybrid will carry you wherever you want to go.

PROFILE
Looking for comfortable, smooth-rolling recreation? Prefer an upright ride, and would rather enjoy the scenery than rush past it? This is a path and pavement vacation on wheels.

❶ ADJUSTABLE STEM
Set your handlebar height to the perfect, most comfortable position with an easy-to-use adjustable stem.

❷ INCREDIBLY COMFORTABLE SADDLES
Gel- and foam-cushioned Bontrager Boulevard saddles are a comfy place to enjoy the view.

❸ ALPHA ALUMINUM
The perfect hybrid material, for bikes that are road light and mountain tough.

❹ SMOOTH RIDE
Bump-absorbing forks and suspension seatposts smooth out the way ahead.

/ NAVIGATOR

Easy riding.

WHY NAVIGATOR

Because riding a bike should be easy, fun, and worry free.

❶ COMFY TOUCHPOINTS

Ergo Grips, supersoft saddles, suspension fork and seatpost take all the bite from the road or trail.

❸ CONTROL

A higher hand position enhances the feeling of total control.

PROFILE

Navigator is low to the ground, easy to ride—comfort on wheels with quality components.

❷ EXTRA PADDING

All Navigator saddles come with extra padding in all the right places.

❹ STABILITY

26" tires provide wider road-to-tire surface for a more stable ride.

/ COCOA

Stylish, flirty, and carefree.

WHY COCOA

Fashion and comfort. Cocoa delivers both with head-turning style and a comfortable, relaxed ride.

PROFILE

Flirty, fun and stylish. Riding Cocoa makes you grin like a 14-year-old with a new crush. Perfect for shopping in the city or breezing along sunflower fields.

❶ COMFORT AND CONTROL

Cocoa comfort saddle, swept-back handlebar, and smooth, internal 3-speed shifting provide a supple, easy ride.

❷ STYLE-SAVING DETAILS

Grime-busting integrated skirt and chain guards keep your latest ensemble clean and dry. Fenders keep unexpected puddles at bay.

❸ FASHION FORWARD TECHNOLOGY

Functional and fashionable, retro yet modern, impeccably finished.

❹ WOMEN'S SPECIFIC DESIGN

WSD considers your bike as a complete system, from frame geometry to gearing to the many touchpoints that determine the fit and feel of your ride.

PEDALS Steel, city type
WHEELS Alloy front hub, Shimano Nexus 3-speed rear hub; 36-hole double-wall alloy rims
TIRES Bontrager H2, 700x32c
SADDLE Cocoa comfort saddle
SEATPOST Alloy seatpost w/clamp
HANDLEBAR Alloy, swept-back
STEM Forged alloy
HEADSET Threaded, 1"
BRAKESET Long reach alloy caliper brakes w/alloy 4-finger levers
EXTRAS Fenders, kickstand, skirt guard, full-coverage chainguard

KEY FEATURES

- Modern, light alloy frame delivers head-turning style and a relaxed ride
- Cocoa comfort saddle keeps you supported and stylish
- Swept-back handlebar looks great and provides confidence-inspiring handling
- Smooth Shimano Nexus 3-speed shifting for a supple, easy ride
- Proprietary skirt guard, chainguard, and fenders prevent grime from ruining your ride
- WSD: sized and spec'd to fit women

/ PURE
Pure enjoyment.

WHY PURE
Pure is our easiest-to-use geared bike. Easy on, easy off. Stay in the saddle, put your feet down. Ahhhh.

PROFILE
Biking doesn't get any easier than this. Pure's low stance and stable ride inspire confidence—and you can plant both feet on the ground while sitting on the saddle.

❶ BALANCE & CONTROL
Our exclusive Feet First geometry lets you plant your feet firmly on the ground without ever leaving the saddle.

❷ LOWSTEP ON AND OFF
Every Pure offers a lowstep option for easy step-through entry.

❸ COMFORTABLE RIDE
Relaxed, heads-up riding position. Comfy cruiser saddle. Wide, stable tires. Enjoy the ride!

