VUELTA™

VUELTA: AN INTERNATIONAL BRAND - DEDICATED TO QUALITY, PERFORMANCE AND VALUE

Since 1991, VUELTA has earned a reputation as an international brand synonymous with quality, performance and value. Whether it's our made-in-the U.S.A. chainrings, our newest chains, cranksets and saddles, or our latest wheel designs, our experience ensures that each VUELTA product exceeds the expectations of cyclists of all levels.

Our products start with thoughtful design, solid engineering, attention to detail, and a dedication to excellence. We deliver products that promise long service life and the highest performance possible.

We take pride in making sure our customers get the most performance and value possible from our products. VUELTA is the name that you can ride with confidence, today, tomorrow and beyond.

WHEELS

CONPONENTS

SADDLES

VUELTA™

HAND-BUILT
HAND-TESTED
RACE-PROVEN

All VUELTA wheels – from our entry level to the Corsa Carbon 50 Clinchers – are built 100% by hand. Special tools for spoke tensioning and wheel truing are designed and made-in-house to guarantee that every part of every wheel is the highest quality.

It is no wonder that VUELTA wheels are preferred by OEM manufacturers, distributors, dealers, enthusiasts and professional athletes the world over for affordable performance.

Key features in every VUELTA wheel:

- Complete assembly by hand
- Each model tested to achieve the perfect balance of strength, weight and reliability.
- Highest quality hubs and rims from the best makers in the world
- All spokes triple tensioned and inspected by hand.

Three-time Northwest Challenge winner Jade Wilcox riding on her VUELTA Carbon 50Cs.

VUELTA™

Carbon Clincher 50C

700C FULL CARBON CLINCHER WHEELSET

RIM..... Specially-engineered super high-modulus, impact-resistant 50mm deep-V monocoque design.
SPOKES..... Triple-butted aero 2.2mm SS, radial-laced front/2X rear
HUBS..... Lightweight design w/Japanese EZO cartridge bearings (2Fx5R), 20H F/ 24H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cromo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10, Campagnolo 9/10/11-speed compatible
WEIGHT..... F 752g/R 997g = Pair 1749g

Carbon Tubular 50T

700C CARBON TUBULAR WHEELSET

RIMS..... Super high-modulus, impact-resistant 50mm deep-V full monocoque tubular design
SPOKES..... Triple-butted aero 2.2mm SS, radial-laced F/2X R
HUBS.....Lightweight design w/Japanese-made EZO cartridge bearings (2Fx5R), 20H F/24H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts
FREEHUB.....Shimano 9/10, Campagnolo 9/10/11-speed compatible
WEIGHT.....F 623g/R 863g = Pair 1486g

Carbon Clincher 50A

700C CARBON/ALLOY CLINCHER WHEELSET

RIMS..... Super high modulus, impact-resistant 50mm deep-V monocoque carbon/alloy clincher alloy braking surface
SPOKES..... Triple-butted aero 2.2mm SS, radial-laced F/2X R
HUBS..... Lightweight design w/Japanese-made EZO cartridge bearings (2Fx5R), 20H F/24H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cromo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10, Campagnolo 9/10/11-speed compatible
WEIGHT..... F 885g/R 1140g = Pair 2025g

Team V Clincher

700C ALLOY STRAIGHT-PULL CLINCHER WHEELSET

RIMS..... 27mm medium-V 6066 alloy welded clincher with CNC sides
SPOKES..... Triple-butted aero 2.2mm SS w/T73 alloy nipples, radial-laced F/2X R
HUBS..... Machined 7075 alloy straight-pull design w/Japanese-made EZO cartridge bearings (2Fx5R), 20H F/ 24H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10, Campagnolo 9/10/11-speed compatible
COLOR.....Black w/red hubs & spoke nipples
WEIGHT..... F 641g/R 836g = Pair 1477g

