KIDS BIKES

cyclelife

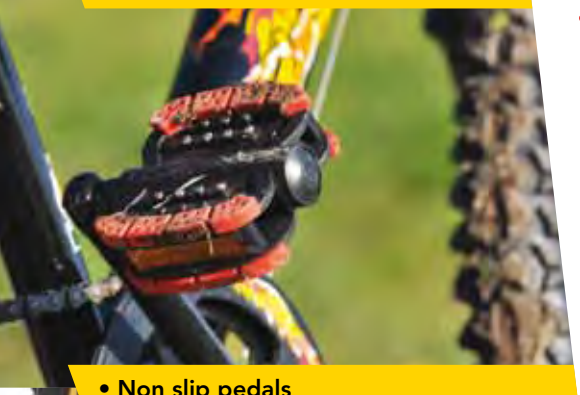

RALEIGH EST. 1887

www.cyclelife.com www.raleigh.co.uk

They all deserve a RA

• Easy to reach brakes

• Non slip pedals

• Help them to learn to ride

• Bold colourful bike graphics

• Added play value

"The worlds best known name in cycling and without doubt the No.1 brand in the UK"

For over 120 years Raleigh has been creating market leading bikes in Nottingham.

Every parent has fond memories of their first Raleigh bike and it has been a name families have trusted for generations.

Children whatever their age always enjoy the fun and excitement of their first new bike.
By encouraging them to cycle it helps promote a healthy lifestyle and gives them a sense of freedom and adventure.

With Raleigh they couldn't be in better hands because we build safety as well as superb play value into all our bikes. It's our care and attention to these details that ensures a Raleigh bike stands out and is built to last.

Some key features of our Children's bikes

- Non slip pedals
- Easy to reach brakes for little hands
- No sharp edges or finger traps
- Pneumatic tyres for better control
- Removable stabilisers
- Non toxic paints

AIRLITE®

Our engineers have developed AIRLITE aluminium frame technology, we take the best grades of aluminium and manufacture custom tube profiles to ensure each bike is lightweight strong and responsive and gives you the 'Ride of your Life'

All good reasons why our bikes exceed the new European Safety Standards

Colours printed in this catalogue are as near as possible to the manufactured Raleigh product. For an accurate comparison we recommend you see the actual product on display at your local Raleigh dealer. Due to our policy of continual improvement, product specifications and appearance may change whilst this catalogue is still in use.

LEIGH

Choosing the right bike for your child

Make the right choice

Our easy to use sizing chart helps you to select the correct bike for your child. Simply measure their inside leg and match this to the chart. As children can vary considerably in height we would recommend that before purchasing a bike you consult your local Raleigh stockist who will be able to give you expert advice on our range.

Sizing Guide

Inside Leg Range	Frame Size	Wheel Size	Age Guide
34cm to 41cm	8" - 9"	12"	Age 3+
40cm to 51cm	9" - 10"	14"	Age 4+
43cm to 52cm	10" - 11"	16"	Age 5+
49cm to 55cm	10" - 11"	18" - 20"	Age 6+
51cm to 58cm	12"	20"	Age 7+
53cm to 62cm	13"	20"	Age 7+
56cm to 65cm	12"	24"	Age 8+
58cm to 67cm	13"	24"	Age 8+
60cm to 69cm	14"	24"	Age 8+
60cm to 72cm	14"	26"	Age 9+
68cm to 80cm	17"	26"	Young teens

FAMILY CYCLING

34 Family Parts & Accessories

Whether in the urban jungle or on the dirt tracks, these bikes are for the coolest daredevils out there. The MAX range has been inspired by the latest culture of DIRT JUMPING. This is a range of bikes built out of a passion to produce the toughest bikes for the toughest kids.

The New DJ26 has everything a Dirt Jump star of the future needs! Dual cable disc brakes, massive suspension and single speed keeps things strong and simple for the jumps and the hard landings.

DJ26

MAX26PU / 14" FRAME / 26" WHEEL

- Dirt Jump single speed, 36T chainwheel on MTB style cranks and 16T freewheel
- Mechanical disc brakes front and rear with Tektro levers
- Alloy doublewall rims with aggressive 2.3 tyres
- Alloy stem with low rise handlebar
- Alloy 14" dirt jump style frame
- Suntour XCU suspension forks

Built with the same super tough alloy frame as the DJ26, the DJ20 comes ready to rock. A powerful front mechanical disc brake and 6 speed Shimano gears, this bike has been designed for the smallest of riders with the biggest attitude.