❹ SLEEK FRAME
A slim and sexy Alpha Aluminum frame makes Pure ride light and look great.

/ ELECTRIC ASSIST

Your power, plus.

ELECTRIC, DONE BETTER
Ride+ is a bicycle with a motor and battery. It provides a boost to your own pedal power, so you can ride farther, faster, and with less effort.

Fly up hills. Scoff at the wind. Haul a heavy load. Take the long way home. And do it all without breaking a sweat, thanks to the smooth, exhilarating power of electric assist. Unbelievably fun, undeniably practical.

ABOUT THE COLLECTION
Trek Ride+ bikes are the best electric-assist models on the market, with quick, predictable, easy-to-control power and a long-lasting removable battery that recharges at any household outlet.

FITNESS
339 FX+

RECREATION
341 7200+ & WSD

URBAN UTILITY
343 Valencia+

/ RIDE+ TECHNOLOGY

YOUR POWER, PLUS
With Trek Ride+ it's your power, plus. When the electric-assist system is engaged, it provides a boost to your own pedal power. Pedal as much as you want, and the bike will assist you as much as you want.

Unlike mopeds or scooters, Ride+ has no throttle — just engage the Trek Syn Drive, determine the desired level of assistance, and go.

A SMOOTH, QUIET RIDE
Our high-performance brushless hub motor eliminates friction and wear on internal parts. Its smooth, quiet ride maximizes the lithium ion battery's energy and provides 350 watts of powerful torque at a wide range of speeds. Hills? Headwinds? No problem.

SMOOTH, PREDICTABLE POWER
Trek's innovative Syn Drive electronic motor management system constantly adjusts power flow based on pedaling force, resistance, and speed. You control it with an easy-to-use handlebar-mounted computer that also displays battery life, assistance, time, speed, and distance. Four levels of assistance let you choose how much extra assist you need. End result: a very natural cycling experience with an extra boost.

EASY AND CONVENIENT
Ride+ lithium ion batteries hold their charge for an exceptionally long time. And when the low battery indicator tells you it's time to recharge, you can remove the battery or leave it on the bike, and plug it in to any standard electrical outlet.

MAXIMIZE BATTERY LIFE
Put Ride+ into regenerative mode while going downhill, and your brakes will keep the bike at a constant speed while converting the remaining downhill momentum into energy. Ride+ uses that energy to charge the battery, maximizing battery life over longer rides.

/ FX+
Fit, faster and farther.

WHY FX+
This is the ultimate ride-longer bike. Standard FX features keep you comfortable, and Ride+ can carry you far and bring you back home.

PROFILE
If your craving for fitness and fun extends beyond the range of your own pedal power, or if you need to arrive looking and feeling fresh, FX+ is your perfect ride.

❶ RIDE+ ELECTRIC ASSIST
Ride+ gives you smooth, predictable power, intuitive control, and a long-lasting removable battery that recharges at any household outlet.

❷ VERSATILITY
Get fit, ride to work, pull the kids, haul groceries, cruise the neighborhood—all on FX.

❸ RIDE LONGER FEATURES
Saddles that flex in all the right ways, vibration-smoothing IsoZone technology, super-comfortable bars and grips—all so you can ride as long as you want.

❹ FARTHER, FASTER
It's the perfect combo: the Ride Longer features of our FX platform plus the electric assist of Ride+. Ride farther, faster, and with less effort.

FX+

HEADSET Slimstak, semi-cartridge bearings, sealed
BRAKESET Tektro linear-pull brakes w/Tektro alloy levers, Kraton inserts
EXTRAS 44-cell battery, Ride+ G2 controller, front & rear lights, wide-stance kickstand

KEY FEATURES

- All the FX Ride Longer features, like IsoZone vibration damping and Flex Form saddles
- Smooth, responsive Syn Drive G2 controller lets you choose the level of assist
- High-performance Silent Drive motor provides controlled, predictable power
- Removable battery charges at any household outlet
- Larger-capacity 44-cell battery for longer range
- Also available in a non-electric version (see page 258)

/ 7200+
Ride without limits.

