Introducing the MOUNTAIN GOAT® difference...

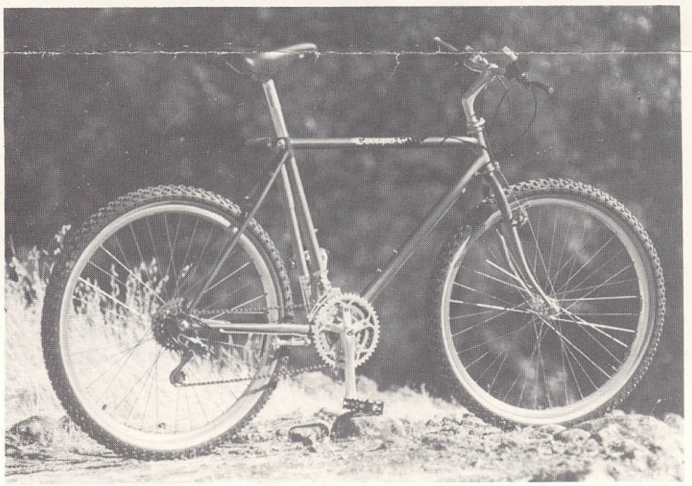

The MOUNTAIN GOAT® Deluxe

The all-terrain bike that transcends its competitors in superiority, dependability and rider comfort. *(Hand-brazed)*

The Whiskeytown Racer

Engineered to handle the most vigorous courses, yet lighter than conventional mountain bikes.*

The Escape Goat

Economy without sacrifice of performance, *and* one of the most comfortable.*

* These MOUNTAIN GOAT® frames have been tigwelded.

Most quality off-road cycle manufacturers will try to impress you with their bikes' stiffness. But, when a frame and fork are designed for stiffness, the only achievements are rider fatigue and lost contact with the road. Keeping this in mind, Mountain Goats® have been designed with a lively flexibility that allows them to *flow*, instead of bounce, over rough terrain.

Take a look at Mountain Goat's® line of quality cycles. Wouldn't you rather enjoy your ride instead of just endure it?

The Trials

Designed for increased finesse and balance. Ride this bike up stairs and over dining tables.*

W.J. Lindsay Road Frame

A lugged or lugless frame designed for speed, strength and response. Perfect for racing, triathalon and touring enthusiasts.

The Tandem

A perfect way for two to enjoy the sport of bicycle riding. *(Special order only)*

Frame Services

Frame painting • Repair, i.e. tube replacements and drop outs • Precision alignment • All services available on your frame or ours.