VUELTA™

Corsa SuperLite Tubular

700C ALLOY TUBULAR WHEELSET

RIMS..... 27mm medium-V 6066 alloy welded tubular with CNC sides
SPOKES..... Triple-butted aero 2.2mm SS w/T73 alloy nipples, radial-laced F/2X R
HUBS..... Lightweight 20H F/ 24H R design w/Japanese-made EZO cartridge bearings (2Fx5R)
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10, Campagnolo 9/10/11-speed compatible
COLOR.....Black
WEIGHT..... F 598g/R 828g = Pair 1426g

Corsa SuperLite Clincher

700C ALLOY CLINCHER WHEELSET

RIMS..... 27mm medium-V 6066 alloy welded clincher with CNC sides
SPOKES..... Triple-butted aero 2.2mm SS w/T73 alloy nipples, radial-laced F/2X R
HUBS..... Lightweight 20H F/24H R design w/Japanese-made EZO cartridge bearings (2Fx5R)
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10, Campagnolo 9/10/11-speed compatible
COLOR.....Black
WEIGHT.....F 627g/R 872g = Pair 1499g

Corsa Lite Clincher

700C ALLOY CLINCHER WHEELSET

RIMS..... 27mm medium-V 6066 alloy sleeved clincher with CNC sides
SPOKES..... Triple-butted aero 2.2mm SS w/T73 alloy nipples, radial-laced F/2X R
HUBS..... 20H F/ 24H R design w/Japanese-made EZO cartridge bearings (2Fx4R)
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10, Campagnolo 9/10/11-speed compatible
COLOR.....Black
WEIGHT..... F 681g/R 897g = Pair 1578g

Corsa Pro

700C ALLOY CLINCHER WHEELSET

RIMS..... 30mm medium-V 6061 alloy pinned clincher with CNC sides
SPOKES..... Aero 2 8mm SS w/brass nipples, radial-laced F/2X R
HUBS..... 20H F/24H R design w/high-quality cartridge bearings (2Fx2R)
EXTRAS..... Lightweight QR skewers with machined levers & cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10-speed compatible
COLOR.....Black
WEIGHT.....F 858g/R 1148g = Pair 2006g

VUELTA™

ZEROLITE WHEELS: Like all VUELTA wheel are 100% Hand-Built. Using time-tested methods and techniques, we have created a line of wheels that offer road-proven reliability and a level of performance found in wheels costing much more. Our patented 2-Plus-2 Lacing delivers eye popping good looks on wheels that offer outstanding value.

ZEROLITE PRO CLINCHER

700C ALLOY ROAD WHEELSET

RIM..... Pinned 30mm alloy medium-V with CNC sides
SPOKES..... Aero 2.8mm black SS, 3X F/R
HUBS..... Low-flange design w/cartridge bearings (2Fx2R), 24H F/24HR
EXTRAS..... QR skewers, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10 speed compatible
COLOR.....Black
WEIGHT..... F 855g/R 1135g = Pair 1990g

ZEROLITE PRO CLINCHER

700C ALLOY ROAD WHEELSET

RIM..... Pinned 30mm alloy medium-V with CNC sides
SPOKES..... Aero 2.8mm black SS, 3X F/R
HUBS..... Low-flange design w/cartridge bearings (2Fx2R), 24H F/24HR
EXTRAS..... QR skewers, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10 speed compatible
COLOR.....White
WEIGHT..... F 855g/R 1135g = Pair 1990g

ZEROLITE COMP CLINCHER

700C ALLOY ROAD WHEELSET

RIMS..... Pinned 30mm alloy medium-V with CNC sides
SPOKES..... Aero 2.8mm black SS, 3X F/R
HUBS.....Low-flange design w/ball bearings (2Fx2R), 24H F/24H R
EXTRAS..... QR skewers, urethane-coated nylon rim strips
FREEHUB.....Shimano 9/10 speed
COLOR.....Black
WEIGHT..... F 884g/R 1151g = Pair 2035g

Hand-Built Hand-tested Trail-Proven

VUELTA and ZeroLite produce wheels for every mountain condition and budget. The MTB Team V is the ultimate in design, reliability and function in a true XC wheelset. Our MTB All Mountain wheel with its welded rim and Five (count 'em, five) axle combinations make a great choice for the Freeride and DH crowd. The ZeroLite MTB Comp is a true MTB workhorse that proves good looks, strength, and great value in one package. Check out all our MTB wheels to find the set that's just right for you.

