MASI

THE BICYCLE OF GRAND CHAMPIONS

There is a reason for Masi's international reputation. And there is a reason Masi is known as the "Bicycle of Grand Champions". The Masi Gran Criterium has achieved world-wide fame as a superb machine. Quality and performance are second to none. Whether on the road or on the track Masi measures up to the highest in demand now and in future years to come. Masi, a truly outstanding product for the serious cyclist.

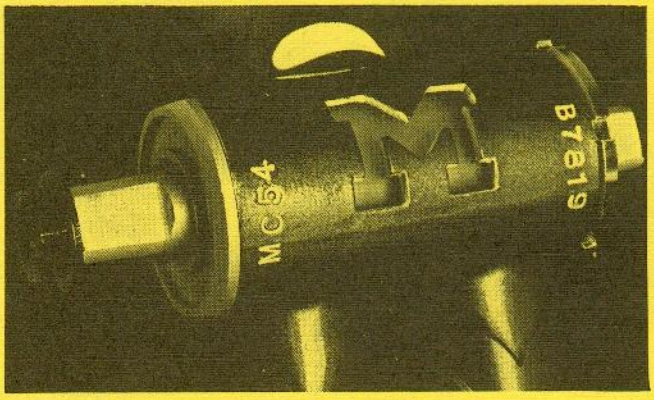

MASI GRAN CRITERIUM FRAMESET

Each Frameset is hand made from the finest materials including Masi's exclusive custom lugs and bottom bracket shell. The frame is built with Reynolds 531 double butted tubing throughout. All filing, joining and testing is performed by traditional hand methods. Painting and decals are of superb quality.

COMPLETE MASI GRAN CRITERIUM BICYCLE

A highly responsive general racing design for road and criterium, which is also very popular among serious recreational riders. It comes equipped with the component group of your choice, such as Campagnolo Nuovo Record or Super Record – An exceptionally clean looking machine which provides the utmost in performance!

BOTTOM BRACKET SHELL

Masi's own unique design bottom bracket shell with cut outs, long point chain stay lugs, and Campagnolo cable guides. Size, serial number and production year are stamped in shell for easy reference.

HEAD TUBE AND FORK CROWN
Head lugs are relieved and cut back to the bare minimum. The fork crown is Cinelli semi-sloped with the highest quality chrome plating.

SEAT LUG
Seat lug is also Masi's original design. This type of seat stay is one of the most difficult and expensive to produce. Cutout atop seat lug is painted in contrasting colors.
