CYCLES PEUGEOT · MENS SPORTS & LEISURE COLLECTION · 1989

www.bikeboompeugeot.com

THE ONLY

Every year Peugeot's Peufection Collection for men gets better and better. Leading the way in technical innovation, style and choice.

This year is no exception. There's a brilliant new range of competition racing machines, high performance sports cycles, junior racers, and city and leisure models. There's also the widest choice of All-Terrain bikes ever produced by a single manufacturer. But that's another story that takes up a whole catalogue of its own.

BE ONE UP IN PRO SPEC FITTINGS

Our dedication to performance and success is reflected in our continuing use of the most modern materials and the sophisticated construction techniques used on our assembly line.

For example, Peugeot were among the first manufacturers to replace hand welding with precision robot welding. Our exclusive 'lugless' welding was applied first to Peugeot Carbolite tubing, then to more sophisticated tubings such as HLE and Reynolds 501.

This has literally revolutionised the art of cycle building, providing incomparable lightness and high tensile strength. Peugeot have also pioneered the introduction of HLE tubing. High Limit Elasticity is a new generation Mangalloy tubing that combines ultra lightness and geometric design versatility with impressive frame rigidity and strength.

REYNOLDS 753

We have also incorporated the latest, most innovative pro spec components available when making our production plans for 1989. Reynolds frames and forks, alloy components including the new index gearing systems, Biopace chainsets, Wolber rims and tubulars, and aerodynamic concealed brake cables all feature strongly in this year's models.

Nowhere are Peugeot's supreme standards of performance specification more stunningly demonstrated than on the new 753 Pro, a magnificent off-the-peg racing machine that brings together the most comprehensive list of professional fittings ever.

www.bikeboom.peugeot.com

WAY IS UP

BE ONE UP IN STYLE

Technical innovation is only part of the Peugeot Peufection story. In the world's great cycling races, Peugeot's exclusive corporate graphic design, now made even more distinctive for 1989, is instantly recognisable up at the front of the field. Many of the models in the 1989 Peufection Collection are superbly finished in Peugeot team replica colours as ridden in the Tour de France and Tour of Britain. All of them feature Peugeot's vibrant multi-tone frames that represent the epitome of cycling fashion and style.

BE ONE UP IN CHOICE

Cycling is now enjoyed by more people than ever before. To make sure we stay ahead of other manufacturers we are constantly reviewing the cycle market, responding to your demands, and producing new models to meet the requirements of every type of cyclist.

In the city, on the open road, or on the race track, Peugeot are up there leading the way. Further proof of Peugeot's breadth of choice is found in the introduction this year of Concept 18, the most versatile bike in concept and design to appear on the market for years.

If you want to be up-to-the-minute in every way, take a few minutes to look through this brochure. Then jump up on to the Peugeot of your choice.

Cycles PEUGEOT

www.bikeboompeugeot.com

COMPETITION SUCCESS

Over the years, Peugeot's vast experience and expertise has brought success in many of the world's great cycle races.

In 1989 the Peugeot Team's bid for honours will be led by such famous riders as Robert Millar and Joey McLoughlin. Millar was King of the Mountains in the 1984 Tour de France and is still acknowledged to be Europe's most consistent and talented climber. McLoughlin has risen rapidly to the top of his sport with wins in the 1986 Milk Race and the Kellogg's 1987 Tour of Britain. You can see them and our other leading riders in action for Peugeot in all the major events in the UK, including the Tour of Britain. The knowledge we have gained from these top riders as to what they want from their racing bikes has been used to develop and constantly improve our range.