Key features in every VUELTA wheel:

- Complete assembly by hand
- Each model tested to achieve the perfect balance of strength, weight and reliability.
- Highest quality hubs and rims from the best makers in the world
- All spokes triple tensioned and inspected by hand.
- All VUELTA and ZeroLite wheels are built in our factories, to our standards.

MTB Team V

26" ALLOY MTB STRAIGHT PULL XC WHEELSET

RIMS..... Welded 23mm 6066 alloy, anodized eyelets, disc only, 19mm medium-V MTB
SPOKES..... Double-butted 2.0-1.6-2.0 SS w/T73 alloy nipples, 3X F/R
HUBS..... Lightweight Straight Pull, 6-bolt disc-compatible design w/Japanese-made EZO cartridge bearings (2Fx4R), 28H F/28H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed
COLOR.....Black w/Red Hubs and Spoke Nipples
WEIGHT.....F 700g/R 900g = Pair 1600g

MTB SuperLite

26" ALLOY MTB XC WHEELSET

RIMS..... Welded 23mm 6066 alloy, anodized eyelets, disc only, 19mm medium-V MTB
SPOKES..... Double-butted 2.0-1.6-2.0 SS w/T73 alloy nipples, 3X F/R
HUBS..... Lightweight 6-bolt disc-compatible design w/Japanese-made EZO cartridge bearings (2Fx4R), 28H F/28H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed
COLOR.....Black
WEIGHT.....F 729g/R 846g = Pair 1575g

VUELTA™

MTB All Mountain

26" ALLOY ALL MOUNTAIN WHEELSET

RIMS..... Welded 32mm 6066 alloy, anodized eyelets, disc only, 19mm medium-V MTB
SPOKES..... 2.0 SS spokes w/brass nipples, 3X F/R
HUBS..... Lightweight 6-bolt disc-compatible design w/Japanese-made EZO cartridge bearings (2Fx4R), 32H F/36H R
SPECIAL FEATURES..F Hub - quick-change 15mm/20mm through-axle/QR, R Hub - quick-change 12mm bolt/QR, all parts included
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed COLOR.....Black
WEIGHT.....F 837g/R 1065g = Pair 1902g

MTB All Mountain

26" ALLOY ALL MOUNTAIN WHEELSET

RIMS..... Welded 32mm 6066 alloy, anodized eyelets, disc only, 19mm medium-V MTB
SPOKES..... 2.0 SS spokes w/brass nipples, 3X F/R
HUBS..... Lightweight 6-bolt disc-compatible design w/Japanese-made EZO cartridge bearings (2Fx4R), 32H F/36H R
SPECIAL FEATURES..F Hub - quick-change 15mm/20mm through-axle/QR, R Hub - quick-change 12mm bolt/QR, all parts included
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed COLOR.....White
WEIGHT.....F 837g/R 1065g = Pair 1902g

MTB Lite

26" ALLOY MTB WHEELSET

RIMS..... Sleeved 24mm-wide 6066 alloy, anodized eyelets, disc only, 21mm medium-V MTB
SPOKES..... 2.0mm SS w/T73 alloy nipples, 3X F/R
HUBS..... Lightweight 6-bolt disc-compatible design w/Japanese-made EZO cartridge bearings (2Fx4R), 28H F/32H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed
COLOR.....Black
WEIGHT.....F 822g/R 1033g = Pair 1855g

MTB Nine

29ER (700C) ALLOY MTB WHEELSET

RIMS..... Sleeved 24mm-wide 6066 alloy, anodized eyelets, disc only, 21mm medium-V MTB
SPOKES..... 2.0mm SS w/T73 alloy nipples, 3X F/R
HUBS..... Lightweight 6-bolt disc-compatible design w/Japanese-made EZO cartridge bearings (2Fx4R), 28H F/32H R
EXTRAS..... Lightweight QR skewers with machined aluminum levers & hardened cro-mo shafts, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed
COLOR.....Black
WEIGHT.....F 822g/R 1033g = Pair 1855g

