ALL WINDSOR BICYCLES MEET THE FEDERAL CONSUMER PRODUCTS SAFETY COMISSION STANDARDS (C.P.S.C.)

With European styling and precision Italian technology, manufactured en Mexico City plant where over 2,000 dedicated skilled craftsmen make it possible. Windsor provides both the durability and nobility that made Continental Bicycles famous, our high quality components include Campagnolo and Sun Tour derailleurs, Universal and Dia-Compe brakes and Columbus tubing.

Over 500,000 Windsor Bicycles are produced each year in Mexico by skilled craftsmen with over 25 years of experience, linking old world design integrity with new world eficiency.

Windsor's eight models are available at your local bicycle shop where experts - real bike people - will help you choose the model, size, and bicycle style right for your personal needs.
