CYCLOPS

CUSTOM MADE FRAMES

ROAD RACING

INDIVIDUAL DESIGN SETS CYCLOPS® ROAD RACING AND CRITERIUM BIKES APART FROM THE REST. WHETHER YOU WANT TO TACKLE THE STEEPEST CLIMB, FEEL SECURE IN THE FASTEST DESCENT, OR BE IN CONTROL IN A TIGHT TURN, OUR RACE EXPERIENCE CAN PROVIDE THE DESIGN FOR YOU.

TIME-TRIAL

ALTHOUGH ROAD RACE BIKES ARE USED BY MANY FOR TIME TRIALS, THE TRUE TIME-TRIALLIST SEEKING HIS "PERSONAL BEST" OR THE TRI-ATHLETE SEEKING THE "EDGE" SHOULD CONSIDER A CYCLOPS® RADICAL DESIGN FRAMESET IN CURVED OR STRAIGHT TUBE CONFIGURATION.

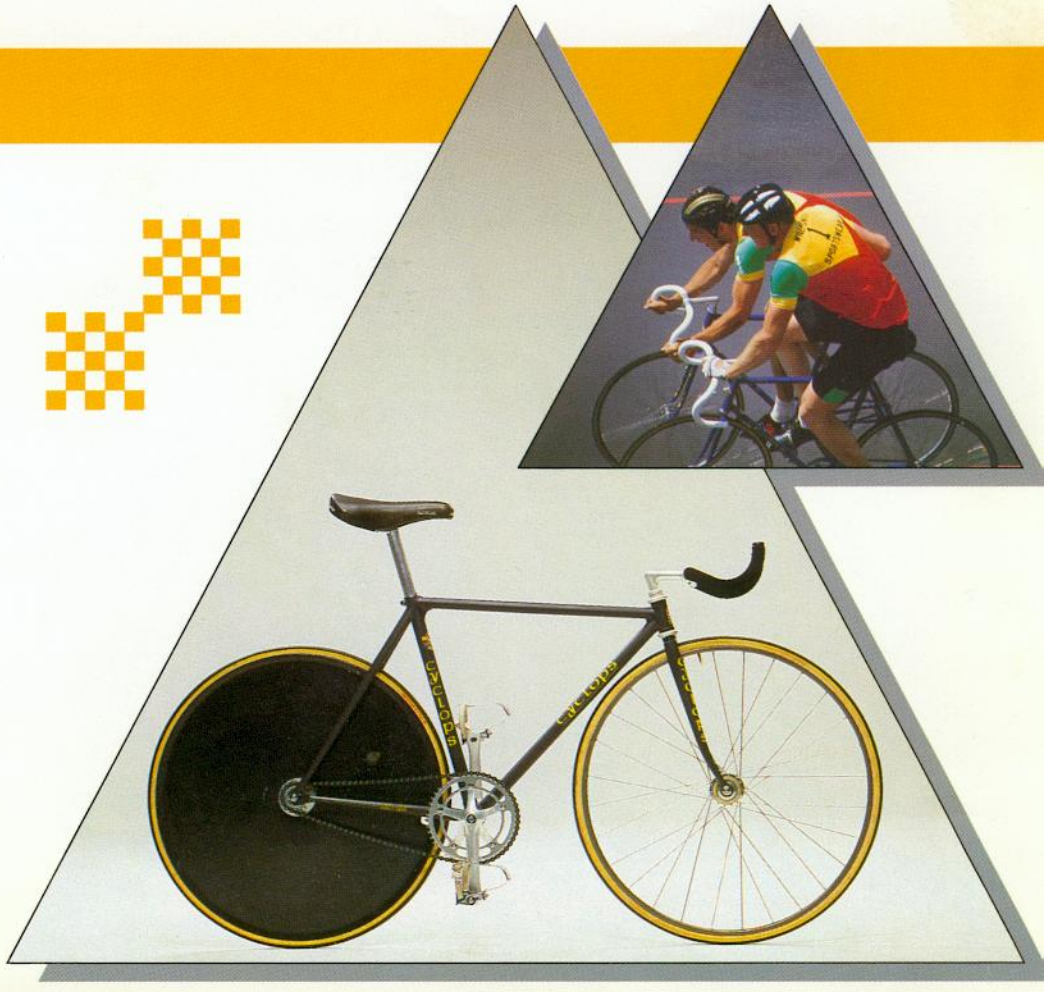

CYCLO-CROSS

CYCLO-CROSS IS THE OFF SEASON KEEP-FIT SPORT FOR MANY EUROPEAN AMATEURS & PROS. CYCLOPS® CYCLO-CROSS BIKES ARE DESIGNED TO BE STRONG, LIGHT IN WEIGHT & MANEUVERABLE OVER VARIOUS TERRAINS.