VUELTA™

MTB Pro

26" ALLOY MTB WHEELSET

RIMS.....Pinned 25mm-wide 6061 alloy, anodized eyelets, disc only, 22 mm medium-V MTB with CNC sides
SPOKES.....2.0mm SS, 3X F/R
HUBS.....6-bolt disc-compatible hubs w/cartridge bearings (2Fx4R), 28H F/32H R
EXTRAS.....QR skewers with machined levers & hardened cro-mo shafts
FREEHUB.....Shimano 8/9 speed
COLOR.....Black
WEIGHT.....F 965g/R 1233g = Pair 2198g

ZeroLite MTB Comp

26" ALLOY MTB WHEELSET

RIMS.....Pinned 26mm alloy medium-V MTB with CNC sides
SPOKES.....Aero 2.8mm black SS, 3X F/R
HUBS.....6-bolt disc-compatible design w/ball bearings (2Fx2R), 24H F/24H R
EXTRAS.....QR skewers, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed
COLOR.....Black
WEIGHT.....F 1003g/R 1202g = Pair 2205g

ZeroLite MTB Pro

26" ALLOY MTB WHEELSET

RIMS.....Pinned 26mm alloy medium-V MTB with CNC sides
SPOKES.....Aero 2.8mm black SS, 3X F/R
HUBS.....6-bolt disc-compatible design w/cartridge bearings (2Fx2R), 24H F/24H R
EXTRAS.....QR skewers, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed
COLOR.....Black
WEIGHT.....F 937g/R 1170g = Pair 2107g

ZeroLite MTB Pro

26" ALLOY MTB WHEELSET

RIMS.....Pinned 26mm alloy medium-V MTB with CNC sides
SPOKES.....Aero 2.8mm black SS, 3X F/R
HUBS.....6-bolt disc-compatible design w/cartridge bearings (2Fx2R), 24H F/24H R
EXTRAS.....QR skewers, urethane-coated nylon rim strips
FREEHUB.....Shimano 8/9 speed
COLOR.....White
WEIGHT.....F 937g/R 1170g = Pair 2107g

VUELTA™

ZeroLite Team Track Clincher

700C ALLOY TRACK WHEELSET

RIMS..... 42mm Deep-V 6061 alloy pinned clincher rim (No Braking Surface)
SPOKES..... 2.0mm SS spokes, black w/brass nipples, 3X F/R
HUBS..... 32H F/32H R design w/high-quality cartridge bearings (2Fx2R)
EXTRAS..... 16T fixed gear cog, urethane-coated nylon rim strips
FREEHUB.....**Flip-flop,** Fixed - One-speed freewheel
COLOR.....Black
WEIGHT..... F 1070g/R 1195g = Pair 2265g

ZeroLite Team Track Clincher

700C ALLOY TRACK WHEELSET

RIMS..... 42mm Deep-V 6061 alloy pinned clincher rim (No Braking Surface)
SPOKES..... 2.0mm SS spokes, black w/brass nipples, 3X F/R
HUBS..... 32H F/32H R design w/high-quality cartridge bearings (2Fx2R)
EXTRAS..... 16T fixed gear cog, urethane-coated nylon rim strips
FREEHUB.....**Flip-flop,** Fixed - One-speed freewheel
COLOR.....White
WEIGHT..... F 1070g/R 1195g = Pair 2265g

Pista Track Clincher

700C ALLOY TRACK WHEELSET

RIMS..... 30mm medium-V alloy pinned clincher with CNC sides
SPOKES..... Black 2.0mm SS w/brass nipples, radial-laced F/3X R
HUBS..... High-flange flip/flop track design w/high-quality cartridge bearings (2Fx2R), 32H F/36H R
EXTRAS..... 16T fixed gear cog, urethane-coated nylon rim strips
FREEHUB.....**Flip-flop,** Fixed - One-speed freewheel
COLOR.....Black
WEIGHT..... F 1004g/R 1103g = Pair 2107g

