VUELTA

CARBON FIBER ROAD WHEELS

Vuelta carbon wheels are hand-built using the same advanced techniques we use in all of our wheels. Then we add high modulus monocoque carbon fiber rims, light weight CNC machined straight pull hubs with high-quality cartridge bearings (2-front and 4-rear) and Sapim C-XRAY 18/8 (road) and D-Light (MTB) stainless steel spokes. All of our carbon road rims feature a modern 17mm inside width to fit popular tire sizes. This build results in wheels that are light, strong and reliable. The Carbo Pro V-1 Tubular weighs in at 1270 grams and the HyperLite Plus MTB wheelset at just 1380 grams. Vuelta carbon wheels are available in 86mm, 55mm and 30mm road and 20mm MTB rim profiles.

25mm 6061 welded alloy rims
22mm OD 17mm ID width

PRO V1 HUBS

CNC machined straight pull front hub with cartridge bearings

CNC machined straight pull rear hub w/4 cartridge bearings, 11 speed

PRO V1-DB HUBS

CNC machined straight pull front hub with cartridge bearings

CNC machined straight pull rear hub w/4 cartridge bearings, 11 speed

CARBON PRO V1 OR V1-DB

700C HAND-BUILT CARBON CLINCHER OR TUBULAR

RIMS: 30mm profile clincher, high modulus monocoque carbon fiber
OUTSIDE WIDTH: 23mm, INSIDE WIDTH: 17mm, DEPTH: 30mm
SPOKES: Sapim CX-Ray 2.0 bladed
LACING: Front 2 cross / Rear 2 cross (F16h x R24h)
HUB: CNC machined road straight pull with cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, nylon rim strip, 8/9/10 speed spacer
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
COLOR: Black
PRO V1: CLINCHER WEIGHT: Pair 1480g / Front 640g / Rear 840g
PRO V1: TUBULAR WEIGHT: Pair 1270g / Front 535g / Rear 735g
PRO V1-DB: CLINCHER WEIGHT: Pair 1500g / Front 680g / Rear 820g

CARBON PRO V3

700C HAND-BUILT
CARBON CLINCHER
OR TUBULAR

CNC machined straight pull front hub with cartridge bearings

CNC machined straight pull rear hub w/4 cartridge bearings 11 speed

RIMS: 55mm profile tubular, high modulus monocoque carbon fiber
OUTSIDE WIDTH: 27mm, INSIDE WIDTH: 17mm, DEPTH: 55 mm
SPOKES: Sapim CX-Ray 2.0 bladed
LACING: Front 2 cross / Rear 2 cross (F16h x R24h)
HUB: CNC machined road straight pull with cartridge bearing (F2 x R4)

COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
EXTRAS: Alloy quick-release skewers and nylon rim strip, 8/9/10 speed spacer
COLOR: Black
CLINCHER WEIGHT: Pair 1640g / Front 720g / Rear 920g
TUBULAR WEIGHT: Pair 1450g / Front 625g / Rear 825g

CARBON PRO V8

700C HAND-BUILT
CARBON CLINCHER
OR TUBULAR

CNC machined straight pull front hub with cartridge bearings

CNC machined straight pull rear hub w/4 cartridge bearings 11 speed

RIMS: 86mm profile clincher, high modulus monocoque carbon fiber
OUTSIDE WIDTH: 27mm, INSIDE WIDTH 17mm, DEPTH: 86mm
SPOKES: Sapim CX-Ray 2.0 bladed
LACING: 12h Front 2 Cross / 16h Rear 2 Cross
HUBS: CNC machined road straight pull with cartridge bearing (F2 x R4)

COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
EXTRAS: Alloy quick-release skewers and nylon rim strip, 8/9/10 speed spacer
COLOR: Black
CLINCHER WEIGHT: Pair 1885g / Front 850g / Rear 1035g
TUBULAR WEIGHT: Pair 1690g / Front 745g / Rear 945g

HAND-BUILT HAND-TESTED RACE-PROVEN

All Vuelta wheels from are built 100% by hand to exacting standards using only the best available components. Our wheels are rigorously tested using custom tools to guarantee accurate spoke tensioning and precise rim truing. Vuelta wheels are the preferred choice of bike builders, distributors, dealers, enthusiasts, and professional athletes the world over.

