Cicli Elios garantisce per 2 anni tutti i suoi telai, assicurandone la riparazione o la sostituzione in caso di difetti. La garanzia non si estende alla componentistica poiché la stessa è già garantita dai singoli produttori. La garanzia non risponde di danni o difetti dovuti alla normale usura o a modifiche, incurie ed incidenti. Sono escluse dalla garanzia le spese di manodopera e trasporto. Ogni telaio Elios riporta un numero di matricola che ne certifica la qualità. Le misure si intendono dal centro al fine. Cicli Elios, nell'ottica di apportare continui miglioramenti tecnici ed estetici ai propri prodotti, si riserva la facoltà di apportare modifiche senza obbligo di preavviso. Perciò non da alcun diritto a reclami di nessun genere.

Cicli Elios guarantees 2 years all its frames, ensuring the repairing or substitution in case of faultes. Guarantee is not extended to all components as the same is already guaranteed by individuals producers. Guarantee does not respond to any damages or faultes due to normal usury or modifications and accidents. Labour and Trasport costs are excluded by guarantee. Each frame has a registration number which certifies the quality. Sizes are calculated from the centre to the end. The aim of Cicli Elios is to bring new technical and aesthetic improvements to its products. For this reason, the company may, at any time and without any notice or obligation, apply changes to its goods. This does not give you right for future claims.
