
BROMPTON

We want to change cities.

Right now, cities are congested, polluted and full of people not moving enough.

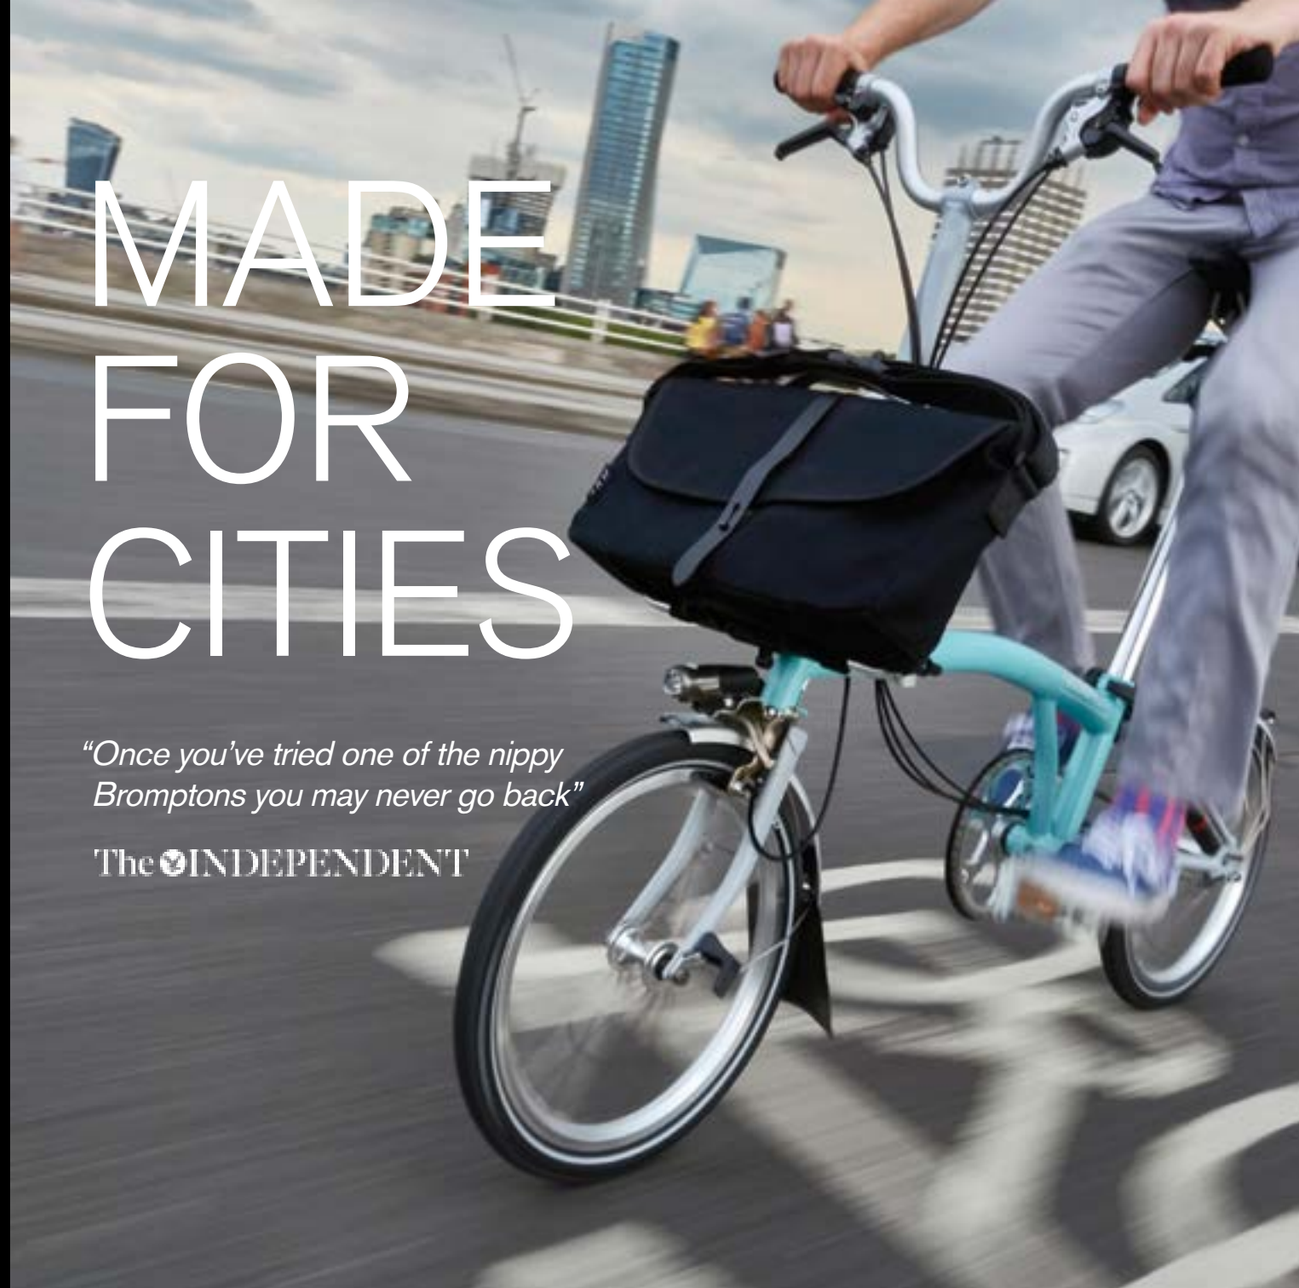

The bike is not the only solution but it is definitely part of it.

Even better, a bike that you can take with you, wherever you go.

Get out of the subway, metro or car. Start enjoying your city's streets and ride a bike.

Let's make cities better.

Will Butler-Adams
CEO of Brompton Bicycle

Made for Trains

Made for commuters and metros all over the world

Made for Socialising

Made for meet ups with friends and quick cafe stops

One of the many entries for the
#MyUnseenCity Competition

Made for Escaping

Made for getting
out of the city for a
weekend adventure

MADE IN LONDON

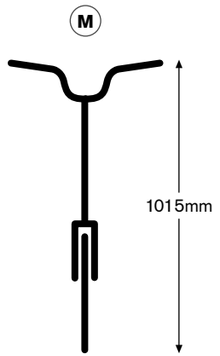

Each bike is still hand brazed and hand assembled at our factory in West London.

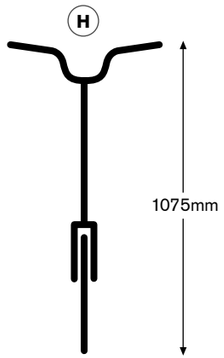

Build your own Brompton

See all the options and build your own by visiting www.brompton.com/build

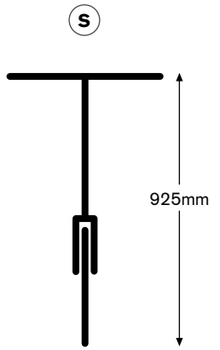

HANDLEBARS

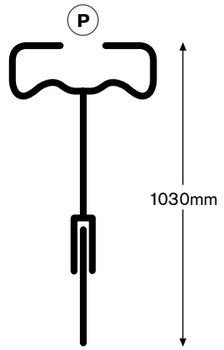

Classic handlebar shape, for added comfort

Similar to the M Type but 57mm higher- perfect for riders who prefer an upright riding position