DJ20

MAX20GR/ 11" FRAME / 20" WHEEL

- 6 Speed Shimano rear derailleur with revoshift gears
- Front mechanical disc brake and rear alloy V-brake
- 20" doublewall rim with aggressive 2.1 tyres
- Alloy stem with low rise handlebar
- Alloy 11" dirt jump style frame
- Off road suspension fork

Raleigh Max ST24 HORNET 24" wheel Cruiser BMX. The ST24 has just got bigger and better, the Hornet adds extra spec to go big at the trails or skate park.

HORNET

STHORNBK / 11" FRAME / 24" WHEEL

- Internal F-Set gyro
- Single speed with chromoly 3 piece cranks
- Front mechanical disc brake
- Alloy double wall rims with street BMX tyres
- BMX stem and handlebars
- 11" Cruiser BMX style frame
- Rigid steel BMX type fork

Raleigh Max ST24 24" wheel Cruiser BMX, this is the perfect bike to learn the tricks that are needed to impress. Its 14mm axles and tough construction will take the knocks while your learning.

ST24

ST24WH / 11" FRAME / 24" WHEEL

- Gyro
- Single speed
- Alloy V-brakes
- Alloy double wall rims with street BMX tyres
- BMX stem and handlebars
- 11" Cruiser BMX style frame
- Rigid steel BMX type fork

The Velocity is the bigger 24" wheeled version of the Force 9, still boasting all of the key features like Hydroformed frame tubes and Suntour suspension forks of the Force 9 but with the increased wheel size and 21 speed Shimano gears. Trick 9x4 spoked white wheels for that cool look.

VELOCITY TWENTYFOUR

VELCTYWH / 13"FRAME / 24" WHEEL

- "Twisted" hydroformed frame
- Suntour M2000 suspension fork
- 21 speed Shimano Revoshift gears
- Alloy V-brakes
- White alloy rims with 9 x 4 spoke pattern
- Alloy low rise handlebar, with A-head stem
- Alloy cranks with cartridge bottom bracket
- Alloy platform pedals

The Raleigh Awesome 24" boys MTB combines great looks with top end parts to create a truly Awesome bike. This Awesome machine brings rugged mountain bike style to the urban jungle. With an Awesome embossed two tone saddle, cool stopping V-brakes and a gear protector - 'it does what it says'.

AWESOME

AWE24YW / 12" FRAME / 24" WHEEL

- 18 speed Shimano EZ fire gears
- Alloy V-brakes with front modulator
- Alloy double wall rims, with 9 x 4 spoke pattern
- Steel low rise handlebar, with junior brake levers
- Awesome embossed saddle, Ahead stem
- 12" steel boys MTB frame
- 24" suspension fork

NEW Zero G
26" Wheel model available

ZERO G

ZER26PO / 12" FRAME / 26" WHEEL
ZER24PO / 12" FRAME / 24" WHEEL

The ZeroG shows off a brushed alloy frame with square to round tubing, 18 speed Shimano Revoshift gears for hill climbing assistance, bump taming suspension fork and a gear protector.

This bike is perfect for defying the laws of gravity. With its strong alloy wheel package to accommodate the landings and powerful alloy V-brakes which will stop you on a dime.

HOTROD

HOT24YW / 13" FRAME / 24" WHEEL

Raleigh signature 'R' MTB frame, terrain smoothing suspension fork, 18 speed Ezi-Shift Shimano gears, powerful alloy V-brakes for steady braking and a gear protector so save your bike from nasty mishaps.

Hot Rod is the fastest bike around, get on board and set the street on fire!

MX FS

MX24FSBL / 14" FRAME / 24" WHEEL
MX20FSBL / 12" FRAME / 20" WHEEL

Completing the MotoX racing team the 20" and 24" MXFS models have been developed to stand up to the bumps, slides and skids of the racing track. Equipped with a front disc brake and Shimano Revoshift gears these bikes are fully equipped to win the race. Finished with a cool MotoX inspired paint job, you will look like a MotoX winner, fitted with a rear guard to keep the mud off your racing kit, and a gear protector which does exactly what it says!

Boys 24" – 26" Wheel / AGE 7+

FORCE 9 TWENTY

FORCEWH / 11" FRAME / 20" WHEEL

The Force 9 brings top end components and frame material together with a style and vision. The Force 9 is a 20" wheel bike that has a lot to boast about. First of all the custom Hydroformed tubes show a sleek and fast design and the graphics add to this even further. The suspension forks from Suntour for reliable shock absorbing, the wheel set has the visually striking 9 x 4 pattern of spokes with white rims and the whole bike is powered by 7 speed Shimano gears.

ZERO6

ZER20PO / 11" FRAME / 20" WHEEL

Brushed alloy frame with square to round tubing, 6 speed Shimano Revoshift gears for all terrain capability, and a bump smoothing suspension fork. Just like it's older brother, this high flyer is designed to take the rough with the smooth. The gear protector will save your bike from any nasty mishaps and with alloy V-brakes for superior stopping power.

