MENS AND BOYS CYCLES 1990

www.bicyclesonpeugeot.com

Leading the way in technology

Behind every Peugeot cycle is a pedigree bred on success. The knowledge, experience and technical expertise gained from countless victories in the world's major cycling events and from the triumphs of our all-conquering ATB team is reflected in Peugeot's sophisticated production technology. Needless to say we only use the very best materials and components. The latest technological advances such as a lugless brazing for lightness and strength, indexed gears for fast, precise response and aero brakes for safe, sure control are only a few of the refinements that make Peugeot the world leader in cycle technology.

Cycling is becoming more and more a part of life as we move into the Nineties. Around town, touring the open country roads, getting off the beaten track or speeding around a race track, Peugeot lead the way with an exciting, comprehensive range of Men's and Boys' machines in styles and sizes to suit every need of today's cyclist.

David Baker wins
National Cycle-cross Championships, 1990.

Robert Millar wins
Kelloggs Tour of Britain 1989.

Leading the way in innovation

Our dedication to technology is matched by our commitment to innovation and design flair. To emphasize this commitment, this year we have introduced an exciting new concept, an ultra-stylish choice of cycles that combine the best of both worlds, the all-round versatility of an ATB machine and the performance of a sports cycle.

Exciting, flamboyant and bright fashion colours in eye-catching finishes are another brilliant example of the design flair that makes Peugeot the leading name in cycles that will capture the spirit of the Nineties.

The making of Champions

Last year saw the Peugeot Professional ATB Team climb to extra-ordinary heights. They took on and beat the best in the world, with the highlight being Tim Gould's world shattering triumph in the Hill Climb Event at the World Mountain Bike Championships at Mammoth, California.

You will find that all the strong and stylish bikes in our superb ATB range inherit the same high degree of advanced technology and innovative design flair that conquered the toughest terrains on earth.

With sophisticated features such as the new Shimano Total Integration (STI) indexed gear system and a dazzling choice of vivid new colours and eye-catching finishes, it's a range born and bred to be world beaters.

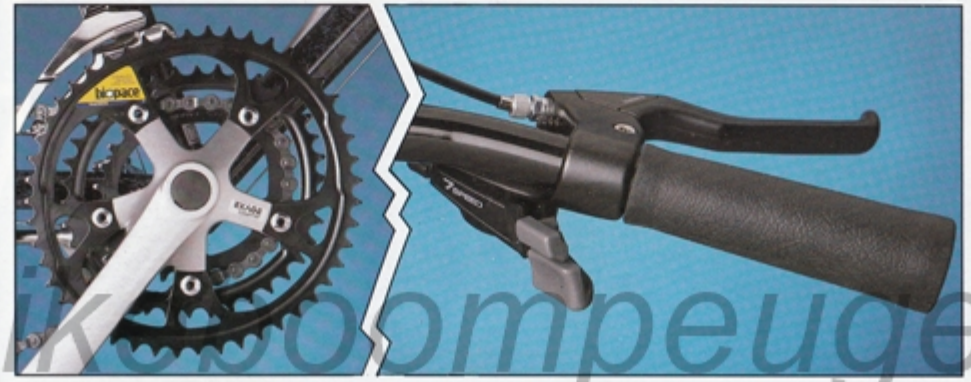

www.bikeboom.peugeot.com

BLACK ROCK

The ultimate mean machine for the serious rider determined to climb to the top. This black beauty has the performance power to tackle the most treacherous conditions that nature can hand out. Built from Cro-Moly oversize tubes, the lugless brazed frame is light, yet extremely tough. High performance features include Exage 500LX 21-speed STI gear system with Shimano Biopace computer designed chainset to provide a natural pedalling action that maximises power and minimises effort. And a Lycra gel-filled saddle that keeps you comfortable even when the going gets rough. If you take your ATB riding seriously, this magnificent machine will make you a serious contender for the top.