WHY 7200+
Hybrid versatility meets electric assist performance. Where will it take you?

PROFILE
Ride this bike however you want to ride: on the road or down the path, under your own power or with a boost from Ride+ electric assist.

❶ RIDE+ ELECTRIC ASSIST
Ride+ gives you smooth, predictable power, intuitive control, and a long-lasting removable battery that recharges at any household outlet.

❷ SMOOTH RIDE
Bump-absorbing forks and suspension seatposts smooth out the way ahead.

❸ INCREDIBLY COMFORTABLE SADDLES
Gel- and foam-cushioned Bontrager Boulevard saddles are a comfy place to enjoy the view.

❹ ADJUSTABLE STEM
Set your handlebar height to the perfect, most comfortable position with an easy-to-use adjustable stem.

KEY FEATURES

- Suspension fork smoothes out bumps and potholes
- Smooth, responsive Syn Drive E-Z controller lets you choose the level of assist
- High-performance Silent Drive motor provides controlled, predictable power
- Removable battery charges at any household outlet
- Lightweight 33-cell battery
- Lowstep option is perfect for anybody who'd rather not swing a leg over the top tube
- WSD: sized and spec'd to fit women

/ VALENCIA+
Master of the commute.

WHY VALENCIA
This bike is tough enough for the daily commute, with the added boost of Ride+ electric assist.

PROFILE
Arrive looking fresh even after a long or hilly ride, thanks to the sweat-free ride of Ride+ electric assist.

❶ CONVENIENCE
Easily removable battery averages 40 miles per charge, and can be recharged on or off the bike. A standard wall outlet is all you need.

❷ QUIET POWER
Super-quiet Silent Drive motor provides smooth, consistent power.

❸ LONGER RIDES
It's the perfect combo: the Ride Longer features of our Valencia platform plus the electric assist of Ride+ let you ride farther, faster, and with less effort.

❹ SMOOTH CONTROL
Syn Drive is the best electric motor control system on the market. No jerky starts and stops, and the display offers tons of information on speed, power, and battery life.

KEY FEATURES

- Disc brakes for consistent stopping power in any weather
- Urban accessories include full-coverage fenders, lights, and rear rack
- Smooth, responsive Syn Drive G2 controller lets you choose the level of assist
- High-performance Silent Drive motor provides controlled, predictable power
- Removable battery charges at any household outlet
- Larger-capacity 44-cell battery for longer range

/ TRANSPORT+
A new way to haul.

WHY TRANSPORT+
Transport+ combines two of Gary Fisher's passions: cargo bikes and electric assist. It'll change your mind about what a bike can do—which is just how Gary likes it.

PROFILE
Perfect for those who have more load than legs. Haul groceries, lumber, gold bricks, whatever. Transport+ has the capacity and power to get stuff done by bike.

❶ RIDE+ ELECTRIC ASSIST
Ride+ gives you smooth, predictable power, intuitive control, and a long-lasting removable battery that recharges at any household outlet.

❷ CARGO BAG
Lockable cargo bag can fit two paper grocery bags side by side. Coated ballistic nylon with padded bottom, drain hole, external Velcro pocket, and zippered internal pocket.

❸ URBAN PRACTICALITY
Transport comes equipped ready to handle any situation. Folding load racks, fender, front rack, double-legged kickstand.

❹ LONGTAIL DESIGN
Extended wheelbase on the longtail frame can handle whatever you need to haul.

ALPHA ALUMINUM FRAME Trek's performance-engineered Alpha Aluminum is shaped and tuned for ultimate steering performance and ride comfort.

HIGH-TENSILE STEEL FRAME The classic frame material: durable, smooth riding, and eco friendly.

FEET FIRST GEOMETRY Plant your feet firmly on the ground without ever leaving the saddle for ultimate confidence and stability.

SINGLESPEED Beautifully simple. One gear, no shifting, but you can still coast just as you would on a multi-speed bike.