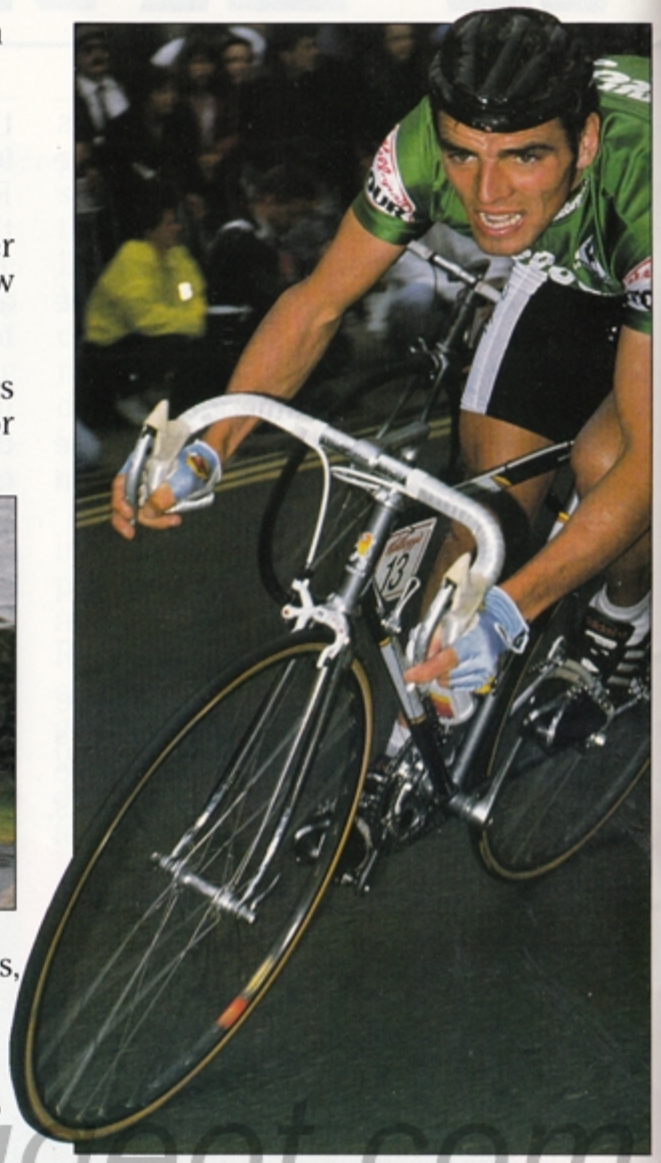

As a result of their recommendations, the exclusive Peugeot racing frame geometry design has been refined still further to give even tighter frame angles and incomparable new levels of performance, and this has inspired the super-tough, ultra light range of high speed racing machines you'll find in the Peugeot Collection for this year.

Here then is a range that has been specifically created to give the serious, super-fast competitor all the sophisticated and race-bred performance features he needs.

It's the peufect formula for you to enjoy competition success.

www.bikeboompeugeot.com

753 PRO

Words alone can't describe the sense of total control that the 753 Pro gives to a rider. One moment you're cruising, the next moment a press of the pedals and you are gone, cornering, braking, accelerating, total control, peufection on two wheels.

It's no wonder that this supreme ready to race machine sets a new standard in pro spec fittings. It features the superb 1989 Reynolds 753 frame that combines all-round frame lightness and strength with greater responsiveness than ever before. When tested recently, Bicycle Action magazine said this about the 753 frame - "The finish is as good as we have come across . . . . . a superior frame material. It makes fast riding a real experience".

Other up-to-the moment specifications include the full 14-speed Shimano 600 Ultegra group set, aero brakes, Mavic Mach 2CD aerodynamic rims, Wolber Pro 84 tubulars, Unicrown aero forks and Binda straps.

■ **MODEL: "753 PRO"** ***COMPETITION 14-SPEED*** ■ **FRAME SIZES:** Cms 52 (20½"), 54 (21½"), 56 (22"), 58 (23"), 60 (23½), 62 (24"), 64 (25¼") ■ **FRAME MATERIAL:** REYNOLDS 753 tubing, ½ chromed fastback stays, forged chromed vertical dropouts, long point lugs ■ **HEADSET:** SHIMANO 600 ■ **FORK:** REYNOLDS 753 fork blades, PEUGEOT unicrown, aero ■ **WHEELS:** MAVIC MACH 2CD, aero, anodised, rims, SHIMANO 600 ULTEGRA S/F, Q/R sealed hubs ■ **TYRES:** WOLBER PRO 84 tubulars ■ **HANDLEBAR:** PHILIPPE TOUR DE FRANCE, alloy, engraved, Bike-Ribbon tape ■ **STEM:** ATAX, alloy, engraved, aero satin finish ■ **BRAKES:** SHIMANO 600 ULTEGRA, anodised, Q/R, grey SLR levers, aero gumhoods ■ **GEARS:** SHIMANO 600 ULTEGRA SIS, indexed levers, grey anodised ■ **CHAINSET:** SHIMANO 600 ULTEGRA 52x42T ■ **FREEWHEEL:** SHIMANO 7 SPEED, 13x24T ■ **CHAIN:** SHIMANO UNIGLIDE ■ **PEDALS:** SHIMANO 600 ULTEGRA, alloy, platform, aero toe clips and ALFREDO BINDA leather toe straps ■ **SADDLE:** TURBO, striped ■ **SEAT PIN:** Alloy, aero ■ **EXTRAS:** Alloy bottle cage, twin bottle cage mounts, BS reflector kit, ZEFAL competition pump ■ **APPROX WEIGHT:** 20lbs for 56cm size ■ **COLOUR:** Tri-Colour, VB (Vivid Blue)/BL (Pure White)/RT (Tulip Red) with PEUGEOT Pro-Competition transfers. ■ **REF:** C753STZ

ULTIMA 653

When Reynolds developed the 653 tubing set, its pedigree was assured. When the Peugeot engineers built a frameset from it, using all their considerable in-house technology, it became the basis of a legend.

A classical racing bicycle, the Ultima 653 offers the ultimate in performance features for the cycling competitor on the way up. It features the latest Reynolds 653 frame and forks together with Shimano Biopace 14 speed Ultegra 600 group set, Wolber Alpine alloy rims and Michelin Hi-Lite Competition tyres. In stylish professional tri-colour blue, white and red, complemented with Peugeot Race Team transfers.

TRIATHLON 531

When a competitor emerges from the swim section of a Triathlon, his first thoughts are usually on his bike. Where is it? What gearing have I put on? When it's the new Triathlon 531 waiting for him, he only has his own fitness to worry about. He knows he has a magnificent competition cycle designed to stay any distance.

