381DH

cross country

World Cup cross-country racing is brutal. Our sponsorship of world-class racers on the Giant and Haro teams helps us to perfect our suspension systems, so that your ride will be exceptional.

Previously only

available to pro racers, the Mozo XXL

and Hi-5 are *the* high performance long travel

weapons. A full season of championship downhill racing

on the XXL has allowed us to fine tune the system into a

winning design.

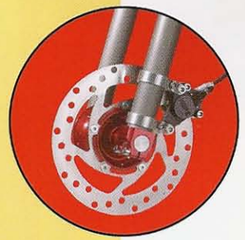

The Hi-5 is an all new RST design, engineered without compromise

to go downhill, fast.

- 5" (127MM) TRAVEL
- TWIN AIR DAMPED COMPRESSION AND REBOUND SYSTEM
- MCU ELASTOMER AND COIL SPRING STACK WITH ADJUSTABLE PRELOAD
- 6061 T-6 FORGED ALUMINUM CROWNS, WITH MAGNESIUM LOWER LEGS

mozo XXL

- 6" TRAVEL
- OPEN BATH OIL DAMPING
- COIL SPRING WITH AIR PRESSURE ADJUSTMENT
- INVERTED STYLE FORK 6061 T-6 ALUMINUM UPPER TUBES, 7050 T-6 ALUMINUM STANCHIONS
- DOUBLE TRIPLE CLAMP CROWNS

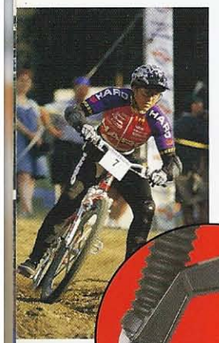

mozo Hi-5

mozo XL

The Pros know. The competition knows.

Our Mozo forks rule. Whether you are on the Giant World Cup team, or shooting for top three at a local race, you can be sure that your Mozo will take all the abuse you can dish out, and more. Just ask Philip Tinstman who piloted his RST Mozo Pro equipped Haro to the downhill gold medal at the 1997 Winter X-Games.

- Available in 4.5", 3.5", and 2.5" travel
- Twin air damped compression and rebound system
- 6061 T-6 aluminum CNC machined crown, with forged aluminum lower legs and brace
- MCU elastomer and coil spring stack with adjustable preload

mozo pro

- Available in 4.5", 3.5", and 2.5" travel
- Twin air damped compression and rebound system
- 6061 T-6 forged aluminum crown, with magnesium lower tubes and brace
- MCU elastomer and coil spring stack with adjustable preload
- 7050 aluminum stanchion tubes

- Adjustable from 2.5" to 3.5" of travel
- Magnesium lower legs and 6061 T-6 forged aluminum crown
- MCU elastomer and coil spring stack with adjustable preload
- 7050 aluminum stanchion tubes

mozo comp

461DH

- 4" TRAVEL
- MAGNESIUM LOWER LEGS AND 6061 T-6 ALUMINUM DOUBLE CROWN
- MCU ELASTOMER AND COIL SPRING STACK WITH ADJUSTABLE PRELOAD
- CROMOLY STANCHION TUBES
- TWIN AIR DAMPED COMPRESSION AND REBOUND SYSTEM

It's no secret that RST makes the best quality mid-range forks. Now its time to turn up the heat in this competitive field - introducing the RST Team Series. Light , strong, and reliable, the Team Series features MCU elastomer and coil spring technology, and full preload adjustability. All of the good, and none of the bad defines the Team Series.

- 3" TRAVEL
- MAGNESIUM LOWER LEGS AND 6061 T-6 FORGED ALUMINUM CROWN
- MCU ELASTOMER AND COIL SPRING STACK WITH ADJUSTABLE PRELOAD
- CROMOLY STANCHION TUBES

461
