Poison Oak (poí•sen ōk)
North American shrub or vine, *Rhus Toxicodendron,* bearing shiny trifoliete leaflets that cause a skin rash on contact.

When you buy Cook Bros. Racing, you're buying more than a killer crank set (or bottom bracket, or chainrings, or quick release skewers, etc.), you're buying almost two decades of experience in innovative design and manufacturing of quality and reliable cycling products.

At Cook Bros. Racing, we were CNC machining way before it was COOL. And with our new, expanded state-of-the-art manufacturing facility (where we actually make our own "stuff" here in Arroyo Grande, CA), we will have the goods ready to ship when you're ready to order.

For more information on the most requested after-market crank in the industry, or to order any quality Cook Bros. Racing product, call your favorite bike shop today.