FRAME SIZES: 41cm (16¾") (with special geometry), 51cm (19¾") 55cm (21¾") **FRAME MATERIAL:** Cro-Moly oversize tubes with fastback stays **GROUPSET:** SHIMANO Exage, including Biopace chainset, cantilever brakes, 21-speed 500LX derailleurs with STI piano key integrated levers, pedals with toe clips and straps **WHEELS:** Alloy anodised rims, alloy quick-release sealed hubs, 26 x 2 tractor grip tyres **SADDLE:** Lycra Gel with alloy quick-release micro adjustable seat pillar **HANDLEBAR:** Black anodised with T-Bone stem and rubber grips **COLOUR:** Black with Blue marble effect and PEUGEOT blaze transfers **REF:** PC 9550

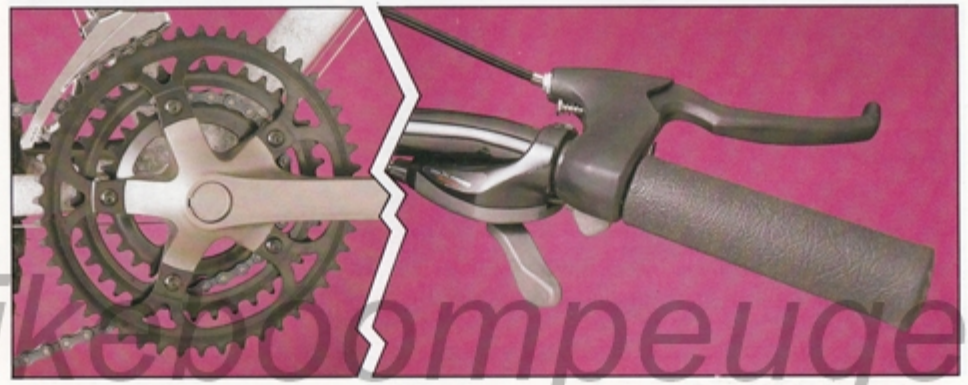

www.bikeboompeugeot.com

NEVADA

You'll have to go a long way to find an ATB with such superb specification at such an affordable price. Just look at some of the quality performance features. Suntour 21-speed gears, X-press rapid-fire levers for instant response at your fingertips. Chunky, heavy duty diamond-cut off-road tyres that easily overcome the toughest terrain. Alloy sealed quick-release hubs. Anti-slip pedals with toe clips and straps. This impressive list goes on and on. Nevada is a magnificent machine with a highly individual appearance.

FRAME SIZES: 41cm (16¾") (with special geometry), 51cm (19¾") 55cm (21¾") **FRAME MATERIAL:** Cro-Moly oversize tubes with fastback stays **TRANSMISSION:** 21-speed SUNTOUR XCT derailleurs with indexed X-press Rapid-fire levers, SUGINO 28-38-48T chainset **WHEELS:** Alloy rims with alloy sealed quick-release hubs and 26 x 2 tractor-grip tyres **SADDLE:** Anatomic with quick-release seat pillar **HANDLEBAR:** Black anodised with T-Bone stem and rubber grips **COLOUR:** White with Black marble effect and PEUGEOT blaze transfers **REF:** PC 9548

www.bikeboompeugeot.com

ANACONDA

For getting to grips with the thrills and adventure of mountain biking, the Anaconda is an up-market machine at a highly competitive price. Two-tone finish with matching black components, it features a Shimano 21-speed STI gear system with piano key controls for lightning fast response. A Biopace chainset for the perfect pedalling action and Mavic Oxygen NE black anodised rims with traction grip tyres. The eye-catching Anaconda is the ideal bike that every up and coming ATB enthusiast should be seen on.

FRAME SIZES: 47cm (18½") 50cm (19½") 54cm (21½") 57cm (22½") **FRAME MATERIAL:** Cro-Moly oversize tubes **GROUP SET:** SHIMANO 200 GS 21-speed including STI piano key integrated levers, cantilever SLR brakes, Biopace chainset, alloy sealed quick-release hubs **WHEELS:** MAVIC Oxygen NE anodised rims with 26 x 2 tractor-grip tyres **HANDLEBAR:** Black anodised with 3TTT T-bone stem and rubber grips **SADDLE:** Anatomic profiled with alloy quick-release micro-adjustable seat pillar **PEDALS:** Bear-Trap with toe clips and leather straps **COLOUR:** Two-tone Mint/Fuchsia with PEUGEOT blaze transfers **REF:** VTT 3AY

www.bikeboompeugeot.com

GLACIER

When the heat is on, this sleek ice blue marble-effect machine really keeps its cool. With its handsome good looks, it delivers top performance power combined with rugged durability. Including Shimano 21-speed SIS gear system, a tough but amazingly light Cro-Moly lugless brazed frame with fastback stays and the power pedalling efficiency of a Biopace chainset, Glacier is a superb machine in every detail that rides as beautifully as it looks.