HOTROD

HOT203YW / 13" FRAME / 20" WHEEL
HOT201YW / 11" FRAME / 20" WHEEL

Distinctive Raleigh signature 'R', MTB frame with terrain smoothing suspension fork, powerful alloy V-brakes with front modulator for steady braking and a gear protector to save your bike from any nasty mishaps.

Hot Rod is the fastest bike around, get onboard and set the street on fire!

HOT18YW / 11" FRAME / 18" WHEEL

18" wheels and single speed for the younger rider.

STRIKER

STR20SL / 11" FRAME / 20" WHEEL

The big brother of the Raleigh Striker range, equipped with football accessories, a football bell for shouting offside to the ref, football valve caps and a Striker printed saddle. Designed with all the great safety features of a Raleigh bike, single speed for the younger rider, brake levers designed for 'small' hands, a front brake modulator and non slip pedals; to deliver you safely to and from the training ground.

Boys 18" – 20" Wheel / AGE 6+

Training to become the next England No 1 Striker, don't forget the football skill set complete with a football. The Striker is equipped with a fantastic football bell, plus super wheel add-ons, football valve caps, non-slip pedals and V-brakes, all designed to deliver the football star safely to and from the training ground.

STRIKER

Safe cycling with RALEIGH

Boys Helmets

Generally cycling is a safe and enjoyable pastime but it is always wise to make sure that you think of you and your childs personal safety and use a recommended cycling helmet.

Raleigh work closely with the leading helmet manufacturers, to ensure that children and adults alike are provided with helmets of the highest quality and style.
As the nights draw in, it becomes evermore important that you are seen on your bike. Raleigh have designed an ingenious source of additional visibility, the LED Dial fit system. The LED emits a bright light and is a great addition to your personal visibility, ensuring peace of mind for you.

Girls 12" – 14" Wheel / Girls Helmets / AGE 3+

Learn to ride with Chuckles

1. Parent support trike

2. 12" Running bike

2. 12" Unisex bike

Choosing your child's first bike is always a difficult and sometimes costly decision. Do they need a trike first or can they go straight on to a bike? 'Chuckles' is a complete starter bike that solves these dilemmas whilst also offering style, and quality from the brand you can trust.

CHU12YW / 8.5" FRAME / 12" WHEEL

Learn to ride with Raleigh Chuckles. A unisex bike offering a unique solution for getting your child on a bike quicker.

1. When fitted with the parent handle and stabilisers, it has all the features and benefits of a trike.
2. Remove these and the pedals and it is a 'running bike' to teach balance and steering.
3. Refit the pedals and stabilisers and you have a 12" bike. Three important development stages covered in one product.

DASH

If your little angel or monkey has a too much energy to handle. The new Dash models from Raleigh will be perfect; using lightweight aluminium they are durable and easy to move and light enough for Mum or Dad to carry when the excess energy has been spent.

These models develop confidence, increase strength, fitness and promote learning through play. Designed with children in mind they have a low step through frame, for getting on and off easily. Overall; an ideal first bike to learn balance and co-ordination, and have fun too.

BOYS: DASH12BL
GIRLS: DASH12PK

- Lightweight Aluminium low step through frame
- Aluminium handlebar and stem
- Aluminium singlewall rims
- Colour co-ordinated tyres
- Printed saddle

Family Cycling with RALEIGH

Family cycling is a fun healthy day out. The Avenir range of Trailers, Child seats and Tags is the perfect way to begin your journey. It is packed with features to ensure your child's safety and comfort, these were prime considerations when putting the range together. For adventures further afield the Avenir car racks allow the whole family and their bikes to get there with ease, choose from tow ball, boot or roof mounting systems.

Child Seats are a brilliant way to give your child a better view of the world. As well as being fun they are also safe, all Avenir child seats are tested to the stringent EN14344 child seat safety standard.

AVENIR Slumber child seat

OKB010AV or OKB011AV

- 5 Point safety harness with child proof buckle
- Ergonomically shaped head rest to allow for your child's helmet
- Shoulder pads
- Anatomical and deep wrap around back and sides, providing maximum protection
- Height adjustable footrest ensures the seat grows with your child

Avenir Cycle trailers are a means of transporting your child who cannot yet ride a bike. Allowing you to enjoy the benefits of cycling as a family.
All Avenir trailers are fitted with internal safety harnesses, waterproof cover, windows and bug mesh ensuring your child is secure and comfortable during the journey.

AVENIR Avon Alloy 2 seat trailer

TRA081

- Lightweight alloy frame
- 20" alloy quick release wheels
- Cargo space
- Folds flat for easy storage
- 40 kg weight limit