ZeroLite Pro Track

700C ALLOY TRACK WHEELSET

RIMS..... 30mm medium-V 6061 alloy pinned clincher rim with CNC sides
SPOKES..... Black 2.0mm SS w/brass nipples, 3X F/R
HUBS..... 32H F/32H R design w/high-quality cartridge bearings (2Fx2R)
EXTRAS..... 16T fixed gear cog, urethane-coated nylon rim strips
FREEHUB.....**Flip-flop,** Fixed - One-speed freewheel
COLOR.....Black
WEIGHT.....F 1041g/R 1107g = Pair 2148g

VUELTA™

VUELTA CRANKSETS: PERFORMANCE AND VALUE YOU CAN RIDE ON

Our family of cranksets are designed to supply quality and performance at great value when it comes to repairing or upgrading your favorite bike, or if you just need a great crank for putting a new bike together. VUELTA road and mountain cranks have all the right features – including cold-forged arms and chainrings for indexed drivetrains – to get you going without setting you back on cost. And our new Pista cranks are tailor made to survive the meanest streets, at a price the toughest bike messengers will love. Cranks come packaged with spindle bolts. Square taper bottom bracket required.

Key features in every VUELTA Crankset:

- Cold-Forged Alloy Arms
- JIS Square Taper Compatible
- Easy Installation
- Models for most road and MTB bikes.

CORSA PRO TRIPLE

130/74 BCD TRIPLE, 30/42/52 GEARING

- Designed for indexed shifting
- Fits square taper 118mm bottom bracket
- Cold-forged alloy crank arms, anodized black finish
- Available in 170mm and 175mm lengths

ROAD CRANKSETS: Our Road cranks are designed to supply quality and performance at great value. Choose from Standard Road Double, Compact Road Double or Road Triple to repair or upgrade your favorite bike, or if you just need a great crank for a new build.

CORSA PRO DOUBLE

130 BCD DOUBLE, 39/53 GEARING

- Designed for indexed shifting
- Fits square taper 113mm bottom bracket
- Cold-forged alloy crank arms, anodized black finish
- Available in 170mm and 175mm lengths

CORSA COMP DOUBLE

110 BCD DOUBLE, 39/53 GEARING

- Designed for indexed shifting
- Fits square taper 110mm bottom bracket
- Cold-forged alloy crank arms, anodized black finish
- Available in 170mm and 175mm lengths

CORSA COMP DOUBLE

110 BCD DOUBLE, 34/50 GEARING

- Designed for indexed shifting
- Fits square taper 110mm bottom bracket
- Cold-forged alloy crank arms, anodized black finish
- Available in 170mm and 175mm lengths

VUELTA™

TRACK CRANKSETS: When style and reliability count you can count on VUELTA. Our track cranks are designed to supply quality and performance at great value. Choose from 6 great colors. The perfect choice to repair or upgrade your fixie, or if you just need a great looking crank for a new build. VUELTA Track/Fixie Cranks are designed to work with 108mm BB spindle in most applications.

PISTA TRACK CRANKSET
144/BCD 46T SILVER
- 144 BCD, ½" x 3/32" 46T alloy chainring
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, Dura Powder Coat finish

PISTA TRACK CRANKSET
144/BCD 46T BLACK
- 144 BCD, ½" x 3/32" 46T alloy chainring
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, Dura Powder Coat finish

PISTA TRACK CRANKSET
144/BCD 46T RED
- 144 BCD, ½" x 3/32" 46T alloy chainring
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, Dura Powder Coat finish

PISTA TRACK CRANKSET
144/BCD 46T BLUE
- 144 BCD, ½" x 3/32" 46T alloy chainring
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, Dura Powder Coat finish

PISTA TRACK CRANKSET
144/BCD 46T PINK
- 144 BCD, ½" x 3/32" 46T alloy chainring
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, Dura Powder Coat finish

PISTA TRACK CRANKSET
144/BCD 46T WHITE
- 144 BCD, ½" x 3/32" 46T alloy chainring
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, Dura Powder Coat finish

MTB CRANKSETS: Our Mountain cranks are designed to supply quality and performance at great value. Choose from our Pro Model with heavy-duty cold forged arms and offset spacing for 118mm Spindles or the sleek looking Comp for 110mm spindles.