FRAME SIZES: 41cm (16¾") (with special geometry), 51cm (19¾") 55cm (21¾") **FRAME MATERIAL:** Cro-Moly oversize tubes with fastback stays **GROUP SET:** SHIMANO Exage Country 200 GS, 21-speed including indexed thumb levers, Biopace chainset, cantilever brakes, alloy sealed hubs with front quick-release **WHEELS:** Alloy rims, 26 x 2 tractor-grip tyres **HANDLEBAR:** Black anodised with T-bone stem and rubber grips **SADDLE:** Anatomic with alloy quick-release seat pillar **COLOUR:** Light Blue with marble effect and PEUGEOT blaze transfers **REF:** PC 9552

www.bikeboompeugeot.com

SURFER

In distinctive violet and pink with colour co-ordinated yellow handlebars Surfer will attract admiring glances on and off the road. Features include 21-speed indexed gears, anatomically profiled saddle, twin bottle cage mounts and chunky bear trap pedals. If you want to cut a dash without having to splash out, this is an amazingly stylish machine at a really reasonable price.

FRAME SIZES: 47cm (18½") 50cm (19½") 54cm (21½") 57cm (22½") **FRAME MATERIAL:** Cro-Moly oversize tubes **TRANSMISSION:** 21-speed SACHS HURET Rider Aris system with indexed thumb levers and forged chainset **WHEELS:** Alloy rims with Diabolo alloy sealed hubs (front quick-release), and 26 x 2 tractor-grip tyres **HANDLEBAR:** Bright yellow with black anodised 3TTT T-bone Cro-Moly stem and black rubber grips **SADDLE:** Anatomic profiled with quick-release seat pillar **PEDALS:** Bear-Trap anti-slip **COLOUR:** Violet frame with Fuchsia fork and PEUGEOT blaze transfers **REF:** VTT 2KY

CAIMAN

For the ATB rider who wants to make his mates go green with envy, this snappy machine is the ideal choice. Its Shimano 18 speed SIS gear system and cotterless Sugino chainset gives the kind of acceleration that leaves lesser bikes standing. With its black frame, vivid green fork, handlebars and cables, the Caiman has the dashing good looks and style that get noticed wherever it goes.

FRAME SIZES: 47cm (18½") 50cm (19½") 55cm (21¼") 58cm (23") **FRAME MATERIAL:** New PEUGEOT L1011 oversize tubes **TRANSMISSION:** 18-speed SHIMANO SIS, with indexed thumb levers and SUGINO 28-38-48T chainset **WHEELS:** Alloy rims with alloy sealed hubs and 26 x 2 heavy duty tyres **HANDLEBAR:** Fluorescent green with black T-bone Cro-Moly stem and black rubber grips **BRAKES:** Alloy cantilever **SADDLE:** Anatomic padded with quick-release seat pillar **COLOUR:** Black frame with fluorescent Green fork and PEUGEOT blaze transfers **REF:** PC 9554

RAIDER

Riding excitement and style are now within easy reach with this sturdy, stylish ATB that will comfortably tackle any terrain, without having to raid the bank. Its 18 speed indexed gears system can easily cope with any conditions in any weather. Other quality performance features include alloy wheels, black all-terrain pedals, anatomic saddle and last but not least a strong, rugged, lightweight frame. Raider really is one of the best equipped value-for-money bikes on the market.

FRAME SIZES: 47cm (18½") 50cm (19½") 54cm (21½") 57cm (22½") **FRAME MATERIAL:** Cro-Moly oversize tubes **TRANSMISSION:** 18-speed SACHS HURET Rider Aris system with indexed thumb levers and SUGINO 28-38-48T chainset **WHEELS:** Alloy rims with alloy sealed hubs and 26 x 2 tractor-grip tyres **BRAKES:** Alloy cantilever **SADDLE:** Anatomic padded **COLOUR:** Fluorescent Salmon Pink frame with Black fork and PEUGEOT blaze transfers **REF:** VTT 1KY

Designed for Winners

Peugeot has an unrivalled racing pedigree. It is a success story that stretches back over many years and countless victories, the most recent being Robert Millar in the Kelloggs Tour of Britain.

The wealth of experience and knowledge gained from this tremendous track record is reflected in the design and construction of a superb collection of ready-to-race machines.

