Easton double butted 7000 series T-7 heat-treated aluminum tubing provides maximum strength and lively handling with minimum weight.

Shimano leads the way in mountain componentry with BioPace H.P. rings and the new Deore XT II 21-speed Hyperglide group for quick, clean shifting even under heavy pedaling loads.

Large radius fork extends the lively suspension system of the frame. Cast fork tips are strong while acting as a safety wheel retention device.

Shown in Teal with Silver trim, also available in Black with Magenta trim.

MOUNTAIN COMPETITION
BONDED ALUMINUM

All out mountain bike performance. Trek's exclusive bonded frame brings strength and speed to precision power for a competitive edge from start to finish.

TREK SPECS™

Aggressive Matrix AT tires with heat-treated Singletrack rims dig in for all terrain control.

Black anodized Shimano Deore II 21-speed Hyperglide group gives you positive gearing control to deliver peak mountain performance.

True Temper chromoly competition handlebar and 2-finger levers put you in control of this performance package.

Shown in Bright Red with Black trim, also available in Intense Blue with White trim.

Trek bicycles are equipped with components available from sources worldwide. Specifications are subject to change without notice.

TREK BICYCLE CORPORATION LIMITED WARRANTY.

Trek Bicycle Corporation warrants each new Trek bicycle frame and fork against defects in workmanship and materials for the lifetime of the original owner. Trek likewise warrants all original parts for a period of one year from the date of purchase. This warranty is expressly limited to the repair or replacement of a defective frame, fork, or part and is the sole remedy of the warranty.

Claims under this warranty are to be made through an authorized Trek dealer. Proof of purchase is required.

This warranty does not apply to damage or failure due to accident, abuse, neglect, normal wear and tear, improper assembly or maintenance, or installation of parts or accessories not originally intended or incompatible with the bicycle as sold.

Trek shall not be responsible for incidental or consequential damage. The user assumes the risk of any personal injury or damage of the bicycle or other losses if Trek bicycles are used at any time for stunt riding, dirt biking or similar activities, power or motor assist of any kind, competition riding, or anything other than normal use. This warranty gives you specific legal rights and your rights may vary from state to state.

Race ready, the indexed 14-speed Shimano 600 Ultegra drive train is powered by the new BioPace H.P. crankset for speed and efficiency.

True Temper Team Issue tubing, including form blades, make this an incredibly responsive chromoly bicycle.

The fork is Trek built using True Temper chromoly, our unique investment cast crown and light gauge blades for minimum weight and maximum strength.

Shown in Bright White with Red trim, also available in Grey Metallic with Bright Blue trim.

520

TOURING
BRAZED CHROMOLY

Dedicated to long distance touring, this model has a unique geometry which emphasizes directional stability while loaded, durability and ample clearances for fenders, panniers and other equipment. A reliable workhorse when loaded down, unloaded the 520 has a uniquely luxurious ride.

TREK SPECS™

Powerful Shimano Deore II SLR cantilever brakes keep you firmly in control even while carrying heavy loads.

Matrix CD3K tires with a Kevlar belt for cut resistance are mounted on Titan T hard anodized rims for long distance durable performance.

Shimano Deore II S.I.S. fully indexed derailleur for wide range 21-speed gearing matches your power needs to every road condition.

A Blackburn rack is standard equipment and is mounted to the extended rear triangle.

k bicycles are equipped with components available from sources worldwide. Specifications are subject to change without notice.