MTB PRO CRANKSET
4/32/22 104-64/BCD
- 110/64 BCD triple steel chainrings
- Fits square taper 110mm bottom bracket
- Cold-forged extra strong alloy crank arms, durable black finish
- Available with 170mm and 175mm lengths

MTB COMP CRANKSET
44/32/22 104-64/BCD
- 110/64 BCD triple steel chainrings
- Fits square taper 110mm bottom bracket
- Cold-forged alloy crank arms, durable anodized black finish
- Available with 170mm and 175mm lengths

EZ-Roll bearings and precision machining, make these high-quality BBs a perfect match for all of our VUELTA cranksets. Individually boxed w/bolts

SEALED BEARING BOTTOM BRACKET
W/SQUARE TAPER CRO-MOLY SPINDLE.
- Cartridge Square Taper BB, Steel Cups 108, 110, 113 and 118mm spindle lengths

VUELTA™

VUELTA CHAINRINGS: U.S.A. QUALITY, AFFORDABLE VALUE

VUELTA is the leader in manufacturing replacement chainrings for most road and mountain bikes made within the last 25 years. We design and CNC machine all of our chainrings here in the U.S.A. to ensure that quality and performance is always the best – while still keeping prices affordable. Our **SE PLUS CHAINRINGS** are made from 7075T6 aircraft aluminum and are ramped and pinned for indexed drivetrains up to nine speeds. They are also the most affordable high-quality American-made replacement performance rings you can buy. Our **SE FLAT CHAINRINGS** are made from 6061T6 aircraft aluminum and designed for most classic road bikes and earlier model MTBs that don't use indexed shifting.

Key features in every VUELTA Chainring:

- Made in the U.S.A.
- Precision CMC Machined
- Rings available for most conventional and indexed drivetrains
- Affordable quality and value for most bikes

Finding Chainring Sizes

There are many different chainring sizes to choose from. Finding out what size chainring you have is not difficult, you just need to know what size Bolt Circle Diameter (or BCD) you have. Below is a quick guide to the more popular applications and the sizes available from VUELTA.

BCD APPLICATION CHART

APPLICATION - 5 BOLTS	BCD	VUELTA RANGE
Track & Fixed Gear	144mm	44-50T
Current Campagnolo	135mm	39-55T
Standard Road double/triple	130mm	38-60T
Touring/Compact double/triple	110mm	34-60T
Compact triple outer	94mm	30-48T
Triple inner 110, 130, 135 BCD	74mm	24-32T
Compact triple inner	58mm	20-24T

APPLICATION - 4 BOLTS	BCD	VUELTA RANGE
Common MTB outer & middle ring	104mm	32-48T
Common MTB inner ring	64mm	22-24T

Visit www.VUELTAUSA.com and download our free CHAINRING SIZING GUIDE.

VUELTA™

VUELTA SE PLUS RAMPED & PINNED CHAINRINGS

VUELTA SE PLUS RAMPED AND PINNED CHAINRINGS**:**
Ramped and pinned for great shifting on most indexed drivetrains, and American-made of the finest 7075T6 aircraft grade aluminum. Available in Black (MTB) or Silver (Road).