New wide-low profile, straight pull hubs, aero spokes at under 1500g!

25mm 6061 welded alloy rims
22mm OD 17mm ID width

CNC machined straight pull front hub with cartridge bearings

CNC machined straight pull hub w/4 cartridge bearings 11 speed

SPEED ONE XLR 11SP CLINCHER

RIMS: 25mm profile welded 6061 alloy with CNC sides
OUTSIDE WIDTH: 22mm, INSIDE WIDTH 17mm, DEPTH: 25mm
SPOKES: Aero straight pull 2.2mm
LACING: Front 2 cross / Rear 2 cross (F16H x R24H)
HUB: CNC machined road straight pull with cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, nylon rim strip, 8/9/10 speed spacer
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
COLOR: Black
WEIGHT: 1490g pair

Perfect "Gravel" wheel, wide-low profile and disc hubs!

24mm 6061 alloy disc rim
21mm OD 17mm ID width

CNC machined road straight pull 6-bolt disc cartridge bearing

CNC machined disc hub w/4 cartridge bearings 11 speed

SPEED ONE XLR-DB 11SP CLINCHER

RIMS: 25mm profile welded 6061 alloy disc specific
OUTSIDE WIDTH: 22mm, INSIDE WIDTH: 17mm, DEPTH: 24mm
SPOKES: Aero straight pull 2.2mm
LACING: Front 2 cross / Rear 2 cross (F16H x R24H)
HUBS: CNC machined road straight pull 6-bolt disc cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, nylon rim strip, 8/9/10 speed spacer
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
COLOR: Black
WEIGHT: 1540g pair

CORSA RACE

700C HAND-BUILT ALLOY
CLINCHER ROAD WHEELS

Forged front hub with alloy axle and 2 Japanese EZO cartridge bearings

Forged rear hub with alloy axle and 4 Japanese EZO cartridge bearings

RIMS: 22mm profile welded 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.6mm, INSIDE WIDTH: 15mm, DEPTH: 22mm
SPOKES: Aero triple-butted with alloy nipples
LACING: Front radial / Rear 2 cross (F20h x R24h)
HUBS: CNC machined road with Japanese EZO cartridge bearing (F2 x R5)
EXTRAS: Alloy quick-release skewers and nylon rim strip, 8/9/10 speed spacer
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
COLOR: Black
WEIGHT: 1365g pair

TEAM SL37

700C HAND-BUILT ALLOY CLINCHER ROAD WHEELS
RIMS: 37mm profile 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.5mm, INSIDE WIDTH 14mm, DEPTH: 37mm
SPOKES: Aero straight pull 4.0mm
LACING: Front 2 cross / Rear 2 cross (F12h x R16h)
HUBS: CNC machined road straight pull with cartridge bearing (F2 x R2)
EXTRAS: Alloy quick-release skewers and nylon rim strip, 8/9/10 speed spacer
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed
COLOR: Black
WEIGHT: 1725g pair

CORSA SUPERLITE

700C HAND-BUILT ALLOY CLINCHER ROAD WHEELS
RIMS: 27mm profile welded 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.2mm, INSIDE WIDTH: 13.9mm, DEPTH: 27mm
SPOKES: Aero triple-butted with alloy nipples
LACING: Front radial / Rear 2 cross (F20h x R24h)
HUBS: CNC machined road with Japanese ezo cartridge bearing (F2 x R5)
EXTRAS: Alloy quick-release skewers and nylon rim strip, 8/9/10 speed spacer
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
COLOR: Black
WEIGHT: 1495g pair

