DIRECT MOUNT STEM

Our gravity series of wheels and components is developed to function as a system performing in perfect harmony with one another. ENVE introduces the world's first full-carbon direct mount downhill stem that when paired with ENVE's carbon downhill bar amplifies rider comfort and control to levels previously undiscovered.

	DIRECT MOUNT 60
Weight:	112g
Length:	60mm
Rise:	15mm
Faceplate:	Uni Carbon w/alloy friction plate
Faceplate:	31.8mm

	DIRECT MOUNT 50
Weight:	117g
Length:	50mm
Rise:	20mm
Faceplate:	Uni Carbon w/alloy friction plate
Faceplate:	31.8mm

Key Features:

- Best strength to weight ratio of any direct mount stem on the market
- Full unidirectional carbon construction
- Full carbon face plate with alloy friction plate for enhanced bar clamping performance
- Chromoly steel hardware
- Two lengths offering multiple rise options
- Raced and proven by the Santa Cruz Syndicate