5-BOLT COMPACT CHAIN RINGS (58/94MM BCD)

SE Plus	58/BCD	22T	Black
SE Plus	94/BCD	30T, 32T, 42T, 44T, 46T	Black

4-BOLT CHAIN RING (64/104MM BCD)

SE Plus	64/BCD	22T	Black
SE Plus	104/BCD	32T, 34T, 42T, 44T	Black

5-BOLT STANDARD CHAIN RING (74/110MM BCD)

SE Plus	74/BCD	24T	Black
SE Plus	110/BCD	34T, 46T, 48T	Black

5-BOLT ROAD CHAIN RING (130MM BCD)

SE Plus	130/BCD	39T, 40T, 42T, 48T, 50T, 52T, 53T	Silver

VUELTA SE FLAT CHAINRINGS

VUELTA SE FLAT CHAINRINGS**:** For that special vintage bike or favorite singlespeed, SE Flat Rings are a great way to improve your bike's performance. Made in U.S.A. of aircraft grade aluminum. Inner 58, 64, 74 are 7075T6 alloy. Middle and outer are 6061T6 alloy.

5-BOLT COMPACT CHAINRINGS (58/94MM BCD)

SE	58/BCD	20T, 22T, 24T,	Black or Silver
SE	94/BCD	30T, 32T, 34T, 36T, 38T, 42T, 44T, 46T, 48T	Black or Silver

4-BOLT COMPACT CHAINRINGS (64/104MM BCD)

SE	64/BCD	22T, 24T	Black or Silver
SE	104/BCD	32T, 34T, 36T, 38T, 39T, 40T, 42T, 44T, 46T, 48T	Black or Silver

5-BOLT STANDARD CHAINRINGS (74/110MM BCD)

SE	74/BCD	24T, 26T, 28T, 30T, 32T	Black or Silver
SE	110/BCD	34T, 36T, 38T, 39T, 40T, 42T, 44T, 46T, 48T, 50T, 52T, 54T, 56T, 58T, 60T	Black or Silver

5-BOLT ROAD CHAINRINGS (130MM BCD)

VUELTA™

HIGH-PERFORMANCE CHAINS: THE VITAL LINK FOR EVERY BIKE

VUELTA high-performance bicycle chains are manufactured in state-of-the-art facilities by people with many years experience in the drivechain industry. Our chains are designed to exacting standards and then precision manufactured with our own tooling. All models have been extensively tested both in the U.S. and in countries around the world where user conditions vary dramatically. VUELTA high-performance chains have also been tested and accepted as OE by some of the top bicycle manufacturers in the business. All VUELTA chains come packaged in a convenient see-through blister pack that allows easy display and handling.

Key features:

- Precision designed and manufactured
- Available for most bikes
- Master Link included
- Easy installation

SINGLE SPEED

1/2 x 1/8" 112L BROWN

- Designed for Single Speeds, Cruisers, Fixies
- Smooth bushingless design
- 1/2 x 1/8", 112 Links
- Includes Master Link
- Brown Finsh

SINGLE SPEED

1/2 x 1/8" 112L CHROME

- Designed for Single Speeds, Cruisers, Fixies
- Smooth bushingless design
- 1/2 x 1/8", 112 Links
- Includes Master Link
- Chrome Plated Finsh

SINGLE SPEED

1/2 x 1/8" 112L RUSTLESS

- Designed for Single Speeds, Cruisers, Fixies
- Smooth bushingless design
- 1/2 x 1/8", 112 Links
- Includes Master Link
- Rustless Finsh

5/6 SPEED CHAIN

1/2 x 3/32" 116L BROWN

- Designed for Single Speeds, Cruisers, Fixies
- Smooth bushingless design
- 1/2 x 3/32", 116 Links
- Includes Master Link
- Brown Finish

SEVEN SPEED

1/2 x 1/32" 116L BROWN

- Designed for Single Speeds, Cruisers, Fixies
- Smooth bushingless design
- 1/2 x 1/32", 116 Links
- Includes Master Link
- Brown Finish

EIGHT SPEED

1/2 x 3/32" 116L SILVER/GRAY

- Designed for Single Speeds, Cruisers, Fixies
- Smooth bushingless design
- 11/2 x 3/32", 116 Links
- Includes Master Link
- Silver/Gray Finish

NINE SPEED

1/2 x 3/32" 116L SILVER

- Designed for Single Speeds, Cruisers, Fixies
- Smooth bushingless design
- 1/2 x 1/8", 112 Links
- Includes Master Link
- Silver Finish

CHAINRING BOLTS: VUELTA high-performance chainring bolts have been the choice of manufacturers, bike shops and enthusiasts for almost 20 years. VUELTA steel fasteners are chrome plated to resist the elements, and they come packaged for BMX/single and five piece for road and mountain applications.