For a lower, sporty and more responsive ride

A versatile handlebar which offers a dual handlebar position

GEARS

1 speed: Light and simple for the purists

3 speed: A robust hub gear, a popular choice for everyday cycling

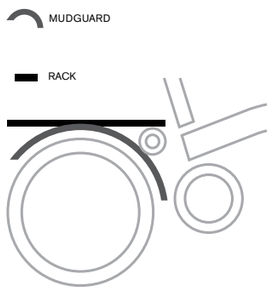

2 speed: Same as the 1 speed, but with an extra gear for climbing hills and accelerating

6 speed: The ultimate all-rounder with the widest range of gears

MUDGUARDS

E **NO MUDGUARDS**
Light and sporty

L **MUDGUARDS**
For all-weather cycling

R **MUDGUARDS & RACK**
For additional luggage space and a platform to aid mobility when folded

COLOURS

Standard all-steel frames can be ordered in two-tone

- **Black**
- **Grey**
- **Raw Lacquer**
- **Ivory**
- **Tempest Blue**
- **Racing Green**
- **Lime Green**
- **Turkish Green**
- **Lagoon Blue**
- **Berry Crush**
- **Red**

SPECIAL EDITIONS

Black Edition

Brompton has created a bike featuring a number of key components in black, giving a sleek urban look. Available in 4 colour options and at selected dealers worldwide.

Nickel Edition

Built in small batches with a 50 micron electrolysis nickel plating; giving a vivid reflective finish which is accentuated with contrasting black components. Available in steel or Superlight versions at selected dealers worldwide.