CORSA SLX DISC

700C HAND-BUILT ALLOY CLINCHER DISC ROAD WHEELS
RIMS: 21mm profile sleeved 6061 alloy disc specific
OUTSIDE WIDTH: 23.8mm, INSIDE WIDTH: 19mm, DEPTH: 21mm
SPOKES: Aero triple-butted with alloy nipples
LACING: Front 3 cross / Rear 3 cross (F28h x R32h)
HUBS: CNC machined road 6-bolt disc with Japanese EZO cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, F 15mm & R 12mm thru axle adaptors, plus 135 to 142 rear spacing adaptors and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed
COLOR: Black
WEIGHT: 1614g pair

CORSA LITE

700C HAND-BUILT ALLOY CLINCHER ROAD WHEELS
RIMS: 27mm profile sleeved 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.2mm, INSIDE WIDTH: 13.9mm, DEPTH: 27mm
SPOKES: Aero triple-butted with alloy nipples
LACING: Front radial / Rear 2 cross (F20h x R24h)
HUBS: CNC machined road with Japanese EZO cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers and nylon rim strip, 8/9/10 speed spacer
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed or Campagnolo 9/10/11 speed
COLOR: Black
WEIGHT: 1570g pair

CORSA TEAM 37

700C HAND-BUILT ALLOY CLINCHER ROAD WHEELS
RIMS: 37mm profile sleeved 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.5mm, INSIDE WIDTH: 14mm, DEPTH: 37mm, ERD: 622mm
SPOKES: Round plain gauge C45 steel with brass nipples
LACING: Front 2 left/2 right / Rear 2 left/2 right (F24h x R24h)
HUBS: CNC machined road with cartridge bearing (F2 x R2)
EXTRAS: Alloy quick-release skewers and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed
COLOR: Black
WEIGHT: 1946g pair

ZEROLITE ROAD PRO HD

700C HAND-BUILT ALLOY CLINCHER ROAD WHEELS
RIMS: 30mm profile pinned 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.8mm, INSIDE WIDTH: 14mm, DEPTH: 30mm
SPOKES: Round plain gauge C45 steel with brass nipples
LACING: Front 3 cross / Rear 3 cross (F36h x R36h)
HUBS: CNC machined road with cartridge bearing (F2 x R2)
EXTRAS: Alloy quick-release skewers and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10/11 speed
COLOR: Black
WEIGHT: 2435g pair

ZEROLITE ROAD PRO

700C HAND-BUILT ALLOY CLINCHER ROAD WHEELS
RIMS: 30mm profile pinned 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.8mm, INSIDE WIDTH 14mm, DEPTH: 30mm
SPOKES: Aero plain gauge C45 steel with brass nipples
LACING: Front 2 left/2 right / Rear 2 left/2 right (F24h x R24h)
HUBS: CNC machined road with cartridge bearing (F2 x R2)
EXTRAS: Alloy quick-release skewers and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 1990g pair

ZEROLITE ROAD COMP

700C HAND-BUILT ALLOY CLINCHER ROAD WHEELS
RIMS: 30mm profile pinned 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.8mm, INSIDE WIDTH: 14mm, DEPTH: 30mm
SPOKES: Aero plain gauge C45 steel with brass nipples
LACING: Front 2 left/2 right / Rear 2 left/2 right (F24h x R24h)
HUBS: CNC machined road with sealed loose ball bearings
EXTRAS: Alloy quick-release skewers and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 2035g pair

HAND-BUILT HAND-TESTED TRACK-PROVEN

ZeroLite wheels: Like all Vuelta wheels are 100% hand-built. Using time tested methods and techniques we have created a line of wheels that offer road proven reliability and a level of performance found in wheels costing much more. Our patented 2-Plus-2 lacing delivers eye popping good looks on wheels that offer outstanding value.