Featuring unique frame geometry and materials, sophisticated components and all the latest technical refinements, the Peugeot Racing Range brings you performance proven competition machines – at every competitive level.

www.bikeboompeugeot.com

Robert Millar wins
The Kelloggs Tour of Britain, 1989.

OPTIMA

A classic, top class racing machine that offers optimum performance features for the top club racer looking to break through into the professional ranks. It has computer designed Reynolds 531 butted frame, vertical forged drop-outs, fastback stays and racing geometry.

The Shimano RX100 14-speed indexed gear system provides precise, instant response. The rims are Mavic 19ONE anodised alloy with Wolber tyres. A Turbo saddle and side-pull SLR brakes with aero levers are just two more of the Optima's sophisticated features.

In two-tone Violet and Yellow, Optima is a ready-to-race professional machine that will lift the performance power of the serious racer to optimum levels.

REYNOLDS 531 FRAME TUBES

FRAME SIZES: 52cm (20½") 54cm (21½") 56cm (22") 58 (23") 60cm (23½") 62cm (24") 64cm (25¼") **FRAME MATERIAL:** REYNOLDS 531 butted frame tubes, aero fork crown, vertical forged drop-outs, fastback stays **GROUP SET:** SHIMANO RX100, including 14-speed indexed gear system, 42-52T chainset, side-pull SLR brakes with aero levers, quick-release alloy hubs, alloy pedals with toe clips and leather straps **WHEELS:** MAVIC 190 NE alloy anodised rims with WOLBER LX 20 tyres **HANDLEBAR:** Alloy engraved with alloy aero stem **SADDLE:** TURBO leather with aero micro adjustable seat pillar **COLOUR:** Two-tone Violet/Yellow with PEUGEOT blaze transfers **REF:** CR 400BY

www.bikeboompeugeot.com

ELECTRA

Another example of Peugeot's racing pedigree. Electra is a magnificent speed machine for the club competitor who takes his racing really seriously. This comprehensively equipped cycle features a Reynolds 501 frame with exclusive Peugeot lugless brazing, aero fork crown and fast-back stays for streamlined superiority.

Other top performance features include a Shimano Exage 500 EX 14-speed indexed gear system, Biopace chainset for maximum pedalling efficiency, quick release alloy hubs and Mavic rims with Wolber tyres. And each Electra is unique, the distinctive violet splatter finish means no two cycles look the same – a superb machine with truly unique appeal for the serious racer.

FRAME SIZES: 50cm (19½") 54cm (21½") 56cm (22") 58cm (23") 60cm (23½") 64cm (25¼") **FRAME MATERIAL:** REYNOLDS 501 tubes, lugless brazing (exclusive Peugeot process), aero fork crown, fastback stays **GROUPSET:** SHIMANO Exage, including 500 EX 14-speed indexed gear system, 42-52T BIOPACE chainset, ACTION SLR side-pull brakes with aero levers, quick-release alloy hubs, alloy pedals with toe clips and leather straps **WHEELS:** MAVIC FB190 alloy rims with WOLBER LX 20 tyres **HANDLEBAR:** Alloy engraved with alloy stem **SADDLE:** Leather with alloy micro adjustable seat pillar **COLOUR:** Violet with splatter finish and PEUGEOT blaze transfers **REF:** PR 300 MY

www.bikeboom.peugeot.com

EUROPA

Water green with contrasting black forks and components, Europa is a first rate racing/sports cycle for the rider who appreciates speed and style.

Light and very responsive it features a Shimano 14-speed SIS gear system with forged chainset, black anodised alloy rims with Wolber tyres, alloy side-pull brakes with aero levers, racing profile saddle and alloy platform pedals with toe clips and straps. For speed and racing style, Europa certainly sets the pace.

FRAME SIZES: 50cm (19½") 54cm (21½") 57cm (22½") 60 (23½") 64cm (25¼") **FRAME MATERIAL:** PEUGEOT HLE Mangalloy lightweight tubing frame with fastback stays and Unicrown fork **TRANSMISSION:** 14-speed SHIMANO indexed SIS system, with 42-52T forged chainset **WHEELS:** RIGIDA alloy black anodised rims with WOLBER 700 x 20 tyres and SHIMANO small flange alloy quick-release hubs **BRAKES:** Alloy side-pull with aero levers **SADDLE:** Racing profile with alloy fluted micro adjustable seat pillar **OTHERS:** Alloy engraved handlebar and alloy stem, alloy platform pedals with toe clips and leather straps **COLOUR:** Water Green with matching black accessories and PEUGEOT blaze transfers **REF:** PE 200 KY

Country Cruising

Nothing can beat the feeling of freedom and exhilaration you get from cycling through the peace and quiet of the countryside.