3-SPEED INTERNAL HUB 3 speeds are better than 1 speed. Internal hub is protected from the elements and virtually maintenance free.

7 SPEEDS 7 speeds provide a simple gear range that handles hills with ease.

STAINLESS STEEL SPOKES Top-quality SS spokes stay strong, look great, and resist rust.

RUST-RESISTANT CHAIN Helps keep your drivetrain safe from the elements.

FENDERS The secret to a clean, dry ride in less-than-perfect conditions.

COASTER BRAKE HUB Pedal backward, and the brake engages. It's easy, reliable, and protected from the elements.

HAND BRAKES Confident, controlled braking at your fingertips.

KICKSTAND Lets your bike stand on its own two wheels when parked.

/ CLASSIC

Live life in cruise.

WHY CLASSIC

We could all use a little more fun in our lives, and Trek Classic Cruisers deliver. Inspired by the true American classics, with updated styling and materials.

PROFILE

You have to get to the beach somehow—preferably on a bike. Even if the beach is really just an attitude, the Classic will get you there in carefree style.

❶ COASTER BRAKE

The classic push-back stopping mechanism found on most models is immune to sand.

❷ INTERNAL HUB

Select Cruiser models feature a 3-speed internal hub sealed against sand, ice cream, and anything else the boardwalk throws at you.

❸ FEET FIRST GEOMETRY

Our exclusive Feet First geometry lets you plant your feet firmly on the ground without ever leaving the saddle.

❹ RUST BUSTING

Sealed bearings, aluminum components, anti-rust coatings, fully painted parts, and Alpha Aluminum frames on select models keep your ride pristine.

/ CALYPSO
Fashionably functional fun.

WHY CALYPSO
Calypso is a real bike cleverly disguised as a Cruiser. If you still want to cruise but need to get over hill and dale to find the beach, Calypso is where you want to be.

PROFILE
Love retro cruiser style, but crave modern convenience? With 7 speeds and hand brakes, Calypso understands.

❶ FEET FIRST GEOMETRY
Our exclusive Feet First geometry lets you plant your feet firmly on the ground without ever leaving the saddle.

❷ RUST BUSTING
Alpha Aluminum frames keep the rust at bay while keeping the bike karma up.

❸ GEARS AND BRAKES
Equipped with 7 speeds and hand brakes for comfortable climbing and confident braking.

❹ VERSATILITY
Calypso lets you live the cruiser lifestyle without sacrificing performance and function.

MT 220 374 / Jet 20 377

/ KIDS

Every kid should have a great bike.

Remember your first bike? The joy you felt when you first laid eyes on it? The sense of freedom and adventure when you set out for a ride? The thrill of moving faster than your feet could carry you?

We want every kid to have a great first-bike experience—and a great experience with every bike after that.

We build our kids' bikes to ride better, last longer, and carry kids safely to more adventures. And we load them with super-smart features, like our exclusive Dialed Fit system that allows the bike to grow along with its young rider.

/ DIALED FIT

A perfect fit for fun, and for years to come.

1 DIALED FRAME FIT
All Trek Kids' frames are Dialed with the proper length, standover height, and body position to make the bike more stable, giving young riders confidence and keeping them in control.

2 DIALED BAR AND STEM
Each size bike has the appropriate bar length and width, combined with adjustable reach for just the right fit.

3 DIALED SADDLE
Each size bike has the appropriate size saddle, and you can adjust saddle height as your child grows.

4 DIALED PEDALS
Every model is equipped with kid-size pedals to fit smaller feet.

DIALED
FIT SPECIFIC DESIGN

Our goal was simple: design all our kids' bikes to fit right from the start and to grow with the rider. Our method: Dialed Fit Specific Design.

We started by taking body measurements from hundreds of kids to achieve the best fit for each of our kids' bikes. We built on that fit foundation to further enhance kids' contact points with the bike, for models that not only fit right, but are safer and more fun to ride. In other words: bikes kids love.