ZEROLITE TRACK COMP

700C HAND-BUILT ALLOY TRACK SINGLE SPEED WHEELSET
RIMS: 30mm profile pinned 6061 alloy with CNC sides
OUTSIDE WIDTH: 19.8mm, INSIDE WIDTH: 14mm, DEPTH: 30mm
SPOKES: Aero plain gauge C45 steel with brass nipples
LACING: Front 3 cross / Rear 3 cross (F32h x R32h)
HUBS: CNC machined track with sealed loose ball bearings
EXTRAS: 16t fixed gear cog and nylon rim strip
COMPATIBILITY: Fixed gear, single speed freewheel
COLOR: Black, silver, blue, red, white, pink
WEIGHT: 2151g pair

HAND-BUILT HAND-TESTED TRAIL-PROVEN

Vuelta and ZeroLite make wheels for every mountain condition and budget. Our new HyperLite Plus is Vuelta's first carbon MTB wheel and at 1380 grams it' the perfect X-C Race Wheel. The MTB Race, Team V, XC and AM wheels feature 5 way axle sets to fit any bike. The ZeroLite MTB Pro and Comp are true MTB workhorses that offers good looks, strength, and great value in one package.

Our new carbon MTB wheel has wide-low profile, 27.5" & 29" and only 1380g!

20mm asymmetricle carbon rim
28mm OD, 20mm ID width

CNC machined mtb straight pull 6-bolt disc cartridge bearing

CNC machined disc mtb hub w/4 cartridge bearings 11 speed

HYPERLITE XC PLUS

HAND-BUILT 27.5" ALLOY TUBELESS READY MTB WHEELS
RIMS: 20mm profile clincher, high modulus monocoque carbon fiber disc only
OUTSIDE WIDTH: 28mm, INSIDE WIDTH: 23mm, DEPTH: 22mm
SPOKES: Sapim D-light double butted
LACING: Front 2 cross / Rear 3 cross (F24h x R24h)
HUBS: CNC machined road straight pull 6-bolt disc cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, F 15mm & R 12mm thru axle adaptors, plus 135 to 142 rear spacing adaptors and nylon rim strip
COMPATIBILITY: Shimano/SRAM 9/10/11 speed
COLOR: Black WEIGHT: 1380g pair

27.5" Plus, super wide 45mm rim, Boost axles, very cool!

17.5mm welded alloy disc rim
45mm OD, 40mm ID width

CNC machined mtb straight pull
6-bolt disc 110mm boost spacing

MTB disc hub 4 bearings 11 speed
148mm boost spacing

HYPERLITE BOOST MTB WHEELSET

RIMS: 17.5mm profile welded 6061 alloy disc only
OUTSIDE WIDTH 45mm, INSIDE WIDTH: 40mm, DEPTH: 21mm
SPOKES: Sapim race double-butted
LACING: Front 2 cross / Rear 3 cross (F24h x R28h)
HUBS: CNC machined road straight pull, 6-bolt disc cartridge bearing (F2 x R4)
BOOST: 15 x110mm Front and 12 x 148mm Rear thru axles
COMPATIBILITY: Shimano/SRAM 9/10/11 speed
COLOR: Black
WEIGHT: 2026g pair

MTB RACE

27.5"/ 29" ALLOY TUBELESS READY MTB WHEELS

RIMS: 17.5mm profile welded 6061 alloy disc only with stainless steel eyelets
OUTSIDE WIDTH: 24.3mm, INSIDE WIDTH 19mm
SPOKES: Round double-butted stainless steel with alloy nipples
LACING: Front 2 cross / Rear 3 cross (F24h x R28h)
HUBS: CNC machined mountain 6-bolt disc with Japanese EZO cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, F 15mm & R 12mm thru axle adaptors, plus 135 to 142 rear spacing adaptors and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 27.5" 1584g pair / 29" 1708g pair

MTB TEAM V

HAND-BUILT 27.5"/ 29" ALLOY TUBELESS READY MTB WHEELS
RIMS: 17.5mm profile welded 6061 alloy disc only with stainless steel eyelets
OUTSIDE WIDTH 24.3mm, INSIDE WIDTH: 19mm
SPOKES: Round double-butted stainless steel with alloy nipples
LACING: Front 3 cross / Rear 3 cross (F28h x R28h)
HUBS: CNC machined straight pull 6-bolt disc with Japanese EZO cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, F 15mm & R 12mm thru axle adaptors, plus 135 to 142 rear spacing adaptors and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black with red hubs and spoke nipples
WEIGHT: 27.5" 1738g pair / 29" 1816g pair