And nothing will beat the exciting new American style concept Peugeot have introduced. Harvard and Princeton are imaginative all-purpose bicycles that combine the power and versatility of an ATB with the lightness and performance of a sports cycle. They will be setting a fashionable new trend that is sure to sweep right across the country.

Complemented by a range of first class tourers, all with exciting new design features for the nineties, the new concept of country cruising will now be even more in style.

www.bikeboomPeugeot.com

HARVARD

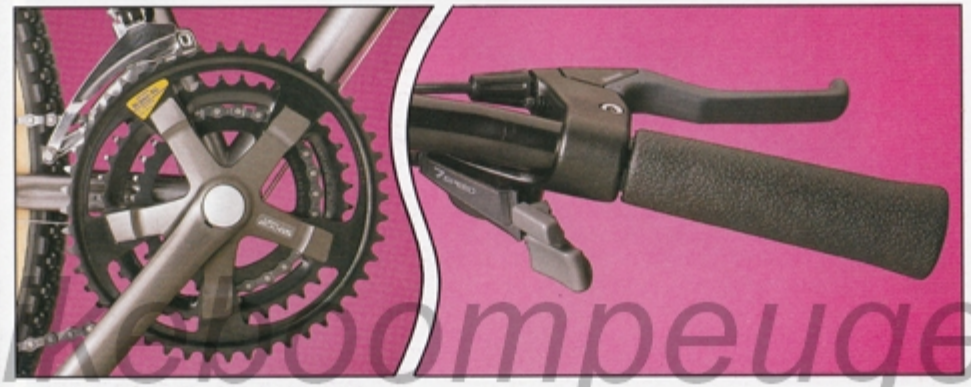

Peugeot innovation gains top marks for this exciting new concept in cycling. The elegant, silver grey Harvard combines all the best features of a mountain bike and a sports cycle.

So now you can enjoy the best of both worlds. Sophisticated refinements that make this talented all-purpose bicycle so special include 21-speed indexed gears with S.T.I. piano key levers, Shimano Biopace chainset for greater pedalling efficiency, alloy wheels with road/country tyres and lightweight Vetta carrier.

On a river bank, or popping down to the bank, Harvard style is never out of place.

FRAME SIZES: 54cm (21½") 57cm (22½") 60cm (23½") 63cm (24¼") **FRAME MATERIAL:** PEUGEOT HLE Mangalloy lightweight tubing **GROUPSET:** SHIMANO 200 GS, 21-speed including STI piano key levers, cantilever SLR brakes, BIOPACE chainset, alloy sealed quick-release hubs **WHEELS:** RIGIDA Laser 40 alloy 700c rims with stainless spokes and 700 x 32c WOLBER integral tyres **HANDLEBAR:** Black anodised with 3TTT T-bone Cro-Moly stem and rubber grips **SADDLE:** Anatomic profile with alloy micro-adjustable quick-release seat pillar **PEDALS:** Bear-Trap with toe clips and leather straps **EXTRAS:** Alloy rear carrier and spoke protector **COLOUR:** Graphite Grey, with PEUGEOT blaze transfers **REF:** XC 300 Y

GUARANTEE

Peugeot cycles are guaranteed against defects in materials and workmanship from the original date of purchase as follows:-

Frame and Forks 10 years, Parts 1 year.

The warranty covers normal use but not failure resulting from misuse, alteration from original specification, accidental damage, neglect, incorrect assembly, incorrect or lack of maintenance, fair wear and tear, or exposure.

It is offered to the original purchaser and is not transferable.

No bicycle can be considered indestructible and therefore this warranty only applies to normal riding conditions.

Cycles not assembled and serviced by an authorised Cycles Peugeot dealer, or which have been fitted with non-Peugeot approved parts are excluded from the guarantee.

This guarantee does not seek to diminish any consumer statutory rights.

The Peugeot policy of continually up-dating and improving their range means that the specifications and appearance of all bicycles in this catalogue are subject to alteration at any time.

All the bicycles featured in this catalogue are available through every authorised Cycles Peugeot dealer nationwide.