Peugeot have become the world's number one Triathlon cycle manufacturer and the new 531 is evidence of their continuing superiority. This comprehensively equipped, ultra-tough machine features lightweight Reynolds 531 frame and forks, aero-brakes and Shimano 105 groupset including Biopace chainset and 14-speed index gears. If you're a triathlete who enjoys pushing yourself to the limit to achieve success, here is a Triathlon bike that's truly worthy of your dedication.

GRAND PRIX

Peugeot's new Performance range has been designed and built to give the serious club cyclist the race-bred, high performance features he needs to succeed in top-class competition – as well as ranking equally high in value for money.

The unique Peugeot lugless welding technique has been applied to a Reynolds 501 frame to create a truly pace-setting machine for the top class amateur or club rider. It comes with all-aluminium equipment including Nervar Biorhythm chainset, and 12-speed Huret Aris index gears. Its list of exceptional fittings also includes Weinmann 570 brakes, Michelin Hi-Lite tyres and Christophe toe clips and straps.

LEADER SPRINT 10

Cycle racing is one of the fastest growing and popular spectator sports in the U.K. and a new generation of enthusiasts are now seeking out Peufection as the fastest way to success. Specially for them, Peugeot have produced a selection of junior racing machines and, needless to say, have applied the same dedication to design and production for their junior cycles as they do to their top-of-the-range models.

The ultimate racer for 9-13 year old budding enthusiasts. A real racing machine with top professional features including 10-speed gears, dual-lever alloy brakes and sporty, sleek 18" two-tone frame with 24" wheels. Superb value for money for rising sprint aces who want to go places quickly.

CONCEPT 18

Peugeot have always led the way in new innovations in cycling. This year sees the introduction of Concept 18, a bike so versatile in concept and design that it brings you Cycling Peufection whichever way you enjoy it best. It takes all the benefits of an all terrain machine, adds the eye-catching smartness of a city bike, and the comfort, style and durability of the peufect touring or sports bike.

Built around a triple-butted Chrome-Moly frame, it has 18-speed indexed gears to tackle the ups and downs of every form of cycling, cantilever brakes, and Shimano EXAGE Country groupset including Biopace chainset. Equally at home on the toughest terrain, on the open road, or around town, and incredibly stylish.

■ **MODEL: "CONCEPT 18" *GRAND TOURISME 18-SPEED*** ■ **FRAME SIZES:** Cms 54 (21½"), 57 (22½"), 60 (23½), 63 (24½") ■ **FRAME MATERIAL:** Triple-butted CHROME-MOLY tubes ■ **HEADSET:** Chromed ■ **FORK:** UNICROWN, enamelled ■ **WHEELS:** Alloy rims, alloy S/F, Q/R hubs ■ **TYRES:** 700x35c Cross-country ■ **HANDLEBAR:** ATB style, black with gum grips, black levers and yellow cables ■ **STEM:** Black, allen key, with centre brake cable hole ■ **BRAKES:** SHIMANO EXAGE COUNTRY, cantilever front and rear ■ **GEARS:** SHIMANO EXAGE COUNTRY, indexed ■ **CHAINSET:** SHIMANO EXAGE BIOPACE, 48x38x28T ■ **FREEWHEEL:** 6 SPEED, 14x28T ■ **CHAIN:** UNIGLIDE, black ■ **PEDALS:** All terrain, with reflectors ■ **SADDLE:** VETTA GEL, anatomic ■ **SEAT PIN:** Alloy, Q/R ■ **EXTRAS:** 2 sets of PEUGEOT bottles & enamelled cages, front & rear heavy duty carriers, BS reflector kit, pump ■ **APPROX. WEIGHT:** 30lbs for 57cm size ■ **COLOUR:** N(Black) with new PEUGEOT blaze transfers ■ **REF:** PC9527

CYCLES BUILT TO PEUFECTION

All the bicycles featured in this catalogue
are available through every authorised Cycles Peugeot dealer nationwide.

PEUFECTION GUARANTEED

Peugeot cycles are guaranteed against defects in materials and workmanship from the original date of purchase as follows:-
Frame and Forks 10 years Parts 1 year

The warranty covers normal use but not failure resulting from misuse, alteration from original specification, accidental damage, neglect, incorrect assembly, incorrect or lack of maintenance, fair wear and tear, or exposure.

Under the terms of this warranty the company will bear the cost of replacement parts and labour costs incurred for the stated period of time.

It is offered to the original purchaser and is not transferable.

No bicycle can be considered indestructible and therefore this warranty only applies to normal riding conditions.

Except for ATB's no cycle is guaranteed for off-road use.

Cycles not assembled and serviced by an authorised Cycles Peugeot dealer, or which have been fitted with non-Peugeot parts are excluded from the guarantee.

Your sales receipt acts as your guarantee. Please keep it safely, and in the event of rectification being required, present it to an authorised Cycles Peugeot dealer.

This guarantee does not seek to diminish any consumer statutory rights.

The Peugeot policy of continually up-dating and improving their range means that the specifications and appearance of all bicycles in this catalogue are subject to alteration at any time.
