ACCESSORIES

SADDLE BAG

The Saddle Bag is a convenient storage bag for detachable pedals or a secure place to stash your keys, mobile or wallet. Easy mounting is provided through the DAHON quick fix system and Velcro for seatpost mounting.

Features:
- Bag size: 11 x 20 x 12 cm (approx. 2.6L)
- Material: 600D Polyester
- Water resistant
- Reflective elements
- Stiff, padded side walls

DOUBLE REAR PANNIER BAG

The Double Rear Pannier bag was custom designed to fit the frame requirements of a folding bike. This bag consists of two side compartments both with a zipper closure and a connecting bridge with a carry strap to allow you to carry your belongings with you. Perfect for when you're on-the-go.

Features:
- Small carrier with on carrier clamp system
- Connecting bridge and carry strap
- Material: 600 Polyester
- Water resistant
- Bag size: 27 x 7 x 24 cm (approx. 9L)

STOW AWAY-SADDLE BAG

To transport your folding bike, use the lightest Dahon carrying bag. This stow away set consists of a foldable PU carry bag stowed in a saddle bag. The foldable bag fits 16 ", 20 " and 24 " folding bikes. This practical bag has padded straps, a zipper on the top and a drawstring at the bottom of the bag.

Features:
- Easy mounting with QR-Clip on saddle rails
- Material: 600D Polyester
- Water resistant
- Zipper-mesh pocket bag in bag cover
- Reflective elements
- Bag size: 20 x 11 x 13 (approx. 2.8L)

REAR CARRIER BAG

This nifty Rear Carrier Bag benefits from a clamping system and can be securely fastened with hooks and tensioning straps to ensure your belongings stay safely in place. With the help of two zippers the pocket size is expandable to double its original size.

Features:
- Extendable side pocket (with loop and hooks for safe hang) measuring 33 x 22 x 5
- Stiff padded side walls
- Material: 600D Polyester
- Reflective elements
- Bag size: 13 x 35 x 21 (approx. 10L)

FRONT BAG

Our Front Bag is a rugged, water resistant vessel designed to carry valuable items that need to remain protected and dry. The Front Bag comes with a detachable shoulder strap so you can keep your valuables with you at all times.

Features:
- Shoulder strap
- Easy mounting with DAHON quick fix system
- Material: 600D Polyester
- Water resistant
- High quality closing flap
- Bag size: 24 x 6 x 26 cm (approx. 4L)

FRONT CARGO BASKET

Confidently cruise the streets while keeping all your goodies in sight. With DAHON's Front Cargo Basket, there's no need to constantly turn around to check if everything is still there. Featuring a secure frame mount, the Front Cargo Basket doesn't affect steering and provides a low center of gravity for increased stability. Available with cargo net for extra security.

Features:
- Low center of gravity for increased stability
- Secure frame attachment won't affect steering
- Strong, wide and durable frame design to carry more

TWO IN ONE

VALET TRUSS

Our Valet Truss is specifically made to mount on the front of DAHON bicycles. This unique device uses the bike's frame to support your baskets and bags, not the handle-bars, keeping the weight of the contents centered and stable. This super strong, high quality aluminum truss is strong enough to carry up to 9 kg (20 lbs).

Features:
- Made with super strong, high grade aluminum
- Mounts to bike frame, not the handlebars, keeping weight centered
- Includes a quick release latch for attaching baskets and bags
- Holds up to 9 kg (20 lbs)

QUICK COUPLER

The Quick Coupler converts your bike bag or basket into an instant travel bag or tote. Ride with your cargo secure, and then remove instantly for safe-keeping, shopping, or transport. The Quick Coupler is made of reinforced fiber glass and nylon, and will hold all DAHON racks, bags and most types of baskets. Quick release lever locks securely in place. Mounting hardware included.

Features:
- Holds DAHON bags, racks and most other types of bags and baskets
- Instantly converts from a cargo carrier to shopping bag
- Durable, reinforced fiberglass and nylon material
- Quick-release safety locking system

BACK PACK CARRY BAG

This practical bag allows you to carry your DAHON on your back! The backpack folds together like a handbag making it easy to carry when empty. The Back Pack Carry Bag has removable shoulder and back cushions as well as a chest strap to ensure you stay comfortable when carrying. Inside pockets and padded shoulder straps provide additional comfort.

Features:
- Suitable for 16 " - 20 " and 24 " folding bikes
- Incl. removable padded shoulder straps and hidden back padding
- Bag size: 94 x 10.5 x 83 cm (approx. 80 l)
- Inside zipper pockets
- Additional carry straps with buckle
- Material: 600 D polyester
- Water resistant
- Protective padding

DAHON FOLDING BIKE CASE

DAHON's Folding Bike Case uses a combination of ABS + TPU to create a hard-wearing case that can help you transport your folding bike with ease. The space-saving travel case is designed with light and flexible material, paired with a hard shell created out of 747 ABS polymer so it can be easily transported. This tough case is a snug fit, thanks to vacuum formed plastic and a wear-resistant, anti-scratch surface that can withstand even the harshest of environments.

Product size:
- 20" case 695*375*780 (mm) full size
- 20" case 695*375*270 (mm) stowed
- weight: 4.6kg
- 16" case 695*340*620 (mm) full size
- 16" case 695*340*245 (mm) stowed
- weight: 3.9kg

DAHON FOLDING HELMET

This sleek and foldable bicycle helmet is designed to keep you safe without compromising on style. The helmet folds down to 40% of its original size so it can be easily stored in a bag. Stand out from the crowd with this eye-catching helmet.

Features: A folding system based on 4 flexible buckles, allowing for easy use while maintaining structural integrity. The folding system creates two ventilation gaps, with two extra hidden vents at the front for excellent breathability. The helmet is easily fitted thanks to its adjustable belts and flexible straps. Quality foam pads on the interior ensure total comfort.

This helmet complies with the latest EN1078:A1:2013 and CPSC regulations.