MTB XC

HAND-BUILT 27.5"/ 29" ALLOY TUBELESS READY MTB WHEELS
RIMS: 17.5mm profile sleeved 6061 alloy disc only with stainless steel eyelets
OUTSIDE WIDTH: 24.3mm, INSIDE WIDTH: 21mm
SPOKES: Round double-butted stainless steel with alloy nipples
LACING: Front 3 cross / Rear 3 cross (F32h x R32h)
HUBS: CNC machined mountain 6-bolt disc with Japanese EZO cartridge bearing (F2 x R4)
EXTRAS: Alloy quick-release skewers, F 15mm & R 12mm thru axle adaptors, plus 135 to 142 rear spacing adaptors and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 27.5" 1826g pair / 29" 1906g pair

MTB AM

HAND-BUILT 27.5"/ 29" ALLOY TUBELESS READY MTB WHEELS

RIMS: 17.5mm profile sleeved 6061 alloy disc only with stainless steel eyelets
OUTSIDE WIDTH: 21mm, INSIDE WIDTH: 14mm
SPOKES: Round double-butted stainless steel with alloy nipples
LACING: Front 3 cross / Rear 3 cross (F32h x R32h)
HUBS: CNC machined mountain 6-bolt disc with Japanese EZO cartridge bearing (f2 x r4)
EXTRA: Alloy quick-release skewers, F 15mm & R 12mm thru axle adaptors, plus 135 to 142 rear spacing adaptors and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 27.5" 1992g pair / 29" 2017g pair

MTB PRO DX

HAND-BUILT 26"/27.5"/ 29" ALLOY MTB WHEELS

RIMS: 21mm profile pinned 6061 alloy disc only
OUTSIDE WIDTH: 21mm, INSIDE WIDTH:14mm
SPOKES: Aero plain gauge c45 with brass nipples
LACING: Front 2 left/2 right / rear 2 left/2 right (F24h x R24h)
HUBS: CNC machined mountain 6-bolt disc with cartridge bearing (F2 x R2)
EXTRAS: Alloy quick-release skewers and nylon rim strip
COMPATIBILTY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 26" 2148g pair / 27.5" 2240g pair / 29" 2343g pair

ZEROLITE MTB PRO

HAND-BUILT 26" ALLOY MTB WHEELS

RIMS: 26mm profile pinned 6061 alloy with CNC machined sides
OUTSIDE WIDTH 25mm, INSIDE WIDTH 19mm
SPOKES: Aero plain gauge C45 with brass nipples
LACING: Front 2 left/2 right / Rear 2 left/2 right (F24h x R24h)
HUBS: CNC machined mountain 6-bolt disc with cartridge bearing (F2 x R2)
EXTRAS: Alloy quick-release skewers and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 2178g pair

ZEROLITE MTB COMP

HAND-BUILT 26" ALLOY MTB WHEELS

RIMS: 26mm profile pinned 6061 alloy with CNC machined sides
OUTSIDE WIDTH 25mm, INSIDE WIDTH 19mm
SPOKES: Aero plain gauge C45 with brass nipples
LACING: Front 2 left/2 right / Rear 2 left/2 right (F24h x R24h)
HUBS: CNC machined mountain 6-bolt disc with sealed loose ball bearing
EXTRAS: Alloy quick-release skewers and nylon rim strip
COMPATIBILITY: Shimano/SRAM 8/9/10 speed
COLOR: Black
WEIGHT: 2205g pair

CRANKSETS:
PERFORMANCE & VALUE YOU CAN RIDE ON!