VUELTA alloy fasteners are CNC machined from aerospace aluminum alloy for maximum strength, and they come in four great colors – Black, Silver, Red and Blue. Our new VUELTA Alloy Torx Fasteners take it to the next level with durable Torx drive, the standard in race cars and airplanes. Our Alloy Torx Fasteners are made to the lowest tolerances to ensure a solid no-slop installation every time.

SINGLE CHAINRING BOLTS

STEEL ALLEN HEAD CHAINRING BOLTS
CHROME PLATED
Single Speed/BMX Steel 6mm
Chainring Bolt Set of 5

ALLOY ALLEN HEAD CHAINRING BOLTS
BLACK, SILVER, RED & BLUE

Chainring Bolt Set of 5

ALLOY TORX HEAD CHAINRING BOLTS
BLACK, SILVER, RED & BLUE
Double Alloy 8mm
Chainring Bolt Set w/ Wrench

HEADSET SPACERS

VUELTA headset spacers are available in aluminum alloy for both 1" and 1-1/8" threadless steer tubes, and also carbon fiber in 1-1/8". Both are available in sizes from 2.5mm to 20mm to provide the most adjustability so you can enjoy the best ride ever.

Our alloy spacers are precision made to ensure consistent fitting, no matter what components you're running in your bike's cockpit. Our carbon fiber spacers are made from the best quality, high-weave fabric to complement the appearance and functionality on almost any high-end road or mountain rig.

BLACK ALLOY HEADSET SPACERS
1" & 1-1/8"
2.5mm, 5mm, 10mm, 15mm, 20mm

VUELTA SADDLES: BORN TO RIDE, MADE TO FIT

Choosing the right saddle can make all the difference on how your bike looks and rides, and your next saddle should feel as good as it looks. The new VUELTA line of bicycle saddles has a model for almost every kind of bike and rider, with emphasis on the highest levels of design, construction, comfort and value.

The key comfort technology incorporated in all VUELTA saddles is MEMORY FOAM. Originally created for NASA astronauts to improve comfort and reduce fatigue. The key qualities of MEMORY FOAM – the ability to resist break down due to heat, mold with the human body and absorb shock stress – makes it the perfect material for bicycle saddles. MEMORY FOAM while costlier than conventional saddle materials is what sets VUELTA saddles ahead of the pack. Our MEMORY FOAM saddles will not harden or break down under heat or sunlight, and they conform to each rider for that "custom fit" for a more efficient and comfortable riding.

Choosing the right seat for your bicycle can make all the difference, whether you need something plush for your weekend ride, or you need a seat that firmer for performance road or mountain biking. Thanks to their exclusive MEMORY FOAM construction, VUELTA saddles will make every mile worth smiling about.

Key features in VUELTA saddles:

- MEMORY FOAM padding for comfort and cruiser models
- Choice of synthetic or Lycra covers to match your ride
- Engineered nylon seat bases for solid ride, maximum comfort

CORSA PRO ROAD SADDLE

- Exclusive design for performance and fitness riding
- Form-fitting ergo design with memory foam support and synthetic or Lycra cover
- Engineered nylon base for solid support

Corsa Pro Road - Synthetic Cover

Corsa Pro Road - Lycra Cover

CORSA COMP ROAD SADDLE

- Exclusive design for performance and fitness riding
- Form-fitting ergo design with memory foam support and synthetic or Lycra cover
- Engineered nylon base for solid support

Corsa Comp Road - Synthetic Cover

Corsa Comp Road - Lycra Cover