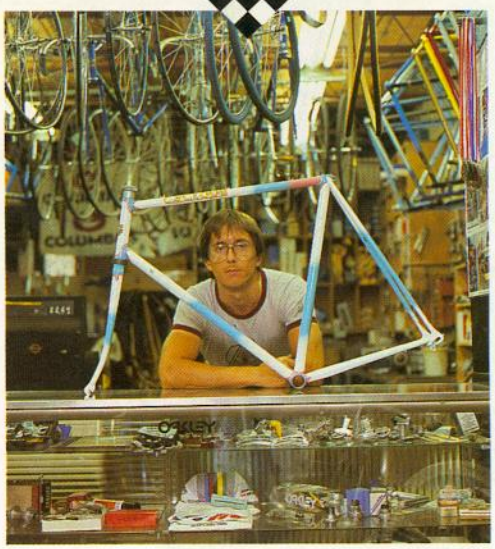

TRACK

SPEED IS THE ESSENCE OF CYCLOPS® TRACK BIKES. THEY ARE AVAILABLE AS SPRINT FRAMES FOR GENERAL PURPOSE TRACK EVENTS OR AS SPECIALTY BIKES FOR KILO OR PURSUIT. CYCLOPS® TRACK BIKES HAVE BEEN RACE-PROVEN BY TEAMS IN THE USA & CANADA.

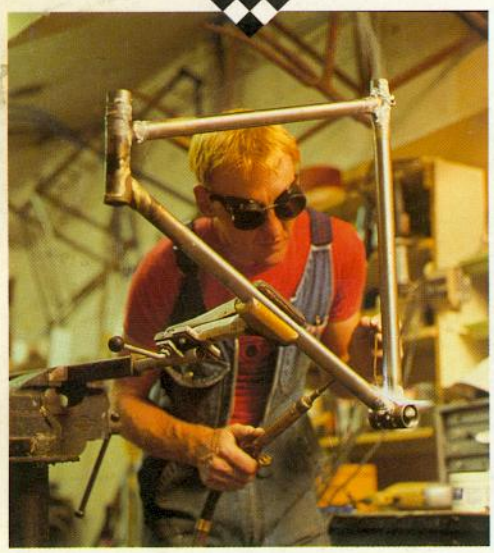

CYCLOPS® FRAMESETS ARE INDIVIDUALLY HAND-CRAFTED BY SKILLED ARTISANS. THEIR LOVE OF RACING & ATTENTION TO DETAIL ARE PRESENT IN ALL STAGES OF FRAME DESIGN & CONSTRUCTION.

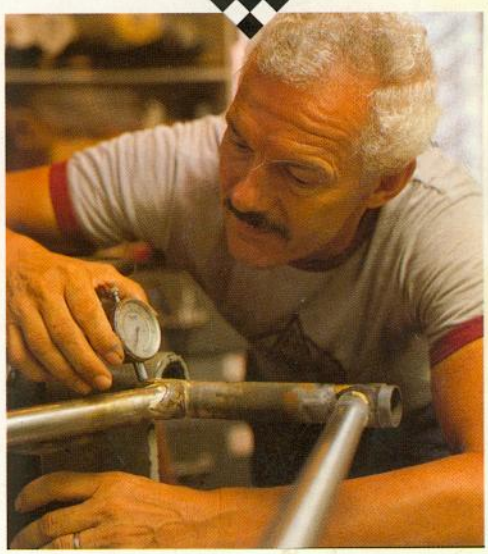

WHETHER YOU CHOOSE A HIGH-GLOSS WET-LOOK FINISH OR A HIGH-TECH FLAT FINISH, BOTH ARE AVAILABLE IN OUR "ENDURA" URETHANE ENAMEL.

THIS FEEL IS BEST DESCRIBED BY ONE OF THE MEMBERS ON THE U.S. NATIONAL CYCLING TEAM. HE SAYS, "COMFORTABLE IN THE LONGEST ROAD RACES, VERY MANEUVERABLE & FAST IN CRITERIUMS. IT'S REALLY STABLE IN THE TIGHTEST TURNS AND CUTS SMOOTHLY WITHOUT DIVING-IN OR DRIFTING OUT OF MY TURNING LINE"!

ALL OUR FRAME JUNCTIONS ARE SILVER-BRAZED WITH A PIN-POINT JEWELLER'S FLAME INSTEAD OF THE PRODUCTION-SHOPS USUAL "FLAME THROWER". THIS TECHNIQUE, AND PRECISION MITERING & FITTING, ENSURES THAT "CYCLOPS®" FRAMESETS RETAIN THEIR FULL TENSILE STRENGTH & IMPARTS THE "CYCLOPS® THOROUGHBRED" FEEL.