Our family of cranksets are designed to supply quality and performance at great value when it comes to repairing or upgrading your favorite bike, or if you just need a great crank for putting a new bike together. Vuelta road and mountain cranks have all the right features – including cold-forged arms and chainrings for indexed drivetrains.

CORSA TEAM SL DOUBLE
170 / 175 mm
- 130mm BCD double alloy CNC machined chainrings
- 53T/39T gearing, for indexed shifting
- Fits square taper 113mm bottom bracket
- Cold-forged alloy crank arms, black finish

CORSA TEAM DOUBLE
170 / 175 mm
- 130/mm BCD triple steel chainrings
- 52T/39T gearing, designed for indexed shifting
- Fits square taper 118mm bottom bracket
- Cold-forged alloy crank arms, black finish

CORSA PRO DOUBLE
170 / 175 mm
- 130/mm BCD triple steel chainrings
- 52T/39T gearing, designed for indexed shifting
- Fits square taper 118mm bottom bracket
- Cold-forged alloy crank arms, black finish

CORSA PRO TRIPLE
170 / 175 mm
- 130/74mm BCD triple steel chainrings
- 52T/42T/30T gearing, designed for indexed shifting
- Fits square taper 118mm bottom bracket
- Cold-forged alloy crank arms, black finish

CORSA COMP DOUBLE
170 / 175 mm
- 110mm BCD compact double steel chainrin
- 53T/39T gearing, designed for indexed shifting
- Fits square taper 110mm bottom bracket
- Cold-forged alloy crank arms, black finish

CORSA COMP COMPACT
170 / 175 mm,
- 110mm BCD compact double steel chainrings
- 50T/34T gearing, designed for indexed shifting
- Fits square taper 110mm bottom bracket
- Cold-forged alloy crank arms, black finish

CORSA COMP TRIPLE
170 / 175 mm
- 130/74mm BCD triple steel chainrings
- 52T/42T/30T gearing, designed for indexed shifting
- Fits square taper 118mm bottom bracket
- Cold-forged alloy crank arms, black finish

PISTA PRO
165 / 170 mm
- 144mm BCD, 1/2"x 3/32" alloy chainring
- 46T gearing
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, silver or black finish

PISTA TEAM TRACK
165/170mm
- 144mm BCD, 1/2"x 3/32" alloy chainring
- 46T gearing
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms
- Black finish. See additional colors below.

Silver

Blue

Pink

White

PISTA COMP
165 / 170 mm
- 130mm BCD, 1/2"x 3/32" steel chainring
- 46T gearing
- Fits square taper 108mm bottom bracket
- Cold-forged alloy crank arms, silver or black finish

MTB PRO or COMP 170/175mm
- 104/64mm BCD triple steel chainrings
- 44T/32T/22T gearing, designed for indexed shifting
- Fits square taper 118mm bottom bracket
- Cold-forged alloy crank arms, black finish

CHAINRINGS: QUALITY, AFFORDABLE VALUE

Vuelta is the leader in manufacturing replacement chainrings for most road and mountain bikes. We design and CNC machine all of our chainrings here in the U.S.A. to ensure that quality and performance is always the best – while still keeping prices affordable. Our SE Plus chainrings are made from 7075-T6 aircraft aluminum and are ramped and pinned for indexed drivetrains up to nine speeds. They are also the most affordable high-quality American-made replacement performance rings you can buy. Our SE Flat chainrings are made from 6061-T6 aircraft aluminum and designed for most classic road bikes and earlier model MTBs that don't use indexed shifting.

SE PLUS RAMPED & PINNED CHAINRINGS

Ramped and pinned for great shifting on most indexed drivetrains, and American-made of 7075-T6 aircraft grade aluminum. Available in Black (MTB) or Silver (Road).

