BERTRAND'S WORLD-FAMOUS FRONT FORKS

No. 1 Acute Angle. No. 4 is suitable only for Track work. No. 2 is the new **Super Resilient** fork. No. 3 is Bertrand's Special Own Design.

The material used is Reynold's "531" **Double Butted Steel.** Bertrand's own design quick drop-out solid steel ends are used in all cases, and the section is the popular "D" to Round.