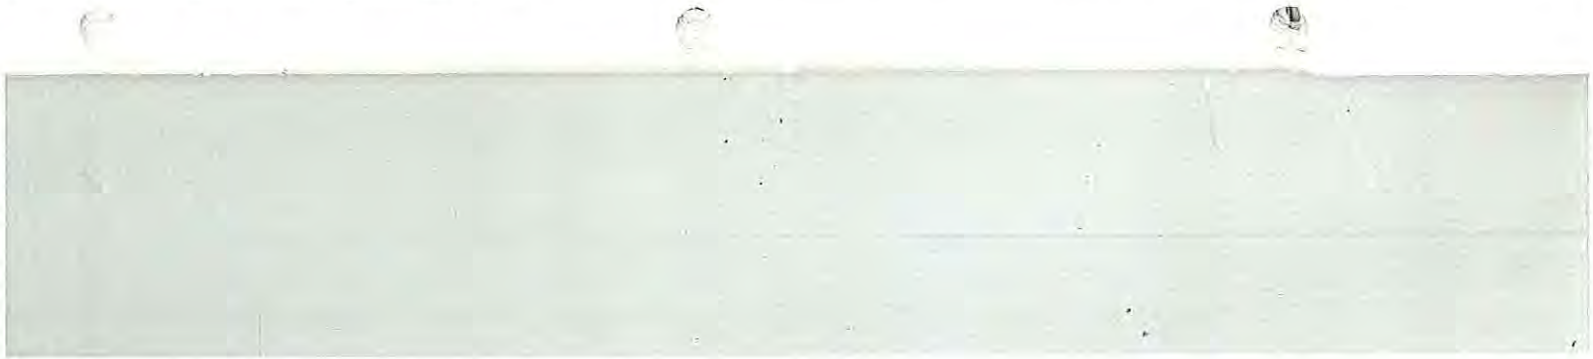

TREK BICYCLE CORPORATION LIMITED WARRANTY.

Trek Bicycle Corporation warrants each new Trek bicycle frame and fork against defects in workmanship and materials for the lifetime of the original owner. Trek likewise warrants all original parts for a period of one year from the date of purchase. This warranty is expressly limited to the repair or replacement of a defective frame, fork, or part and is the sole remedy of the warranty.

Claims under this warranty are to be made through an authorized Trek dealer. Proof of purchase is required.

This warranty does not apply to damage or failure due to accident, abuse, neglect, normal wear and tear, improper assembly or maintenance, or installation of parts or accessories not originally intended or incompatible with the bicycle as sold.

Trek shall not be responsible for incidental or consequential damage. The user assumes the risk of any personal injury or damage of the bicycle or other losses if Trek bicycles are used at any time for stunt riding, dirt biking or similar activities, power or motor assist of any kind, competition riding, or anything other than normal use. This warranty gives you specific legal rights and your rights may vary from state to state.

CUSTOM

ROAD BICYCLES

For the ultimate one of a kind bicycle, Trek offers the Custom Bicycle program. Select the frameset and performance component group which best suits your demands and riding environment. For the ultimate in a Function Specific™ bicycle, specify your own custom Trek and have it built to your unique requirements by your authorized Trek dealer.

5000 FRAMESET

The future of cycling. Molded Composites are lighter, stronger, and more efficient than their predecessors. By departing from tube based design, our engineers are able to optimize the performance of these leading edge bicycles.

Sizes: *52, 54, 56, 58 and 60cm*
Frame: *Molded Carbon Fiber Composite*
Fork: *Trek Bonded Aluminum*
Color: *Bright Red with White trim (shown). Also available in any 989 color combination.*

2500 FRAMESET

The best bonded composite racing frame available. All Trek composite frames outperform the competition on the road as well as with their lifetime warranties.

Sizes: *50, 52, 54, 56, 58, 60 and 62cm*
Frame: *Graphite-Epoxy Double Butted Composite*
Fork: *Trek Bonded Aluminum*
Color: *Natural and Polished with Turquoise trim*

2000 FRAMESET

Rated "The best all-around racing bike we've tested" by Bicycling magazine. The 2000 started the aluminum revolution at Trek.

Sizes: *50, 52, 54, 56, 58, 60 and 62cm*
Frame: *Trek/Easton 7000 series Double Butted Bonded Aluminum*
Fork: *Trek Bonded Aluminum*
Color: *Intense Blue with White trim, White with Red trim*

660 FRAMESET

Solid Chromoly feel and handling for the traditional minded racer. Built with the full complement of Trek cast lugs for a lifetime of performance.

Sizes: *19.5, 21, 22.5, 24 and 25.5"*
Frame: *True Temper RC-Team Issue Double Butted Chromoly*
Fork: *Chromoly with cast crown and fork ends*
Color: *Bright White with Red trim, Grey Metallic with Bright Blue trim*
