E-Urban

Spostarsi velocemente in città è sempre più difficile: strade intasate, metro affollatissime, treni in ritardo fanno ormai parte del passato.
L'eBike ti permette questo e molto altro, diventando parte integrante della mobilità urbana.

Moving quickly in the city is more and more difficult: congested streets, stuffy subways, train delays.
Not any more. The eBike makes commuting easier, becoming an essential part of urban mobility.