5 DIALED CRANK LENGTH
Crank length is matched to bike size, for best fit and performance.

6 DIALED GEARING
Every geared model is Dialed to the rider's age and strength, so the bike is just right for fun, not too hard or too easy to pedal.

7 DIALED BRAKE LEVER
Adjustable-reach brake levers fit small hands for safe and confident stopping power.

8 DIALED ADJUSTABLE CRANK
Two pedal mounting positions let you adjust crank length as your child grows.

DIALED FRAME FIT All Trek kids' frames are Dialed with the proper length, standover height, and body position to make the bike more stable, and fit correctly as the child grows.

DIALED HANDLEBAR & STEM Each size bike has the appropriate length and width for its age range, combined with adjustable reach for just the right fit.

DIALED GRIP DIAMETER Every model is equipped with smaller-diameter grips to fit younger hands.

DIALED BRAKE LEVER SIZE Adjustable-reach brake levers are closer to small hands for safe and confident stopping power.

DIALED 2-POSITION, ADJUSTABLE CRANK Two mounting positions for the pedals let the crank length grow with the rider.

DIALED CRANK LENGTH Each size bike has the appropriate length for its age range.

DIALED GEARING Every model is made with gearing Dialed to the rider's age and strength, so the bike is just right for fun, not too hard or too easy to pedal.

DIALED PEDAL SIZE Every model is equipped with kid-size pedals to fit smaller feet.

DIALED SADDLE Each size bike has the appropriate size saddle for its age range, combined with the ability to adjust the height as the child grows.

ALPHA ALUMINUM FRAME Trek's lightweight, high-performance aluminum is durable and rustproof.

STEEL FRAME The classic frame material: bombproof, smooth riding, and eco friendly.

SUSPENSION FORK Front suspension absorbs the bumps of the road, path and trail, and looks cool while doing it.

SIMPLE, 7-SPEED SHIFTING Fewer speeds keep it simple for kids who are just learning how to shift, or who don't need all those extra gears.

HAND BRAKES Confident stopping for the youngsters who are ready to control their speed with their hands.

COASTER BRAKE Speed control is all in the legs for the little ones.

TRAINING WHEELS A little extra help in the balance department will support them as they learn to master two wheels.

FENDERS The secret to a clean, dry ride in less-than-perfect conditions.

/ WHY BUY FROM AN IBD?

Talking points every IBD should know.

RIGHT BIKE, RIGHT FIT

The key to happy cycling: buy the right bike and dial in the right fit. Our professional staff will help you do just that. We'll work with you to choose the bike that best suits where and how you want to ride, and we'll set up and adjust your new bike to make sure it fits you.

KNOWLEDGEABLE STAFF

Our employees live to ride, and it shows. We don't just sell cycling products, we use them every day. We keep up with the latest technologies and trends, and we'll help you sort through what's proven, what's promising, and what to avoid.

PROFESSIONAL MECHANICS

Our service department meticulously assembles and tunes every bike before it reaches the sales floor, and our professional tune-up and repair services will keep your bike in tip-top shape season after season.

TEST RIDES

The best way to get acquainted with a bike? Ride it! We encourage you to try before you buy.

SELECTION

We offer a wide range of bicycles and accessories, from kids' bikes to get-around bikes to high-performance road and mountain bikes, with a great selection of styles, sizes, and colors.

QUALITY BICYCLES AND ACCESSORIES

Materials and manufacturing matter. We want you to be happy with your purchase for a long, long time, so we sell high-quality products that are built to last. Our service department will install any accessory you buy and make sure you understand how to use it before you leave the store.

SERVICE AFTER THE SALE

To us, the bike sale is just the beginning. We'll be here for the life of your bike and beyond, helping you get the most enjoyment out of your ride. We'll answer your questions, service your bike, offer riding tips, sponsor clinics and events, and keep you posted on what's happening in the bike world. We want everyone to have a great ride!

WARRANTY

If you have a warrantable issue with a product we sell, we'll make it right. Period.

Available as in-store signage on Trek's online Marketing Builder, or as part of the Retail Cornerstones program.