5-BOLT COMPACT CHAIN RINGS (58/94MM BCD)

SE Plus	58/BCD	22T*	Black
SE Plus	94/BCD	30T*, 32T*, 42T, 44T, 46T	Black

4-BOLT CHAIN RING (64/104MM BCD)

SE Plus	64/BCD	22T*	Black
SE Plus	104/BCD	32T*, 34T, 42T, 44T	Black

5-BOLT STANDARD CHAIN RING (74/110MM BCD)

SE Plus	74/BCD	24T*	Black
SE Plus	110/BCD	34T, 46T, 48T	Black

5-BOLT ROAD CHAIN RING (130MM BCD)

SE Plus	130/BCD	39T*, 40T*, 42T*, 48T, 50T, 52T, 53T	Silver

* Not ramped and pinned

SE FLAT CHAINRINGS

For that special vintage bike or favorite singlespeed, SE Flat Rings are a great way to improve your bike's performance. Made in U.S.A. of aircraft grade aluminum. Inner 58, 64, 74 are 7075-T6 alloy. Middle and outer are 6061-T6 alloy.

5-BOLT COMPACT CHAINRINGS (58/94MM BCD)

SE	58/BCD	20T, 22T, 24T,	Black or Silver
SE	94/BCD	30T, 32T, 34T, 36T, 38T, 42T, 44T, 46T, 48T	Black or Silver

4-BOLT COMPACT CHAINRINGS (64/104MM BCD)

SE	64/BCD	22T, 24T	Black or Silver
SE	104/BCD	32T, 34T, 36T, 38T, 39T, 40T, 42T, 44T, 46T, 48T	Black or Silver

5-BOLT STANDARD CHAINRINGS (74/110MM BCD)

SE	74/BCD	24T, 26T, 28T, 30T, 32T	Black or Silver
SE	110/BCD	34T, 36T, 38T, 39T, 40T, 42T, 44T, 46T, 48T, 50T, 52T, 54T, 56T, 58T, 60T	Black or Silver

5-BOLT ROAD CHAINRINGS (130MM BCD)

SE	130/BCD	38T, 39T, 40T, 42T, 44T, 46T, 48T, 50T, 52T, 53T, 54T, 55T, 56, 58T, 60T	Silver

5-BOLT CAMPY ROAD CHAINRINGS (135MM BCD)

SE	135/BCD	39T, 42T, 50T, 52T, 53T, 55T	Silver

5-BOLT TRACK/FIXIE CHAIN RING (144MM BCD)

SE	144/BCD	44T, 45T, 46T, 47T, 48T, 49T, 50T	Black
SE	144/BCD	44T, 45T, 46T, 47T, 48T, 49T, 50T	Silver
SE	144/BCD	44T, 45T, 46T, 47T, 48T, 49T, 50T	Blue

HIGH PERFORMANCE CHAINS

Vuelta high-performance chains are manufactured in state-of-the-art facilities. All models have been extensively tested both in the U.S. and around the world where user conditions vary dramatically.

Vuelta chains come packaged in a convenient see-through packaging that allows easy display and handling.

SINGLE SPEED

- Designed for Single Speeds, Cruisers, & Fixies
- Smooth bushingless design
- 1/2 x 1/8", 112 links
- Includes Master link

MASTER LINK

1/2 x 1/8" 2cd
Brown or CP

Q- LINK

5/6/7/8sp 2cd
Brown or Silver

Q-LINK

9sp 2cd
Silver

CHAINRING BOLTS

Vuelta steel fasteners are chrome plated to resist the elements, and they come packaged for BMX/single and five piece for road and mountain applications. Vuelta alloy fasteners are CNC machined from aerospace aluminum alloy for maximum strength, and they come in four great colors. Vuelta alloy Torx fasteners take it to the next level with durable Torx drive, the standard in race cars and airplanes. Our alloy Torx fasteners are made to the lowest tolerances to ensure a solid no-slop installation every time.

STEEL ALLEN HEAD

Chrome Plated
Single Speed/BMX Steel 6mm & double steel chainring bolt set of 5

ALLOY ALLEN HEAD

Black, Silver, Red & Blue
Single Speed/BMX Alloy 6mm & double alloy chainring bolt set of 5

ALLOY TORX HEAD
